Division Description Request for Fiscal Year: 2023

Agency: Department of Parks and Recreation 340

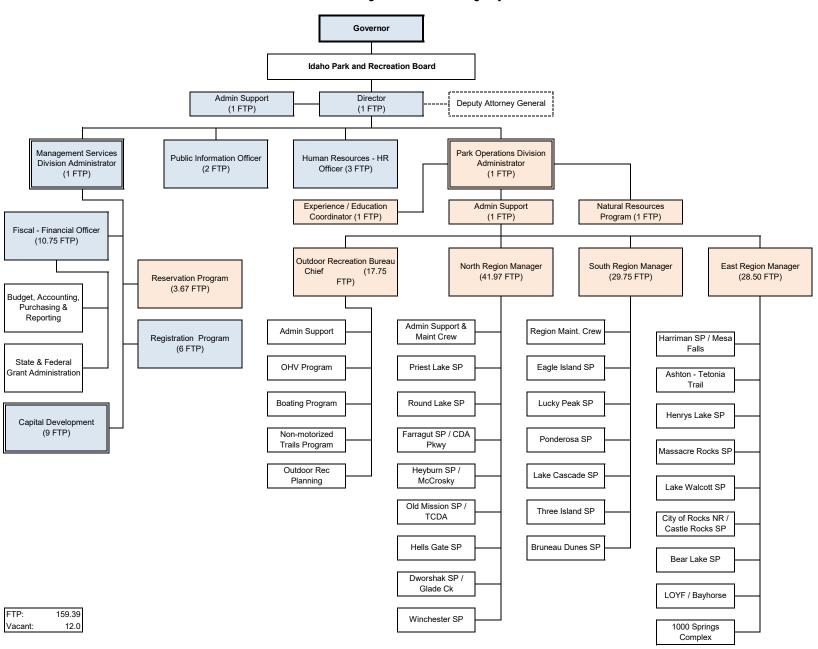

Division: Department of Parks and Recreation PR1

Statutory Authority: Idaho Code 67-4218

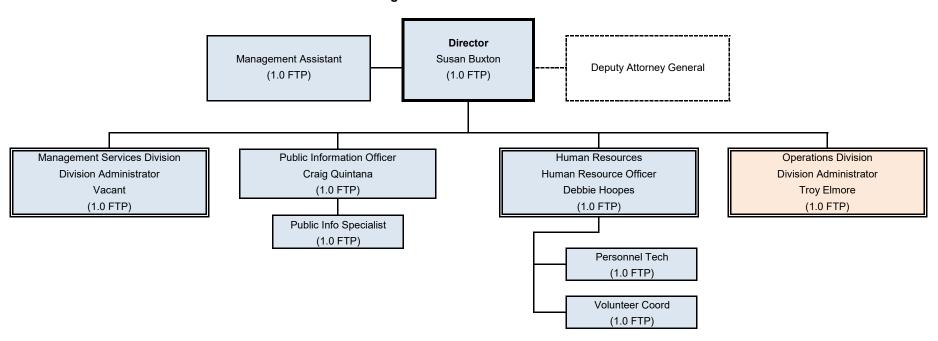

The Department of Parks and Recreation was created by H138 of 1965. Before the creation of the department there existed areas designated scenic and recreational, usually parks and campgrounds. Between 1907 and 1947, these areas were administered by the State Land Board. In 1947, state parks were transferred to the Highway Department, and responsibility grew with the addition of a number of roadside rest areas. In 1949, control of the parks system was transferred back to the State Land Board, and in 1953 the Division of Parks was created within the Department of Lands, administered by a state parks director. The 1965 legislation created a separate Department of Parks and Recreation, governed by a six member board appointed by the Governor.

For the purposes of budgeting, the department is organized into three programs: 1) Management Services includes fiscal support, pass-through grants for recreational programs, planning and development, information technology, registrations, and reservations; 2) Park Operations manages the 30 state parks and trails throughout six regions, and also manages recreational boating, motorized and non-motorized trails programs, and interpretive programs; and 3) Capital Development includes only the capital outlay appropriated for facility maintenance, repair, and construction.

Note:

Agency: Department of Parks and Recreation

340

Fund: Fish & Game Account: License 16000

Sources and Uses:

Proceeds from the sales of hunting and fishing licenses at select park locations. Recorded as revenue in agency 340 fund 0050 and transferred to IDFG. Also, includes revenue collected at the public shooting range at Farragut State Park and transferred to IDFG based on a cooperative cost sharing agreement.

Title Full-time Position Request (11.58 FTP)

| | | General | Dedicated | Federal | Total |
|----------------|----------------------|---------|-----------|---------|--------|
| Personnel Cost | | | | | |
| 500 Employees | | 0 | 14,900 | 0 | 14,900 |
| | Personnel Cost Total | 0 | 14,900 | 0 | 14,900 |
| | | 0 | 14,900 | 0 | 14,900 |

Explain the request and provide justification for the need.

IDPR is requesting a \$676,000 increase to ongoing dedicated fund personnel costs (PC) for the addition of 11.25 FTPs in Operations to support parks at various locations. The request includes 8 FTPs for additional Park Rangers, 2.25 FTPs for Administrative Assistant 1 (AA1) positions, and 1 FTP for a Sr. Maintenance Craftsman (SMC) position. All of these positions are necessary to address staffing needs for customer service and maintenance needs at our parks. Park visitation continues to grow at record pace and the department has determined additional staffing is critically necessary to effectively manage this record number of visitors. The FTPs will be distributed as follows:

8 new rangers will be added to support Land of the Yankee Fork (2), Winchester (0.5) to make a full 1.0 position, Round Lake (0.5) to make a full 1.0 position, Eagle Island (1), Priest Lake (1), Harriman (1), Hells Gate (1), and Bear Lake (1). Park Rangers are responsible for performing a variety of duties, including visitor services, resource protection and grounds and facility maintenance. Typical job duties of the park ranger include public relations; resource and area interpretation and education; natural resource management; park building and grounds maintenance; park and recreation rule compliance and emergency response; hiring, training, and supervising seasonal staff and volunteers, and conflict resolution of visitor and user issues.

2.25 new AA1 positions will be added to support Thousand Springs (1), Dworshak (1), and Three Island (0.25) to make a full 1.0 position. AA1 positions provide primary front office support at our Visitor Centers and are usually the first face our customers see. These positions also provide critical support for collecting and depositing park receipts. selling retail merchandise, and accounts payable processing. The new Visitor Center at Thousand Springs is schedule to open in the fall of 2021 and we do not currently have an AA1 to support that location.

1 SMC position will be added to support Heyburn State Park, specifically for the purpose of operating and maintaining that location's complicated sewer treatment facility.

IDPR is requesting 0.33 FTP and \$14,900 in ongoing personnel appropriation to make an existing .67 FTP Office Specialist 2 position into a full 1.00 FTP. The responsibilities of this position include welcoming the public, ensuring that they are meeting public health requirements to wear a mask and maintains social distancing, cleaning touched services after the customer leaves, fulfilling registrations, answering general questions, stocking and ordering supplies for headquarters staff, stocking and ordering retail items for sale to the public at headquarters, and other general customer service duties. In October 2020, with the COVID public health emergency, the need to reopen public lobbies in state offices, and the implementation of a modernized registration program at IDPR, the Reservations and Registrations unit needed additional staff to greet the public, serve walk-in customers in the lobby to limit possible exposure in other areas of the building, and sanitize surfaces after those customers leave.

Detail any current one-time or ongoing OE or CO and any other future costs.

None

If a supplemental, what emergency is being addressed?

N/A

Describe method of calculation (RFI, market cost, etc.) and contingencies.

All FTPs at 80% of FY 2022 policy rate and corresponding benefit rates per DFM Budget Development Manual, except for the 0.25 FTP AA1 positions which is based on the incumbent rate and the increased variable benefit rate for that position, and the 0.33 FTP OS2 position which is based on the incumbent rate and the increased variable and health benefit rate for that position.

Specify the authority in statute or rule that supports this request.

Sections 67-4222 and 67-4223, Idaho Code.

Provide detail about the revenue assumptions supporting this request.

