100 - SENATE - Count				**5**							

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

				11009	WEL - SELF-RELIANCE	True	FILLED	PERM	270 WEL BENEFITS		$21.42

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

				11955	REHABILITATION	True	VACANT	PERM	285 JCCS Prgm	Jan 5,	$27.24

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

				13440	TRANS TECH,	True	VACANT	PERM	290 D5 Blackfoot	Jan 5,	$0.00

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

				13786	TRANSP TECH	True	FILLED	PERM	290 D3 Ca/Bk/Lo		$22.60

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

				14008	TRANSP TECH APPRENTICE	True	VACANT	PERM	290 D3 Orc/IC Ops	May 19, 2025	$21.05
				14082	TRANS OPERATIONS	True	FILLED	PERM	290 D6 SA/Driggs		$40.74

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

				16280	AD TAX AUDIT MGR	True	FILLED	PERM	352 Audit		$44.25

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

443 - STATE APPELLATE PUBLIC DEFENDER - Count				**27**							

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

				19829	PROGRAM	True	FILLED	PERM	954 CEH		$32.68

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.

* Estimated Vacate Date – there may be times when the date for the last estimated vacated date is not known for a position. Currently, this is happening when an employee transfers to another state agency or is promoted within an agency and the position is not filled on the current work assignment. When this happens, the report will generate a "blank" cell.

** Pay Rate = $0.00 – a zero dollar amount will appear when there has not been a state employee previously in this position.
