**MEMORANDUM**

TO: **Members of the Public**

FROM: **Alex J. Adams** *Alex J. Adams*

SUBJECT: **Process to Reauthorize Rules Beyond July 1**

Over the past four weeks, executive agencies have hosted more than forty (40) public meetings to review each of their rules. This unprecedented effort has culminated in the identification of rules that will be re-published as temporary and proposed, ensuring there is no gap with the expiring rules.

The attachments to this memo outline the tentative plan for each current chapter of rules:

1. Chapters to Reauthorize in Full
2. Chapters Set to Expire
3. Chapters with Individual Rule Subparts Set to Expire
4. Chapters that have been Re-written and Simplified

We appreciate the many Idahoans who have engaged actively in this process through the open, public meetings hosted to date. Idahoans may submit public comments about the rules proposed for expiration by e-mailing [RulesReview@dfm.idaho.gov](mailto:RulesReview@dfm.idaho.gov) by 5 p.m. MST on June 11.

Necessary rules will be published as temporary and proposed in a special edition of the Idaho Administrative Bulletin in June 2019. This publication will trigger the usual public comment periods and public hearings that accompany any proposed rule.

**Chapters Intended to be Reauthorized in Full\***

Chapters Intended to Expire					
Agency	Agency Code	Title	Chapter	Chapter Name	Agency's Stated Reason

Juvenile Corrections	5	2	4	<a href="#">Rules for Supported Living Providers</a>	Please note that 05.02.04 is being repealed because we have learned on the few occasions that we have used supported living providers the language in chapter 05.02.03 has been mostly sufficient to meet these needs. However, we did move some language from 05.02.04 to 05.02.03. We explained the repeal in the rulemaking notice.
Department of Correction	6	2	2	<a href="#">Rules Governing Establishment and Operation of a Limited Supervision Unit by the Department of Correction, Division of</a>	IDAPA 060202 was combined with 060201 Rules Governing the Supervision of Offenders on Probation or Parole by the Department of Correction, Division of Probation and Parole, with simplifications in the process.

Board of Education	8	1	1	<a href="#">Rules of the State Board of Education and Board of Regents</a>	This section of rule was last updated in 1993 and outlines the procedures for addressing contested cases as well as responding to public information requests. Since that time the state requirements for both of these areas have been updated making these sections in rule obsolete and in the case of public information requests the references to other sections of code contained in the rule are incorrect. The State Board of Education follows the provisions established in Chapter 52, Title 67, Idaho Code for contested cases and Chapter 1, Title 74 regarding public records.
Board of Education	8	1	4	<a href="#">Residency</a>	Section 33-3717B, Idaho Code establishes requirements for individuals to establish residency for eligibility for in-state tuition at our public four-year postsecondary institutions. The provisions in 08.02.04 provide clarification to the public institutions on how they are to evaluate these provisions. The State Board of Education as the Board of Regents and the Board of Trustees of these institutions is already authorized to create policy for the governance of the postsecondary institutions making this rule unnecessary. The provisions that are currently established in this rule will be moved to State Board of Education Policy.
Board of Education	8	1	7	<a href="#">State Professional Studies Program</a>	This loan repayment program has not been funding in over a decade making this section of rule obsolete. We will be proposing a legislative idea to repeal Section 33-3604, Idaho Code, removing the enabling statute for this rule. The enabling statute does not currently require the rule stay in place.