This request is for an ongoing personnel cost (PC) appropriation of \$690,900 from the dedicated Parks and Recreation Fund (0243). Ongoing revenues from camping activity and increased Passport sales support funding this request (see B-11 and B-12 forms).

Indicate existing base of PC, OE, and/or CO by source for this request.

There is no funding available in the base for this request.

Who is being served by this request and what is the impact if not funded?

This request serves all of IDPR's customers as well as the general population and economy of Idaho. Idaho State Parks host over seven million visitors each year. Keeping the parks open, clean, and safe for visitors is a highly personnel intensive effort. Having the necessary full-time

employee resources is fundamental to our mission, "to improve the quality of life in Idaho through outdoor recreation (park opportunities and experiences) and resource stewardship (natural resource management and park and facility maintenance)". With these new positions, IDPR will have the ability to continue to ensure that visitors to these parks are provided a safe and quality recreation experience and that park resources are maintained and operated in a healthy and sustainable manner. If this request is not funded, it will be difficult for IDPR to keep up with the growing number of visitors, and all the demands they bring to these locations.

What resources are necessary to implement this request?

See below.

List positions, pay grades, full/part-time status, benefits, terms of service.

8.0 FTP park and recreation ranger, pay grade J, full-time with benefits, anticipated start date of July 1, 2022. 2.25 FTP administrative assistant 1, pay grade H, full-time with benefits, anticipated start date of July 1, 2022. 1.0 FTP Sr. Maintenance Craftsman, pay grade H, full-time with benefits, anticipated start date of July 1, 2022.

0.33 FTP Office Specialist 2, pay grade G, full-time with benefits, anticipated start date of July 1, 2022.

Will staff be re-directed? If so, describe impact and show changes on org chart.

These positions will be integrated into the existing management structure.

General **Dedicated Federal Total** Personnel Cost 500 Employees 0 57,400 0 57,400 Personnel Cost Total 0 57.400 0 57.400 0 57.400 0 57,400

PC Equity Increase

Explain the request and provide justification for the need.

12.02

IDPR is requesting \$227,400 in ongoing dedicated funds to raise certain targeted job classifications an additional 2% to 3%. Current pay rates for certain job classifications, including but not limited to, Park Rangers, Park Managers, Administrative Assistants, and Financial positions were identified as an equity, recruitment and retention issue by both IDPR hiring managers and the IDPR Board. Despite incremental increases and CEC over the past few years, these positions still fall well below the average for similar pay grades in the state. We intend to critically evaluate the actual classifications and determine eligibility along with our FY 2023 CEC plan.

Detail any current one-time or ongoing OE or CO and any other future costs.

Descriptive

Title

None.

If a supplemental, what emergency is being addressed?

N/A

Describe method of calculation (RFI, market cost, etc.) and contingencies.

The basis for the request is an estimate of the classifications and positions below the state average for the equivalent pay grade, using data from our FY 2022 CEC plan.

Specify the authority in statute or rule that supports this request.

Sections 67-4222 and 67-4223, Idaho Code.

Provide detail about the revenue assumptions supporting this request.

This request is for an ongoing Personnel Cost (PC) appropriation of \$227,400 from the dedicated Parks and Recreation Fund (0243). Ongoing revenues from camping activity and increased Passport sales support funding this request (see B-11 and B-12 forms).

Indicate existing base of PC, OE, and/or CO by source for this request.

There is no funding available in the base for this request.

Who is being served by this request and what is the impact if not funded?

This funding corrects an equity imbalance with the agency job classifications relative to other positions within equivalent statewide pay grades. It is critical to assist the department with its recruitment and retention efforts and is consistent with our long-standing Strategic Plan objectives.

What resources are necessary to implement this request?

See below.

List positions, pay grades, full/part-time status, benefits, terms of service.

No additional positions are being requested. If approved, the department will increase each eligible classification salary by 2% to 3% conjunction with our FY 2023 CEC plan. Detailed analysis of eligible classifications will be reviewed and submitted closer to implementation.

Will staff be re-directed? If so, describe impact and show changes on org chart.

None.

Dedicated Federal General **Total** Operating Expense 590 Computer Services 0 250,000 0 250,000 Operating Expense Total 0 250 000 0 250.000 0 250,000 0 250,000

Reservation - Registration Program Transaction Costs

Explain the request and provide justification for the need.

12.05

IDPR is requesting \$500,000 in ongoing dedicated fund operating expenditure (OE) appropriation for additional transaction costs associated with our Aspira Reservation / Registration Program service contract. This request is split between Management Services (\$250,000) for registration sticker sales, and Operations (\$250,000) for campground reservations.

For campground reservations, Aspira charges a transaction fee for each reservation, cancellation, or modification made. We realized a record number of park visitors in 2020 and record number of campground reservations in December of 2020 for the 2021 camping season. Additional ongoing appropriation is needed to pay for the transaction fees associated with this increase in reservation activity. A total of 75,500 reservations were made in FY 2021 which represents a 54% increase over 49,000 reservations made in FY 2020. This increase in reservation activity is driven by population growth, a renewed popularity of outdoor recreation which has been widely publicized, and a significant shift from walk-in activity to reserved campsites. More people are camping and more people are wanting to reserve a guaranteed spot.

For registration sticker sales, since the implementation of the new Aspria functionality for processing all of the snowmobile, OHV, boat, and invasive species stickers, the volume of customers purchasing these stickers online, via credit card payment, has increased over 50%. For FY 2021, the total 454,900 registration sticker transactions was an increase of 68,000 stickers (17%) over the previous sticker year sales.

Detail any current one-time or ongoing OE or CO and any other future costs.

Descriptive

Title

None

If a supplemental, what emergency is being addressed?

N/A

Describe method of calculation (RFI, market cost, etc.) and contingencies.

The basis for the request is supported by historical transaction fees paid to our Aspira program vendor and a projection of anticipated activity for both camping and registration sticker sales proportional to Idaho's population growth.

Specify the authority in statute or rule that supports this request.

Sections 67-4222 and 67-4223, Idaho Code.

Provide detail about the revenue assumptions supporting this request.

This request is for an ongoing operating expenditure (OE) appropriation of \$250,,000 from the dedicated Parks and Recreation Fund (0243), and \$250,000 from the dedicated Parks and Recreation Administration Fund (0243.02). Ongoing revenues from camping activity and increased registration sticker sales support funding this request (see B-11 and B-12 forms).

Indicate existing base of PC, OE, and/or CO by source for this request.

The base OE appropriation for the Reservation Program was \$1,000,000 in FY 2021 and FY 2022. It was last increased by \$275,000 in FY 2021.

The base OE appropriation for the Registration Program was \$796,600 in FY 2022 and was last increased by \$100,000 in FY 2022.

Who is being served by this request and what is the impact if not funded?

This request serves all of IDPR's customers as well as the general population and economy of Idaho. Idaho State Parks host over seven million visitors each year. The majority of these visitors reserve a campsite through our third party vendor reservation system. The reservation system serves as our front line accounting system and is responsible for the collection and processing of over \$10 million in camping fees and retail sales annually. The increase in reservation transactions increases the amount due under the current contract. If this request is not funded, we will not have enough budget to pay for the contract fees.

The registration program is funded through the sale of certificates of number, user certificates, and permits. The funds from these sales are used to maintain access to recreation for boaters, snowmobilers, OHV riders, and cross-country skiers throughout the state. IDPR has transitioned from an antiquated system based on triplicate forms to a modern software application service that includes a call center, data security, and on-line sales. As requested by our recreation community, IDPR has maintained the ability for customers to purchase from county DMVs, local retail vendor, online, and through IDPR offices and parks. If this request is not funded, IDPR may need to scale back on the number of sales channels available and customer phone support.

What resources are necessary to implement this request?

See below.

List positions, pay grades, full/part-time status, benefits, terms of service.

None.

Will staff be re-directed? If so, describe impact and show changes on org chart.

None.

Development Bureau Truck and OE

Explain the request and provide justification for the need.

12 09

IDPR is requesting \$15,000 in on-going dedicated fund operating expenditures (OE), and \$29,000 for one-time dedicated fund capital outlay (CO) for the South Region Construction Manager position truck. Since the FY2019 budget cycle, the IDPR Development Bureau has grown by 3 FTP's, which is 2 regional Construction Managers and 1 Design Professional. Their positions require traveling to our remote job locations to ensure contractor compliance and the plans and specifications are being adhered to. In FY2021, the Development team invested almost \$9 million in infrastructure projects for the parks. Their normal job function is to be in the field as much as needed. The development truck is needed to have a dedicated vehicle for the South Region Construction Manager. Additional OE is needed for these positions to support our construction projects.

Detail any current one-time or ongoing OE or CO and any other future costs.

Descriptive

Title

None.

If a supplemental, what emergency is being addressed?

N/A

Describe method of calculation (RFI, market cost, etc.) and contingencies.

The basis for the request is an estimate of additional OE needs and historical truck acquisition costs.

Specify the authority in statute or rule that supports this request.

Sections 67-4222 and 67-4223, Idaho Code.

Provide detail about the revenue assumptions supporting this request.

This request is for an ongoing OE appropriation of \$15,000, and a one-time CO appropriation of \$29,000, both from the dedicated Parks and Recreation Fund (0243). The request is supported by ongoing revenue projections (see forms B-11 and B-12).

Indicate existing base of PC, OE, and/or CO by source for this request.

The Development Bureau consists of 9 FTP's. This increase is operational costs will help with the team's normal job duties where traveling to the job site is necessary. In addition, the vehicle is needed so the South Region CM does not need to use a pool vehicle, and take away from other Headquarters staff.

Who is being served by this request and what is the impact if not funded?

The IDPR Development Bureau will be served by this request. The aging infrastructure as well as increase in staff since the operating budget was set in 2019 has necessitated this request.

What resources are necessary to implement this request?

See below.

List positions, pay grades, full/part-time status, benefits, terms of service.

None

Will staff be re-directed? If so, describe impact and show changes on org chart.

None

| | | 0 | 675,962 | 0 | 675,962 |

Explain the request and provide justification for the need.

IDPR is requesting a \$676,000 increase to ongoing dedicated fund personnel costs (PC) for the addition of 11.25 FTPs in Operations to support parks at various locations. The request includes 8 FTPs for additional Park Rangers, 2.25 FTPs for Administrative Assistant 1 (AA1) positions, and 1 FTP for a Sr. Maintenance Craftsman (SMC) position. All of these positions are necessary to address staffing needs for customer service and maintenance needs at our parks. Park visitation continues to grow at record pace and the department has determined additional staffing is critically necessary to effectively manage this record number of visitors. The FTPs will be distributed as follows:

8 new rangers will be added to support Land of the Yankee Fork (2), Winchester (0.5) to make a full 1.0 position, Round Lake (0.5) to make a full 1.0 position, Eagle Island (1), Priest Lake (1), Harriman (1), Hells Gate (1), and Bear Lake (1). Park Rangers are responsible for performing a variety of duties, including visitor services, resource protection and grounds and facility maintenance. Typical job duties of the park ranger include public relations; resource and area interpretation and education; natural resource management; park building and grounds maintenance; park and recreation rule compliance and emergency response; hiring, training, and supervising seasonal staff and volunteers, and conflict resolution of visitor and user issues.

2.25 new AA1 positions will be added to support Thousand Springs (1), Dworshak (1), and Three Island (0.25) to make a full 1.0 position. AA1 positions provide primary front office support at our Visitor Centers and are usually the first face our customers see. These positions also provide critical support for collecting and depositing park receipts, selling retail merchandise, and accounts payable processing. The new Visitor Center at Thousand Springs is schedule to open in the fall of 2021 and we do not currently have an AA1 to support that location.

1 SMC position will be added to support Heyburn State Park, specifically for the purpose of operating and maintaining that location's complicated sewer treatment facility.

IDPR is requesting 0.33 FTP and \$14,900 in ongoing personnel appropriation to make an existing .67 FTP Office Specialist 2 position into a full 1.00 FTP. The responsibilities of this position include welcoming the public, ensuring that they are meeting public health requirements to wear a mask and maintains social distancing, cleaning touched services after the customer leaves, fulfilling registrations, answering general questions, stocking and ordering supplies for headquarters staff, stocking and ordering retail items for sale to the public at headquarters, and other general customer service duties. In October 2020, with the COVID public health emergency, the need to reopen public lobbies in state offices, and the implementation of a modernized registration program at IDPR, the Reservations and Registrations unit needed additional staff to greet the public, serve walk-in customers in the lobby to limit possible exposure in other areas of the building, and sanitize surfaces after those customers leave.

Detail any current one-time or ongoing OE or CO and any other future costs.

None.

If a supplemental, what emergency is being addressed?

Describe method of calculation (RFI, market cost, etc.) and contingencies.

All FTPs at 80% of FY 2022 policy rate and corresponding benefit rates per DFM Budget Development Manual, except for the 0.25 FTP AA1 positions which is based on the incumbent rate and the increased variable benefit rate for that position, and the 0.33 FTP OS2 position which is based on the incumbent rate and the increased variable and health benefit rate for that position.

Specify the authority in statute or rule that supports this request.

Sections 67-4222 and 67-4223. Idaho Code.

Provide detail about the revenue assumptions supporting this request.

This request is for an ongoing personnel cost (PC) appropriation of \$690,900 from the dedicated Parks and Recreation Fund (0243). Ongoing revenues from camping activity and increased Passport sales support funding this request (see B-11 and B-12 forms).

Indicate existing base of PC, OE, and/or CO by source for this request.

There is no funding available in the base for this request.

Who is being served by this request and what is the impact if not funded?

This request serves all of IDPR's customers as well as the general population and economy of Idaho. Idaho State Parks host over seven million visitors each year. Keeping the parks open, clean, and safe for visitors is a highly personnel intensive effort. Having the necessary full-time employee resources is fundamental to our mission, "to improve the quality of life in Idaho through outdoor recreation (park opportunities and experiences) and resource stewardship (natural resource management and park and facility maintenance)". With these new positions, IDPR will have the ability to continue to ensure that visitors to these parks are provided a safe and quality recreation experience and that park resources are maintained and operated in a healthy and sustainable manner. If this request is not funded, it will be difficult for IDPR to keep up with the growing number of visitors, and all the demands they bring to these locations.

What resources are necessary to implement this request?

See below.

List positions, pay grades, full/part-time status, benefits, terms of service.

8.0 FTP park and recreation ranger, pay grade J, full-time with benefits, anticipated start date of July 1, 2022. 2.25 FTP administrative assistant 1, pay grade H, full-time with benefits, anticipated start date of July 1, 2022. 1.0 FTP Sr. Maintenance Craftsman, pay grade H, full-time with benefits, anticipated start date of July 1, 2022.

0.33 FTP Office Specialist 2, pay grade G, full-time with benefits, anticipated start date of July 1, 2022.

Will staff be re-directed? If so, describe impact and show changes on org chart.

These positions will be integrated into the existing management structure.

General **Dedicated Federal Total** Personnel Cost 500 Employees 0 170,000 0 170,000 Personnel Cost Total 0 170.000 0 170.000 0 170,000 0 170,000

PC Equity Increase

Explain the request and provide justification for the need.

12.02

IDPR is requesting \$227,400 in ongoing dedicated funds to raise certain targeted job classifications an additional 2% to 3%. Current pay rates for certain job classifications, including but not limited to, Park Rangers, Park Managers, Administrative Assistants, and Financial positions were identified as an equity, recruitment and retention issue by both IDPR hiring managers and the IDPR Board. Despite incremental increases and CEC over the past few years, these positions still fall well below the average for similar pay grades in the state. We intend to critically evaluate the actual classifications and determine eligibility along with our FY 2023 CEC plan.

Detail any current one-time or ongoing OE or CO and any other future costs.

Descriptive

Title

None.

If a supplemental, what emergency is being addressed?

N/A

Describe method of calculation (RFI, market cost, etc.) and contingencies.

The basis for the request is an estimate of the classifications and positions below the state average for the equivalent pay grade, using data from our FY 2022 CEC plan.

Specify the authority in statute or rule that supports this request.

Sections 67-4222 and 67-4223, Idaho Code.

Provide detail about the revenue assumptions supporting this request.