Board of Education	8	1	8	<a href="#">Miscellaneous Rules of the State Board of Education</a>	There is a provision prohibiting alcohol in state owned buildings, in the past this included the facilities of our public postsecondary institutions. The Department of Administration has since amended their rule pertaining to the restriction of alcohol in state facilities in such a way that it no longer includes the postsecondary institutions facilities. This allows us to remove the language in this rule authorizing the State Board of Education to allow alcohol on the campus pursuant to Board policy. The Board currently has a policy regarding the presence of alcohol on campuses and this Board policy will stay in place for the foreseeable future, however, the rule itself is now unnecessary.
Labor	9	1	4	<a href="#">Unemployment Insurance Benefit Fraud and Overpayment Rules</a>	Deleting seven duplicate rules already included in Unemployment Insurance Benefits Administration Rules (IDAPA 09.01.30); and moving the remaining six rules from Unemployment Insurance Benefit Fraud and Overpayment (IDAPA 09.01.04) to Unemployment Insurance Benefits Administration Rules (IDAPA 09.01.30).
Labor	9	1	6	<a href="#">Rules of the Appeals Bureau</a>	Delete this chapter by moving all rules from the Rules of the Appeals Bureau (09.01.06) to the Rules of the Administrative Procedures of the Idaho Department of Labor (IDAPA 09.01.01).
Labor	9	1	50	<a href="#">Rules of the Wage and Hour Section</a>	Move any rules in this section that relate to an administrative appeal process to Rules of the Administrative Procedures of the Idaho Department of Labor (IDAPA 09.01.01).
ISP - POST	11	11	2	<a href="#">Rules of the Idaho Peace Officer Standards and Training Council for Juvenile Detention Officers</a>	Content streamlined and consolidated into a new chapter 11.11.01
ISP - POST	11	11	3	<a href="#">Rules of the Idaho Peace Officer Standards and Training Council for Juvenile Probation Officers</a>	Content streamlined and consolidated into a new chapter 11.11.01
ISP - POST	11	11	4	<a href="#">Rules of the Idaho Peace Officer Standards and Training Council for Correction Officers and Adult Probation and Parole Officers</a>	Content streamlined and consolidated into a new chapter 11.11.01
ISP - POST	11	11	5	<a href="#">Rules of the Idaho Peace Officer Standards and Training Council for Idaho Department of Juvenile Corrections Direct Care Staff</a>	Content streamlined and consolidated into a new chapter 11.11.01
ISP - POST	11	11	6	<a href="#">Rules of the Idaho Peace Officer Standards and Training Council for Misdemeanor Probation Officers</a>	Content streamlined and consolidated into a new chapter 11.11.01
Fish & Game	13	1	5	<a href="#">Rules Governing Fishing Contests</a>	Substantive requirements will be incorporated into 13.01.11, Rules Governing Taking of Fish
Fish & Game	13	1	13	<a href="#">Rules Governing the Taking of American Crow in the State of Idaho</a>	Substantive requirements will be incorporated into 13.01.09, Rules Governing Taking of Game Birds
Fish & Game	13	1	20	<a href="#">Rules Governing Selection of Fish and Game License Vendors</a>	Substantive requirements are integrated into 13.01.19 because of overlap of requirements
Commission on Aging	15	1	21	<a href="#">Rules Governing Older Americans Act (OAA) Services</a>	The content of 15.01.21 has been incorporated into the ICOA rewrite of 15.01.01. The content of 15.01.21 was related to the Federal Older American's Act but also included items found within the Idaho Senior Services Act. Combining the information into one rule adds clarity and minimizes duplication. The ICOA manages and administers the Older Americans Act and Idaho Senior Services Act together.