This request is for an ongoing Personnel Cost (PC) appropriation of \$227,400 from the dedicated Parks and Recreation Fund (0243). Ongoing revenues from camping activity and increased Passport sales support funding this request (see B-11 and B-12 forms).

Indicate existing base of PC, OE, and/or CO by source for this request.

There is no funding available in the base for this request.

Who is being served by this request and what is the impact if not funded?

This funding corrects an equity imbalance with the agency job classifications relative to other positions within equivalent statewide pay grades. It is critical to assist the department with its recruitment and retention efforts and is consistent with our long-standing Strategic Plan objectives.

What resources are necessary to implement this request?

See below.

List positions, pay grades, full/part-time status, benefits, terms of service.

No additional positions are being requested. If approved, the department will increase each eligible classification salary by 2% to 3% conjunction with our FY 2023 CEC plan. Detailed analysis of eligible classifications will be reviewed and submitted closer to implementation.

Will staff be re-directed? If so, describe impact and show changes on org chart.

None.

General **Dedicated Federal Total** Operating Expense 578 Repair & Maintenance 0 100,000 0 100,000 660 Utilities 0 300.000 0 300.000 Operating Expense Total 0 400.000 0 400,000 n 400,000 0 400,000

Increase in Base Operating Expenditures - Parks Statewide

Explain the request and provide justification for the need.

12 03

IDPR is requesting a \$400,000 increase in ongoing dedicated fund operating expenditures (OE) for park operations. This request is necessary to provide additional OE budget for all state parks in order to meet rising utility costs and the increased maintenance needs arising from increased visitation. State park visitation continues to increase and creates additional maintenance needs. Combined visitors (campers and day use) reached a record 7.7 million in calendar year 2020 - a 19% increase over 2019. Utility costs, especially electricity, water, sewer and waste collection also continue to rise. Total utility costs in FY 2021 were over \$1,127,700 which represents a 15.2% increase from FY 2019.

Detail any current one-time or ongoing OE or CO and any other future costs.

Descriptive

Title

None

If a supplemental, what emergency is being addressed?

N/A

Describe method of calculation (RFI, market cost, etc.) and contingencies.

The basis for the request is an estimate of operations staff based on recent (FY 2021) historical actual expenditures and projections of near-term future needs.

Specify the authority in statute or rule that supports this request.

Sections 67-4222 and 67-4223, Idaho Code.

Provide detail about the revenue assumptions supporting this request.

This request is for an ongoing increase to OE appropriation of \$400,000. \$300,000 from the dedicated Parks and Recreation Fund (0243) and \$100,000 from the dedicated Public Recreation Enterprise Fund (0410.01). These funds comprise approximately 50% of the department's park operations OE. Ongoing revenues from camping activity, increased Passport sales, and retail sales activity support funding this request (see B-11 and B-12 forms).

Indicate existing base of PC, OE, and/or CO by source for this request.

The base OE appropriation for park operations was \$5,408,700 in FY 2022. It was last increased by \$140,000 in FY 2021, but the subsequent general fund hold back in FY 2021 negatively impacted our ability to allocate the approved increase until FY 2022. The FY 2021 approved increase is a 2.6% increase to the base, yet utility costs have climbed over 15% since that request was approved.

Who is being served by this request and what is the impact if not funded?

This request serves all of IDPR's customers as well as the general population and economy of Idaho. Idaho State Parks host over five million visitors each year. Keeping the parks open, clean, and safe for visitors requires an ongoing commitment to basic maintenance services and supplies. Park managers rely on their OE budget allocation to ensure basic maintenance and park appearance meets the expectation of our visitors. If not funded, park managers will continue to defer minor maintenance projects which may reduce the safety and the quality of experience for our visitors.

What resources are necessary to implement this request?

See below.

List positions, pay grades, full/part-time status, benefits, terms of service.

None.

Will staff be re-directed? If so, describe impact and show changes on org chart.

None.

Title General **Dedicated Federal Total** Personnel Cost 500 Employees 0 300,000 0 300,000 Personnel Cost Total 0 300.000 0 300.000 0 300.000 0 300.000

Increase in Base Seasonal (Group) Position PC - Parks

Explain the request and provide justification for the need.

12 04

IDPR is requesting an \$300,000 increase to ongoing dedicated fund personnel costs (PC) for seasonal (group) positions supporting the statewide park system. Additional seasonal hours and higher wages are needed across all state parks to meet increased demands in park maintenance, fee collection, off-season availability and service offerings. State park visitation continues to increase and creates additional maintenance needs. Combined visitors (campers and day use) reached a record 7.7 million in calendar year 2020 - a 19% increase over 2019. Seasonal staff provide grounds and building maintenance, fee collection and visitor information services. This request will provide approximately 27,000 hours of seasonal staffing across 23 different state parks, as well as wage rates of up to \$15 per hour where needed to attract and retain seasonal staff.

Detail any current one-time or ongoing OE or CO and any other future costs.

Descriptive

None

If a supplemental, what emergency is being addressed?

N/A

Describe method of calculation (RFI, market cost, etc.) and contingencies.

The basis for the request is an estimate of operations staff based an increase 27,000 hours and wage rates from \$10 to \$15 per hour.

Specify the authority in statute or rule that supports this request.

Sections 67-4222 and 67-4223, Idaho Code.

Provide detail about the revenue assumptions supporting this request.

This request is for an ongoing personnel cost (PC) appropriation of \$300,000 from the dedicated Parks and Recreation Fund (0243). This fund comprises approximately 50% of the department's total seasonal PC budget, however this is the only dedicated fund with revenue growth sufficient to support the request. Ongoing revenues from camping activity and increased Passport sales support funding this request (see B-11 and B-12 forms).

Indicate existing base of PC, OE, and/or CO by source for this request.

The base seasonal PC appropriation for parks was \$2,338,800 in FY 2022. It was last increased by \$81,000 in FY 2021, but the subsequent general fund hold back in FY 2021 negatively impacted our ability to allocate the approved increase until FY 2022.

Who is being served by this request and what is the impact if not funded?

This request serves all of IDPR's customers as well as the general population and economy of Idaho. Idaho State Parks host over seven million visitors each year. Keeping the parks open, clean, and safe for visitors is a highly personnel intensive effort. Many of the basic services essential to a high quality visitor experience are provided by seasonal staff. Additionally, the department's strategic plan objective to recruit and retain top employee talent extends to seasonal staff. This request is responsive to a specific task related to that objective. More hours and better wages for seasonal staff will increase job satisfaction, improve customer service and provide for a greater tax base for the economy. If not funded, the department will be unable to complete this strategic plan objective, and will continue to struggle with the challenges associated with increased visitation in our parks.

What resources are necessary to implement this request?

See below.

List positions, pay grades, full/part-time status, benefits, terms of service.

Temporary seasonal (group) park aides \$10 to \$15 per hour. If approved, the department will increase park seasonal PC budget allocations effective FY 2023 (July 1, 2022).

Will staff be re-directed? If so, describe impact and show changes on org chart.

None.

Dedicated Federal General **Total** Operating Expense 590 Computer Services 0 250,000 0 250,000 Operating Expense Total 0 250 000 0 250.000 0 250,000 0 250.000

Reservation - Registration Program Transaction Costs

Explain the request and provide justification for the need.

12.05

IDPR is requesting \$500,000 in ongoing dedicated fund operating expenditure (OE) appropriation for additional transaction costs associated with our Aspira Reservation / Registration Program service contract. This request is split between Management Services (\$250,000) for registration sticker sales, and Operations (\$250,000) for campground reservations.

For campground reservations, Aspira charges a transaction fee for each reservation, cancellation, or modification made. We realized a record number of park visitors in 2020 and record number of campground reservations in December of 2020 for the 2021 camping season. Additional ongoing appropriation is needed to pay for the transaction fees associated with this increase in reservation activity. A total of 75,500 reservations were made in FY 2021 which represents a 54% increase over 49,000 reservations made in FY 2020. This increase in reservation activity is driven by population growth, a renewed popularity of outdoor recreation which has been widely publicized, and a significant shift from walk-in activity to reserved campsites. More people are camping and more people are wanting to reserve a guaranteed spot.

For registration sticker sales, since the implementation of the new Aspria functionality for processing all of the snowmobile, OHV, boat, and invasive species stickers, the volume of customers purchasing these stickers online, via credit card payment, has increased over 50%. For FY 2021, the total 454,900 registration sticker transactions was an increase of 68,000 stickers (17%) over the previous sticker year sales.

Detail any current one-time or ongoing OE or CO and any other future costs.

Descriptive

Title

None

If a supplemental, what emergency is being addressed?

N/A

Describe method of calculation (RFI, market cost, etc.) and contingencies.

The basis for the request is supported by historical transaction fees paid to our Aspira program vendor and a projection of anticipated activity for both camping and registration sticker sales proportional to Idaho's population growth.

Specify the authority in statute or rule that supports this request.

Sections 67-4222 and 67-4223, Idaho Code.

Provide detail about the revenue assumptions supporting this request.

This request is for an ongoing operating expenditure (OE) appropriation of \$250,,000 from the dedicated Parks and Recreation Fund (0243), and \$250,000 from the dedicated Parks and Recreation Administration Fund (0243.02). Ongoing revenues from camping activity and increased registration sticker sales support funding this request (see B-11 and B-12 forms).

Indicate existing base of PC, OE, and/or CO by source for this request.

The base OE appropriation for the Reservation Program was \$1,000,000 in FY 2021 and FY 2022. It was last increased by \$275,000 in FY 2021.

The base OE appropriation for the Registration Program was \$796,600 in FY 2022 and was last increased by \$100,000 in FY 2022.

Who is being served by this request and what is the impact if not funded?

This request serves all of IDPR's customers as well as the general population and economy of Idaho. Idaho State Parks host over seven million visitors each year. The majority of these visitors reserve a campsite through our third party vendor reservation system. The reservation system serves as our front line accounting system and is responsible for the collection and processing of over \$10 million in camping fees and retail sales annually. The increase in reservation transactions increases the amount due under the current contract. If this request is not funded, we will not have enough budget to pay for the contract fees.

The registration program is funded through the sale of certificates of number, user certificates, and permits. The funds from these sales are used to maintain access to recreation for boaters, snowmobilers, OHV riders, and cross-country skiers throughout the state. IDPR has transitioned from an antiquated system based on triplicate forms to a modern software application service that includes a call center, data security, and on-line sales. As requested by our recreation community, IDPR has maintained the ability for customers to purchase from county DMVs, local retail vendor, online, and through IDPR offices and parks. If this request is not funded, IDPR may need to scale back on the number of sales channels available and customer phone support.

Eagle Island Campground

| | | General | Dedicated | Federal | Total | |
|----------------------|----------------------|---------|-----------|-----------|-----------|--|
| Capital Outlay | | | | | | |
| 713 Site Development | | 0 | 3,700,000 | 3,700,000 | 7,400,000 | |
| | Capital Outlay Total | 0 | 3,700,000 | 3,700,000 | 7,400,000 | |
| | | 0 | 3,700,000 | 3,700,000 | 7,400,000 | |

Explain the request and provide justification for the need.

IDPR is requesting \$3,700,000 in one-time dedicated funds and \$3,700,000 in one-time federal for the construction of a new 50 unit RV campground at Eagle Island State Park (EISP). EISP is the department's most metropolitan park sitting in the center of the Treasure Valley. For the past couple years, staff has been working with the City and Sewer District to provide water and sewer services. IDPR is annexed into the City of Eagle's water service area, and, as of June 2021, EISP is now annexed into the local Sewer District. This one-time spending authority approval would allow IDPR to construct a full-service, 50 unit campground to include, water, sewer, power, landscaping and roadwork. This project is the highest priority project for IDPR in FY2023 and will bring revenue to the agency once fully constructed.

Detail any current one-time or ongoing OE or CO and any other future costs.

In FY 2024, or near the completion of the project, we anticipate additional ongoing PC and OE will be necessary to support this project. Additional park staff will be necessary to manage a year-round campground and additional operating expenditures will be realized for utilities (water, sewer, and electricity) and maintenance.

If a supplemental, what emergency is being addressed?

N/A

Describe method of calculation (RFI, market cost, etc.) and contingencies.

Our professional development staff estimated costs based on historical prices for similar projects.

Specify the authority in statute or rule that supports this request.

Sections 67-4222 and 67-4223, Idaho Code.

Provide detail about the revenue assumptions supporting this request.

This request is for a one-time capital outlay appropriation of \$3,700,000 from the dedicated Recreational Vehicle Fund (0250.05) and \$3,700,000 from the Federal Fund (0348). IDPR will apply for grants from the RV Fund Grant Program and the Land and Water Conservation Fund State Assistance Program to fund this project. This campground will provide overnight capacity at the park, allowing for increased visitation and park generated revenues. We conservatively estimate new revenue of \$369,000 annually from campsite rentals. Additional revenue will be realized through ancillary services and retail sales.

Indicate existing base of PC, OE, and/or CO by source for this request.

There is no funding in the base for this construction project.

Who is being served by this request and what is the impact if not funded?

This request serves all of IDPR's customers as well as the general population and economy of Idaho. The addition of 50 overnight campground spaces will also provide a much needed dedicated revenue stream to Eagle Island State Park. The addition of this campground is expected to bring an additional 22,500 visitors to the Treasure Valley area. Based on the economic study conducted by Boise State University for IDPR, this increase in visitors will result in increased employment, labor income, and the production of good and services. If the request is not funded, IDPR and Idaho will miss out on significant revenue and economic benefits. Development of Eagle Island State Park will remain on hold due to limitations of the existing water and sewer infrastructure.

What resources are necessary to implement this request?

See below.

List positions, pay grades, full/part-time status, benefits, terms of service.

None.

Will staff be re-directed? If so, describe impact and show changes on org chart.

None.

Ponderosa / Lake Cascade Utility Buildings

Explain the request and provide justification for the need.

12.07

IDPR is requesting \$300,000 in one-time general fund capital outlay (CO) for utility storage buildings at Ponderosa and Lake Cascade State Parks. In 2018, IDPR completed construction and began renting 4 new cabins in Ponderosa State Park. The new cabins have overloaded the parks cleaning and storage capacity, which may be losing revenue for the agency. At Lake Cascade, the increase in park usage has created the need to build indoor storage for their capital equipment (mowers, vehicles, etc.). Utilities for both parks are near where the buildings may go. Due to the proximity of the Parks to each other, it is ideal to build similar structures as a cost effective approach.

Detail any current one-time or ongoing OE or CO and any other future costs.

Descriptive

Title

None.

If a supplemental, what emergency is being addressed?

N/A

Describe method of calculation (RFI, market cost, etc.) and contingencies.

Our professional development staff estimated costs based on historical prices for similar structures. The basic design includes pre-engineered steel buildings of approximately 1,000 square feet. Total cost of approximately \$150 per square foot for design, site improvements, and installation.

Specify the authority in statute or rule that supports this request.

Sections 67-4222 and 67-4223, Idaho Code.

Provide detail about the revenue assumptions supporting this request.

This request is for a one-time capital outlay appropriation of \$300,000 from the dedicated Recreational Fuel Tax Capital Improvement Fund (0247.01). Ongoing fuels tax transfers from the Idaho State Tax Commission support funding this request (see form B-12).

Indicate existing base of PC, OE, and/or CO by source for this request.

There is no funding in the base for this construction project.

Who is being served by this request and what is the impact if not funded?

This request serves all of IDPR's customers as well as the general population and economy of Idaho. Idaho State Parks host over seven million visitors each year. Keeping the parks open, clean, and safe for visitors requires an ongoing commitment to basic maintenance services and supplies. Construction of these utility buildings will help these parks keep up with the maintenance demands of the parks, including their ability to safely store supplies, linens, and maintenance equipment. If this request is not funded, the parks will continue to be challenged for adequate storage space.

What resources are necessary to implement this request?

See below.

List positions, pay grades, full/part-time status, benefits, terms of service.

None.

Will staff be re-directed? If so, describe impact and show changes on org chart.

Bear Lake Vault Toilets

Explain the request and provide justification for the need.