Commission on Aging	15	1	31	<a href="#">Rules Governing the Five Percent Job Training Partnership Act (JTPA) Older Worker Program</a>	This Federal program no longer exists. ICOA no longer administers or manages the program. The JTPA program was repealed and replaced by the Workforce Investment Act of 1998 (WIA). WIA was then subsequently superseded by the Workforce Innovation and Opportunity Act (WIOA) in 2014. WIOA is currently managed under the supervision of the Idaho Department of Labor.
Office of Information Technology Services	15	7	1	<a href="#">Rules Governing Billing Procedures of the Office of Information Technology Services</a>	IDAPA Chapter 15.07.01 is proposed to be removed as it is now obsolete given the new billing methodology was approved during the 2019 Idaho Legislative Session. Removing these obsolete rules will allow the Office of Information Technology Services to bill agencies consistent with JFAC's approved budgets and in a manner similar to other agencies that use inter-agency billing and are part of the SWCAP. Furthermore, removing these rules will allow ITS to be more nimble with future updates in billing methodology given the rapidly changing technology environment. Any future billing changes would remain subject to the appropriation process, and therefore the Legislative Branch will retain oversight of changes.
Health & Welfare	16	2	5	<a href="#">Rules Governing Human Immunodeficiency (HIV) Related Services</a>	Rules are not necessary to administer these HIV-related services. The Department follows federal guidelines for the Ryan White Part B and AIDS Drug Assistance Program (ADAP) programs.
Health & Welfare	16	2	7	<a href="#">Control of Anatomical Parts Intended for Transplanting or Transfusion</a>	In 2014, the US Department of Health and Human Services enacted a final rule related to organ procurement and transplantation. This rule is found at 42 CFR.121, so this chapter is no longer needed.
Health & Welfare	16	2	28	<a href="#">Registration of Free Medical Clinics</a>	The registration process outlined in this chapter is obsolete, and the rules are no longer needed.
Health & Welfare	16	3	12	<a href="#">Rules Governing Long-term Care Remedies in Idaho</a>	The remedies outlined in this chapter are actually enforcement actions for a facility's failure to meet federal certification requirements. The same remedies are outlined in 42 CFR Part 488 and in Chapter 7 of the CMS State Operations Manual.
Health & Welfare	16	3	15	<a href="#">Secure Treatment Facility for People with Intellectual Disabilities</a>	These rules are temporary only, and the Department will not seek to make them permanent/final.
Health & Welfare	16	4	2	<a href="#">Idaho Telecommunication Service Assistance Program</a>	Requirements in this chapter are already in statute at Title 56, Chapter 9, Idaho Code.
Health & Welfare	16	4	4	<a href="#">Early Intervention Services for Infants and Toddlers</a>	During a significant economic downturn in 2010 this set of rules was created in order to provide funding for Early Intervention Services in the Infant and Toddler Program. The alternative funding mechanism was not needed, so these rules were never implemented.
Health & Welfare	16	4	6	<a href="#">Rules Governing Fees for Adult/Child Development Center Services</a>	Services that were delivered in Adult/Child development centers were privatized in 2010. Direct client services are no longer provided in the Department's Adult/Child Development Centers, so the fee structure outlined in these rules is no longer necessary.
Health & Welfare	16	4	12	<a href="#">Rules Governing the Individual and Family Grant Program</a>	The requirements for this program already exist in 44 CFR §206.131
Health & Welfare	16	6	6	<a href="#">Developmental Disabilities Family Support and In-Home Assistance</a>	This program is no longer provided by the DD Program and the supports provided are now available under Medicaid services for families of children who have Developmental Disabilities and services for adults who have Developmental Disabilities. As these supports became Medicaid fundable this general fund program was no longer needed nor the most efficient way to fund these supports.
Health & Welfare	16	7	30	<a href="#">Behavioral Health Community Crisis Centers</a>	Requirements in this chapter are already in statute at Title 39, Chapter 91, Idaho Code as well as in the contracts the division has with individual crisis centers.

Health & Welfare	16	7	50	<a href="#">Minimum Standards for Nonhospital, Medically Monitored Detoxification/Mental Health Diversion Units</a>	These rules were developed to oversee one detoxification unit in Boise. Since then, the requirements and oversight are handled through contract.

Insurance	18	1	3	<a href="#">Military Sales Practices Rule</a>	We found the rule was not needed as there are appropriate standards in Title 41 Chapter 13 - Trade Practices and Frauds; U.S. Code Title 50 §§ 3901-4043, the Servicemembers Civil Relief Act (SCRA); and DOD-2015-OS-0075 - Personal Commercial Solicitation on DoD Installations.
Insurance	18	1	7	<a href="#">Maternity Benefits Under Hospital, Surgical, and Medical Contracts in Idaho</a>	We found the rule was not needed because Idaho Code § 41-2214 - Group and Blanket Disability Insurance, covers this requirement.
Insurance	18	1	14	<a href="#">Proxies, Consents, and Authorizations of Domestic Stock Insurers</a>	The requirements are adequately covered under Idaho Code § 41-2868 - Organization and Corporate Procedures of Stock and Mutual Insurers therefore this rule is not needed.
Insurance	18	1	15	<a href="#">Fingerprinting of Producer License Applicants</a>	We found the rule was not necessary as Title 41 Chapter 10 Producer Licensing governs an applicant's submission of fingerprints; IDAPA 18.01.44 governs the associated fees.

Insurance	18	1	17	<a href="#">Surplus Lines - Delegation of Responsibility</a>	The DOI and Director already have the authority to delegate or enter into contract under Title 41 Chapter 12. Some sections of this rule will be combined into IDAPA 18.01.65.
Insurance	18	1	18	<a href="#">Open Lines for Export - Surplus Lines</a>	Upon examination of process, we felt the system could be updated. Such updates will be done through the negotiated rulemaking process and placement in IDAPA 18.01.65.
Insurance	18	1	33	<a href="#">Domestic Insurer Purchasing and Selling of Exchange-Traded Call and Put Options</a>	This rule is adequately covered under Title 41 Chapter 10, Idaho Code, and these provisions predate the NAIC Accounting Practices and Procedures Manual which is now adopted by bulletin annually via I.C. 41-335(1).
Insurance	18	1	39	<a href="#">Rebates and Illegal Inducements in the Title Insurance Business</a>	Consolidating with IDAPA 18.01.56 and 18.01.25.
Insurance	18	1	43	<a href="#">Certification of Fire Code Officials</a>	Title 41 Section 254 outlines powers and duties of the State Fire Marshal (SFM). The SFM is only required to provide training not certification. Recertification rule creates an unnecessary regulatory burden.
Insurance	18	1	45	<a href="#">Domestic Insurers Regarding Financial Futures Contracts</a>	These provisions predate the NAIC Accounting Practices and Procedures Manual which is now adopted by bulletin annually via I.C. 41-335(1).
Insurance	18	1	51	<a href="#">Unfair Discrimination on the Basis of Blindness or Partial Blindness</a>	We found the rule was not necessary because it is adequately covered under § 41-1313, Idaho Code.
Insurance	18	1	57	<a href="#">Permitting Smoker/Nonsmoker Mortality Tables for Use in Determining Minimum Reserve Liabilities and Nonforfeiture Benefits</a>	We found the rule was no longer needed; mortality tables are out of date; I.C. 41-335(1) and 41-612(14)(c)(ii) authorize the Director to adopt updates regarding reserves via bulletin; and I.C. 41-1927 governs nonforfeiture laws.
Insurance	18	1	58	<a href="#">Permitting Same Minimum Nonforfeiture Standards for Men and Women Insured Under 1980 CSO and 1980 CET Mortality Tables</a>	We found the rule was no longer needed; mortality tables are out of date; I.C. 41-335(1) and 41-612(14)(c)(ii) authorize the Director to adopt updates regarding reserves via bulletin; and I.C. 41-1927 governs nonforfeiture laws.
Insurance	18	1	59	<a href="#">Recognition of the 2001 CSO Mortality Table for Use in Determining Minimum Reserve Liabilities and Nonforfeiture Benefits</a>	We found the rule was no longer needed; mortality tables are out of date; I.C. 41-335(1) and 41-612(14)(c)(ii) authorize the Director to adopt updates regarding reserves via bulletin; and I.C. 41-1927 governs nonforfeiture laws.
Insurance	18	1	71	<a href="#">Rule to Implement Uniform Health Claim Form Act</a>	This rule pertains to paper forms which are no longer used as electronic submission is now the norm.
Insurance	18	1	79	<a href="#">Recognition of Preferred Mortality Tables for Use in Determining Minimum Reserve Liabilities</a>	We found the rule was no longer needed; mortality tables are out of date; Idaho Code 41-335(1) and 41-612(14)(c)(ii) authorize the Director to adopt updates via bulletin.

Veterans Services	21	1	2	<a href="#">Rules Governing Emergency Relief for Veterans</a>	Rules for the Emergency Relief Grant are not required under Idaho Statute. Guidelines laid out in the current Rules will be reconfigured as Agency Policy and be posted on our webpage as of July 1, 2019. Allowing the Rule to expire and governing the program through Agency Policy will allow more flexibility, responsiveness, and discretion to expand the eligibility requirements of this program to ensure Idaho is able to provide emergency financial relief to Idaho's Veterans in an ever shifting economic environment.