12.08

IDPR is requesting \$150,000 in one-time dedicated fund capital outlay (CO) for two (2) new vault toilets to be constructed in the East Beach Day Use Area. In Fall 2020, IDPR received CARES Act funding to begin grading the East Beach area to accommodate overflow and visitor parking to Bear Lake. In March 2021, the Idaho State Legislature appropriated additional funds to complete the paving and add a kiosk at this location for management of the area. This one time request is to add restroom facilities for the 300+ parking spaces and staff kiosk. The additional toilet facilities will assist in keeping the new parking are sanitary and help protect the natural resources.

Detail any current one-time or ongoing OE or CO and any other future costs.

Descriptive

Seasonal Housing

Explain the request and provide justification for the need.

12 10

IDPR is requesting \$720,000 in one-time dedicated fund capital outlay (CO) for seasonal staff housing at Lake Cascade and Bruneau Dunes State Parks. Staff housing continues to be an issue for IDPR to recruit and retain employees in rural Idaho. Typically, IDPR uses the benefit of working at State parks as a recruitment tool for seasonal employees. This one time funding request would allow IDPR to build new or renovate existing buildings for park staff. As park usage increases across the State, housing will be a very valuable benefit for the agency.

If a supplemental, what emergency is being addressed?

N/A

Describe method of calculation (RFI, market cost, etc.) and contingencies.

Our professional development staff estimated costs based on current standard construction prices. Basic design assumptions were for timber frame construction of approximately 1,000 square feet at \$360 per square foot, including design, site work, construction, and contingencies.

Specify the authority in statute or rule that supports this request.

Sections 67-4222 and 67-4223. Idaho Code.

Provide detail about the revenue assumptions supporting this request.

This request is for one-time CO appropriation of \$720,000 from the dedicated Parks and Recreation Fund (0243). Ongoing revenues from camping activity and increased Passport sales support funding this request (see B-11 and B-12 forms).

Indicate existing base of PC, OE, and/or CO by source for this request.

There is no funding in the base for this construction project.

Who is being served by this request and what is the impact if not funded?

This request serves all of IDPR's customers as well as the general population and economy of Idaho. Idaho State Parks host over seven million visitors each year. Keeping the parks open, clean, and safe for visitors is a highly personnel intensive effort. Many of the basic services essential to a high quality visitor experience are provided by seasonal staff. Additionally, the department's strategic plan objective to recruit and retain top employee talent extends to seasonal staff. This request is responsive to a specific task related to that objective. The request will greatly assist our ability to recruit and retain seasonal staff. If not funded, the department will be unable to complete this strategic plan objective, and will continue to struggle with the challenges associated with increased visitation in our parks, and a lack of affordable housing for our seasonal staff.

What resources are necessary to implement this request?

See below.

List positions, pay grades, full/part-time status, benefits, terms of service.

None

Will staff be re-directed? If so, describe impact and show changes on org chart.

None.

Castle Rocks - Sheridan Acquisition

Explain the request and provide justification for the need.

12 11

IDPR is requesting \$165,300 in one-time dedicated fund capital outlay (CO) for additional costs associated withe acquisition of the Sheridan property at Castle Rocks State Park. In FY 2021, we received a supplemental "Building Idaho's Future" appropriation that allocated \$240,000 in dedicated funds to acquire approximately 260 acres of private land adjacent to Castle Rocks State Park in a collaborative effort between IDPR, the National Park Service, and the Conservation Fund. Subsequently, the property was assessed at \$600,000 requiring additional commitment from IDPR in order to complete the acquisition.

At their February 2021 meeting, the IDPR Board approved the sale of an approximately 17 acre property in north Idaho commonly referred to as the "Ho Doo" property to the Idaho Transportation Department. In June 2021, we received the \$165,300 sale price from ITD and deposited those funds in our Park Land Trust Fund (0496.03).

Detail any current one-time or ongoing OE or CO and any other future costs.

Descriptive

Title

None.

If a supplemental, what emergency is being addressed?

N/A

Describe method of calculation (RFI, market cost, etc.) and contingencies.

The basis for the request is a property appraisal completed by J Phillip Cook dated April 23, 2021.

Specify the authority in statute or rule that supports this request.

Sections 67-4222, 67-4223, and 67-4243 Idaho Code.

Provide detail about the revenue assumptions supporting this request.

This request is for one-time CO appropriation of \$165,300 from the dedicated Park Land Trust Fund (0496.03). It is supported by the sale of the Hoo Doo property described above. IDPR's share of the acquisition will increase to \$405,300 and the Conservation Fund will make up the difference between the \$600,000 appraised value.

Indicate existing base of PC, OE, and/or CO by source for this request.

\$240,000 was appropriated for this acquisition in FY 2021.

Who is being served by this request and what is the impact if not funded?

This request serves all of IDPR's customers as well as the general population and economy of Idaho. Idaho State Parks host over seven million visitors each year. This acquisition represents a unique partnership between IDPR, the National Park Service, and the Conservation Fund to preserve and project land adjacent to Castle Rocks State Parks and the City of Rocks National Reserve. The expansion of these parks will provide additional capacity for use, non-motorized trails, camping, yurts, consistent with our department's mission. If this request is not funded, IDPR will not be able to use its dedicated funding to preserve this important tract of land for future generations.

What resources are necessary to implement this request?

See below.

List positions, pay grades, full/part-time status, benefits, terms of service.

None.

Will staff be re-directed? If so, describe impact and show changes on org chart.

None.

^{***} Report must be submitted to the Division of Financial Management and Legislative Services Office as part of your budget request.

Part I - Agency Profile

Agency Overview

The mission of the Idaho Department of Parks and Recreation (IDPR) is "To improve the quality of life in Idaho through outdoor recreation and resource stewardship." To accomplish that mission, IDPR operates 30 state parks classified by primary use as recreational, historic or natural. The agency manages certificate of number programs for snowmobiles, boats and off-highway vehicles, and distributes funds to communities and other government agencies statewide to develop and maintain trails, facilities and programs for the people who use those vehicles. The agency also manages a collection of outdoor recreation grant programs that provide facilities and services to a wide variety of recreationists and the local governmental and nongovernmental organizations that serve them.

The Idaho Park and Recreation Board provides citizen oversight for the agency. Board members are appointed by the governor to six-year terms. No more than three members can be from a single political party. Each member represents one of six regions of the state. The Board appoints and supervises the agency director, David Langhorst, who began his tenure as director in August 2014.

The agency has two primary divisions, Administration and Operations. The Administration Division manages support functions such as human resources, fiscal, reservations, sponsorship activities, recreational registrations, facility development, and public information. The Operations Division manages the state parks and recreation programs. IDPR's headquarters is located in Boise, with two regional service centers located in Coeur d'Alene and Idaho Falls. Offices are also located in or near 30 state parks and trails. IDPR is currently authorized 157.39 FTPs (as of July 1, 2020). In addition, the agency employs seasonal workers and uses volunteers during peak visitation periods to serve the needs of more than 5.7 million visitors annually.

Core Functions/Idaho Code

Park Operations -To formulate and put into execution a long range, comprehensive plan and program for the acquisition or leasing, planning, protection, operation, maintenance, development and wise use of areas of scenic beauty, recreational utility, historic, archaeological or scientific interest, to the end that the health, happiness, recreational opportunities and wholesome enjoyment of life of the people may be further encouraged. Idaho Code, Title 67, Chapter 42.

Recreational Registration Program – To manage the certificate of number program for snowmobiles, off-highway vehicles, and boats and to sell invasive species stickers and Park n' Ski cross-country skiing permits. Idaho Code, Title 67, Chapters 70 and 71.

Recreation Grants Program – Through the administration of grants to acquire, purchase, improve, repair, maintain, furnish, and equip facilities for outdoor recreation. Idaho Code, Title 67, Chapter 71; Idaho Code, Title 63, Chapter 24; Idaho Code, Title 57, Chapter 15; Idaho Code, Title 57, Chapter 19; Idaho Code, Title 49, Chapter 44; Idaho Code, Title 67, Chapter 15; Idaho Code, Title 67, Chapter 41; Idaho Code, Title 67, Chapter 70.

Boating Program – To improve boating safety, to foster the greater development, use and enjoyment of the waters of this state by watercraft and to adopt certain standards for the safe operation and equipment of vessels. Idaho Code, Title 67, Chapter 70.

Trails Program – To designate, establish, and maintain trails for motorized and non-motorized users. Idaho Code, Title 67, Chapters 42 and 71.

Park Development – To evaluate potential park sites; to conduct master planning for individual parks; to administer land acquisitions; to provide design, engineering, and construction supervision of all park capital improvements and major facilities maintenance; and to furnish technical assistance for the purpose of providing a high quality state park system. Idaho Code, Title 67, Chapter 71; Idaho Code, Title 63, Chapter 24; Idaho Code, Title 57, Chapter 18.

Revenue and Expenditures

| Day Use Visits ⁴ | 5,725,623 | 5,797,306 | 7,023,839 | Incomplete 4 |
| Outdoor Rec. Grant Dollars Distributed ⁵ | \$8,273,502 | \$6,770,594 | \$9,197,640 | \$8,583,481 |

- 1. Sum of 0243 and Passport transfers.
- 2. Sum of 0250 plus RV transfers.
- 3. Comparable FY 2020 numbers are not available due to the change in computer systems used to process these transactions resulting in partial year's data in two disparate systems. FY 2021 numbers are completely from the new system. We will report on this metric on a fiscal year basis going forward.
- 4. Day use visits are an estimate based on mechanical counters and staff surveys. Figures reported are for calendar years.
- 5. Grant distributions are based on actual fiscal year / budget year expenditures.

| | | target | ≥\$75,000 | ≥\$75,000 | ≥\$75,000 | ≥\$75,000 | |

Performance Measure Explanatory Notes

- Measure 1: CY 2020 adversely impacted the number of program participants due to COVID-19 pandemic.
- Measure 2: Value for miles of trails includes cleared, reconstructed, and newly constructed. CY 2020 adversely impacted by COVID-19 pandemic.
- Measure 4: For the FY 2019 and FY 2020 budget, the agency requested projects totaling 20% of the maintenance needs but did not receive the full requests. The agency did not request projects totaling 20% of the maintenance needs for FY 2021.
- Measure 6: FY 2021 outside funds included \$17,800 in donations to support Idaho Trails.

July 26, 2021

Mr. Pat Donaldson Administrator, Division of Public Works 502 North 4th Street Boise, ID 83720

Re: FY2023 Capital Budget Requests

Dear Mr. Donaldson,

Attached to this letter you will find IDPR's request for the FY2023 Capital Budget Requests and Five Year Facilities Needs Update. For your background, the IDPR Development Team performed an asset inventory and conditions assessment in 2020 and early 2021. This was an invaluable exercise for our engineering and construction team, and, "reset" the conditions of IDPR's assets.

This year's request includes \$13,500,000 in Capital, \$1,010,000 in Alteration and Repairs, and \$110,000 for an ADA Project. We understand the capital proposal is a large request, but these Visitor Centers are 50 plus years old and in need of major renovations or new builds. We appreciate your staff's time in assisting with scoping these projects.

Finally, we appreciate the Permanent Building Fund Council's consideration of these projects. They are all valuable assets to the state and provide excellent recreation opportunities to visitors of Idaho.

Sincerely,

Adam Zaragoza Interim Management Services Administrator Development Bureau Chief

CAPITAL BUDGET REQUEST FY 2023 CAPITAL IMPROVEMENT PROJECT DESCRIPTION

(New Buildings, Additions or Major Renovations)

AGENCY: Department of Parks and Recreation (IDPR)

AGENCY PROJECT PRIORITY: 1

PROJECT DESCRIPTION/LOCATION: Renovate Brig to New Visitor Center

Farragut State Park, Athol, Idaho

CONTACT PERSON: Adam R. Zaragoza

TELEPHONE: 208-590-8763

PROJECT JUSTIFICATION:

(A) Concisely describe what the project is.

The current visitor center was constructed in 1968. The existing brig building would require building stabilization, roof repairs, new windows, partition walls, painting, and upgraded mechanical, electrical and plumbing. In addition, this project would require site work to include new storm drain, access and parking. The renovation to a Visitor Center will enhance the historical significance and be an excellent place for veterans services, educational and a historical experience for visitors.

- (B) What is the existing program and how will it be improved? The existing Brig building is being used as a museum, archives, interpretation/education office and is housing the junior ranger station. The Brig is an important building from World War 2 that was used by the Navy and is the last remaining structure from the Naval Training station. The Navy managed the grounds until 1949. In 1965, it was dedicated to IDPR.
- (C) What will be the impact on your operating budget? This would have a positive impact on IDPR's budget as it will be the new focal entrance into Farragut State Park. Farragut is one of the highest operating parks in terms of revenue each year. With the growth and popularity of north Idaho, this positively impacts the operating budget by consolidating administrative functions.
- (D) What are the consequences if this project is not funded? The current visitor center is 50 plus years old and is inadequate for the visitation seen at Farragut. The park is approximately 4,000 acres in size and a centralized entrance will assist operations and management. If this project is not funded, it minimizes the visitor experience to this historically significant area.

PLEASE INCLUDE ANY ANTICIPATED ASBESTOS COSTS IN THE OVERALL BUDGET.

FUNDING: ESTIMATED BUDGET: PBF \$ Land n/a General Account A/E fees \$200,000 Agency Funds \$2,800,000 Construction Federal Funds 5% Contingency \$150,000 Other FF&E \$150,000 Other \$200,000 \$ Total \$3,500,000 Total

|---------|---|----------------------------|

PROJECT DESCRIPTION/LOCATION: New Administrative Building

Ashton Tetonia Trail, Ashton, Idaho

CONTACT PERSON: Adam R. Zaragoza TELEPHONE: 208-590-8763

PROJECT JUSTIFICATION:

(A) Concisely describe what the project is.

The project would construct a new administrative support building for the Trail on IDPR property. The new support building would include a small shop with garage, doors, staff office and site utilities.

- (B) What is the existing program and how will it be improved? The Ashton/Tetonia Trail is an almost 30 mile long trail in eastern Idaho. Currently, maintenance equipment for the trail in staged in a box car at Marysville. The box car has minimal security and is inadequate to house state assets worth up to \$100,000.
- (C) What will be the impact on your operating budget? This project would have a positive impact on the operating budget. The park currently uses operational funds to pay USFS for storing vehicles and a cubicle for Park staff.
- (D) What are the consequences if this project is not funded? If the project is not funded, operational efficiencies continue to be an issue. Currently, IDPR has an agreement with the Forest Service to house state vehicles and office. Security of IDPR assets remains a concern.

PLEASE INCLUDE ANY ANTICIPATED ASBESTOS COSTS IN THE OVERALL BUDGET.

| ESTIMATED BUDGET: Land A/E fees Construction 5% Contingency F F & E | n/a \$50,000 \$400,000 \$25,000 \$25,000 | FUNDING: PBF General Account Agency Funds Federal Funds Other | \$ |

PROJECT DESCRIPTION/LOCATION: Replace Visitor Center

Bruneau Dunes State Park, Bruneau, Idaho

TELEPHONE: 208-590-8763 CONTACT PERSON: Adam R. Zaragoza

PROJECT JUSTIFICATION:

(A) Concisely describe what the project is.

This project would replace the current visitor center that was built in 1969 with a modern visitor center. The site infrastructure and parking is being upgraded in Fall 2021 with use of CARES Act funds. Minimal site infrastructure would be required with this project and the investment would go into the building.

- (B) What is the existing program and how will it be improved? The current visitor center is 50 plus years old and has exceeded its useful life without major renovations. Visitation to Bruneau Dunes has exceeded 100,000 visitors for the past 2 years. A new, upgraded Visitor Center can put focus on the Space Observatory, exhibits, programs and enhance the natural beauty of the Dunes.
- (C) What will be the impact on your operating budget? There will be minimal impact on the operating budget.
- (D) What are the consequences if this project is not funded? If this project is not funded, the age of the building will continue to show its wear and tear. IDPR is investing \$1.5 million in infrastructure improvements this year to Bruneau Dunes.

PLEASE INCLUDE ANY ANTICIPATED ASBESTOS COSTS IN THE OVERALL BUDGET.

| ESTIMATED BUDGET Land A/E fees Construction 5% Contingency F F & E | n/a \$200,000 \$2,500,000 \$125,000 \$50,000 | FUNDING: PBF General Account Agency Funds Federal Funds Other | \$ |

AGENCY: Department of Parks and Recreation (IDPR)

Lake Walcott State Park, Rupert, Idaho

TELEPHONE: 208-590-8763 CONTACT PERSON: Adam R. Zaragoza

PROJECT DESCRIPTION/LOCATION: New Administrative Support Building

PROJECT JUSTIFICATION:

(A) Concisely describe what the project is. The project would construct a new support building adjacent to the current shop, near the park entrance. The new support building would include a small shop with garage doors, park office, security fencing and site utility work.

- (B) What is the existing program and how will it be improved? The existing program has a shop that houses state assets (equipment, materials, etc). Due to normal wear and tear, the current building is inadequate. Park maintenance equipment has increased over the years and storage of state assets is an issue.
- (C) What will be the impact on your operating budget? There will be minimal impact on the operating budget.
- (E) What are the consequences if this project is not funded? Security of the equipment is a concern and will remain an issue.

PLEASE INCLUDE ANY ANTICIPATED ASBESTOS COSTS IN THE OVERALL BUDGET.

PROJECT DESCRIPTION/LOCATION: Renovate Visitor Center

Massacre Rocks State Park, American Falls, Idaho

TELEPHONE: 208-590-8763 CONTACT PERSON: Adam R. Zaragoza

PROJECT JUSTIFICATION:

(A) Concisely describe what the project is.

The current Visitor Center was constructed in 1970. This upgrade would modernize the VC to the latest building codes. In its current location, there are adequate site utilities and parking already in place. Minimal site work is expected.

- (B) What is the existing program and how will it be improved? The existing VC serves as the check in point for visitors and houses interpretation exhibits. The exhibit is small room that was built after the original construction. The existing program will be improved by bringing the VC up to current building codes, lighting, and energy efficiencies.
- (C) What will be the impact on your operating budget? There will be minimal impact on the operating budget.
- (D) What are the consequences if this project is not funded? If the project is not funded, the building will continue to age and maintenance of the equipment may not provide the best cost/benefit for repairs.

PLEASE INCLUDE ANY ANTICIPATED ASBESTOS COSTS IN THE OVERALL BUDGET.

PROJECT DESCRIPTION/LOCATION: New Visitor Center

Harriman State Park, Island Park, Idaho

TELEPHONE: 208-590-8763 CONTACT PERSON: Adam R. Zaragoza

PROJECT JUSTIFICATION:

(A) Concisely describe what the project is. The project would construct a new Visitor Center at the entrance into Harriman State Park. The new Visitor Center shall support administrative services and visitors.

- (B) What is the existing program and how will it be improved? The current visitor center is the primary point for visitors to check in. This project would create a more inviting experience to Idaho's oldest State Park by improving visitor experience, park staff offices and educational exhibits.
- (C) What will be the impact on your operating budget? There will be minimal impact to the operating budget as the location will be generally in the same area as the current VC.
- (E) What are the consequences if this project is not funded? The current visitor center has roof leaks and damage due to the winter weather that occurs in Island Park. A more robust, winter friendly Visitor Center is needed to accommodate the harsh winter conditions.

PLEASE INCLUDE ANY ANTICIPATED ASBESTOS COSTS IN THE OVERALL BUDGET.

PARKS AND RECREATION, DEPARTMENT OF SENT VIA EMAIL/HAND DELIVERED and STATEHOUSE MAIL

Re: IT Budget Planning FY2023

Dear Director,

To assist your agency in preparing your FY2023 budget, we have prepared the following documentation outlining the ITS Direct and Allocated Costs for your agency, along with some useful information to keep in mind for FY2024. We have attached a reference sheet with descriptions of service, support, and license billing descriptions

Support Costs: IT support costs for agencies – FY23 agency billing increase/decrease from FY22 billings for Internet/Security and State Network Services, Annual IT Support Services and the Idaho Technology Authority (no support cost changes for ITA in FY23). Estimated budget impact details for your agency are on the next page.

Cost Recovery: Costs for agencies IT licensing, software, and subscription services. Software, subscription, and licensing services are billed by the quantity assigned to each agency. Increases and decreases in the quantities required by each agency will impact costs and agency annual billing.

- Microsoft Licensing For FY 2021 and 2022, new/additional or upgraded O365 licensing costs
 were covered with CARES funding. By negotiating enterprise license agreements and
 interagency billing agencies we have level-set licensing across the enterprise with increased
 functionality while minimizing increased costs to the agencies in FY23. The estimated
 incremental FY23 budget impact for O365 details for your agency are on the next page.
- Ivanti ELA There is no anticipated change in the Ivanti cost per license for FY 2023. Agencies that need to acquire Ivanti licensing or those not previously billed for these direct licensing costs will see a separate billing line item for Ivanti licensing in FY23. Estimated budget impact details for your agency are on the last page.
- Endpoint Protection Costs for upgraded endpoint protection licensing has been covered by CARES funding through FY2023. Agencies will have a billing holiday for these licensing costs in FY22 and FY23; agencies should leave this base cost in their budgets. Costs to agencies will resume in the FY 2024 budget billing. Budget impact details for your agency are on the last page.

- DUO VPN services are now being managed by the State Controller's Office. Effective August 2021, the State Controller's Office has assumed management and billing of the statewide DUO licenses and agencies will receive interagency invoices directly from SCO for this service.
- Adobe ELA Adobe Acrobat Pro and related software (Creative Cloud, etc.) for participating
 agencies will now be included in your annual billing instead of a standalone invoice. For
 participating agencies, we do not anticipate any changes to billing for FY23. If your agency is not
 participating but, now wishes to participate in the Adobe ELA, please contact Chris Carlisle at
 Chris.Carlisle@its.idaho.gov.
- Other Agency IT Services (software, maintenance, licensing) As needed ITS will review and
 process agency specific requests to purchase or renew IT software, license, and maintenance
 agreements as well as for PCs, printers, network and security hardware and other IT hardware
 purchases for supported agencies. These agency specific renewals or purchases are NOT
 included in the ITS annual billings.

<u>Replacements:</u> Network and other infrastructure replacement recommendations. We **do not** have any recommendations for replacing or upgrading equipment for FY2023. This does not include annual PC refresh. Agencies only need to budget to replace PCs or laptops that will be more than four years old in FY2023 or with known service or performance issues using the guidance provided in <u>DFM's budget manual</u>. Specific guidance can be found on page 25 of the manual at https://dfm.idaho.gov/state agencies/bdm/.

If you have any questions about these item costs or budget recommendations, please contact Cheryl Dearborn, Business Operations Bureau Chief, at Cheryl.Dearborn@its.idaho.gov or 208-605-4055. As always, we appreciate the opportunity to service you.

Sincerely,

Jeff Weak, Administrator

Information Technology Services

PARKS AND RECREATION, DEPARTMENT OF

The following is a breakdown of the IT costs to include in your FY 2023 budget request:

Support Costs: IT support costs for agencies

| Service | Agency FY23 Budget | Increase or | |
|---|--------------------|-------------|--|
| | Impact | (Decrease) | |
| Internet/Network and Security | 10,305.48 | 2,564.42 | |
| IT Support | 680,106.97 | 13,273.81 | |
| Idaho Technology Authority ⁽¹⁾ | N/C | N/C | |

⁽¹⁾ Total appropriation for the ITA will remain unchanged for FY23. Annual billings for this appropriation are allocated on a proportional basis determined by the number of FTP positions and the three-year average expenditures on IT and communication systems, as determined by data recorded by the State Controller.

Cost Recovery: Costs for agencies IT licensing, software, and subscription services.

| Service | Agency FY23 Budget | Increase or | |
|---------------------|--------------------|-------------|--|
| | Impact | (Decrease) | |
| Endpoint Protection | Billing Holiday | 0.00 | |
| Microsoft 0365 | 59,797.50 | 19,883.73 | |
| Ivanti ELA | 7,544.00 | 7,544.00 | |