Veterans Services	21	1	3	<a href="#">Rules Governing Veterans Support Fund Grant Program</a>	Rules for the Veteran Support Fund Grant Program are not required under Idaho Statute. Guidelines laid out in the current Rules will be reconfigured as Agency Policy and be posted on our webpage as of July 1, 2019. Allowing the Rule to expire and governing the program through Agency Policy will allow more flexibility in determining eligibility criteria for organizations seeking funds and provide the Administrator greater discretion to ensure this program is able to best assist organizations dedicated to serving Idaho's Veterans.
Veterans Services	21	1	5	<a href="#">Rules Governing Medical Transportation Payment for Wheelchair Confined Veterans</a>	The relevant Statute for this program, Idaho Code 65-208, was repealed with Senate Bill 2081 and signed by Governor Little on 3/21/2019, effective 7/1/2019.
Veterans Services	21	1	7	<a href="#">Rules for Education and Training Programs for Veterans</a>	Rules for the Education and Training Programs for Veterans are not required under Idaho Statute. This program follows policy and regulations as set by the VA, please reference 38 CFR § 21.4251; 38 CFR § 21.4254; 38 CFR § 21.4209; 38 CFR § 21.4233; 38 CFR § 21.4253; 38 CFR § 21.4201; 38 CFR § 21.4202; 38 CFR § 21.4266; 38 CFR § 21.4267. Guidelines laid out in the current Rules will be reconfigured as Agency Policy and be posted on our webpage as of July 1, 2019. Allowing the Rule to expire and governing the program through Agency Policy will allow more flexibility in determining eligibility criteria for organizations seeking funds and provide the Administrator greater discretion to ensure this program is able to best assist organizations dedicated to serving Idaho's Veterans. The program will continue in its current form subject to its legislative appropriation.
Parks and Recreation	26	1	1	<a href="#">Rules of Administrative Procedure of the Idaho Park and Recreation Board.</a>	<p>We can rely on the Attorney General rules on administrative procedures rather than have IDPR specific administrative procedures. Idaho Code § 67-5206 directs the Attorney General to promulgate rules implementing the APA, and authorizes agencies to "promulgate its own procedures" if it includes a finding stating "the reasons why the relevant portion of the attorney general's rules were inapplicable to the agency under the circumstances." If IDPR eliminates its procedural rules, it could rely on the Attorney General rules.</p> <p>Moreover, the Rules simply misstate meeting and public record requirements found in the Idaho Code, and are unnecessary.</p> <p>The one exception is Rule 300.02., establishing copying fees for certain public record request responses, and providing exemptions from such fees. IDPR answers information requests electronically and does not charge a copying fee. Therefore, the rule is unnecessary.</p>
Parks and Recreation	26	1	2	<a href="#">Rules Governing Reporting and Remittance of Surplus County Vessel Account Moneys.</a>	Idaho Code § 67-7013 provides sufficient detail on remittance of State Vessel Account money for IDPR to conduct this activity without further clarification in rule. The policy that IDPR would propose would be to document the appropriate level and frequency of quasi-auditing done by IDPR in administering the Boating program.
Parks and Recreation	26	1	6	<a href="#">Rules Governing Cooperator Recognition and Sale of Advertising.</a>	In addition to the existing rule, IDPR currently has a policy on sponsorship approvals and a handbook on sponsorships and donations. IDPR proposes to move all the appropriate guidance and standards into a single, easily accessible policy. At a minimum, the policy will include the current standards in rule regarding naming rights and prohibited arrangements. We will develop an additional policy to address the current provisions in rule regarding the sales of advertising.

Parks and Recreation	26	1	23	<a href="#">Rules Governing Filming Within Idaho State Parks.</a>	IDPR amended this rule during the 2019 Legislative Session. The general nature of those amendments was to provide staff more flexibility in administering the rule based on vast technological improvements in personal-use photography and videography. All of the comments we received were that the amended rule was better, but that it was perhaps still too rigid. In developing the policy we would look to strike an improved balance between park and visitor needs and expectations.
Pharmacy	27	1	2	<a href="#">Rules Governing Licensure and Registration</a>	Content consolidated into IDAPA 27.01.01
Pharmacy	27	1	3	<a href="#">Rules Governing Pharmacy Practice</a>	Content consolidated into IDAPA 27.01.01
Pharmacy	27	1	4	<a href="#">Rules Governing Pharmacist Prescriptive Authority</a>	House Bill 182 takes effect on July 1, 2019; this legislation obviates the need for this chapter. House Bill 182 passed both chambers unanimously (66-0; 33-0) and was signed into law on March 21st. The two necessary rules were merged into IDAPA 27.01.01 as discussed during the legislative review.
Pharmacy	27	1	5	<a href="#">Rules Governing Drug Compounding</a>	Content consolidated into IDAPA 27.01.01
Commerce	28	2	6	<a href="#">Idaho Small Business Federal Funding Assistance Act Rules</a>	Idaho Commerce no longer administers this federal grant program. Businesses can access this grant through the Small Business Administration, <a href="https://www.sbir.gov/">https://www.sbir.gov/</a>
Potato Commission, Idaho	29	01	01	<a href="#">Rules of Procedure of the Idaho Potato Commission</a>	The Commission will use the rules of the procedure of the Attorney General like most similar agencies. A few specific rules will be moved into the remaining chapter.
Public Utilities Commission	31	51	2	<a href="#">Automatic Dialing and Announcement Devices (ADADS) Rules</a>	The ADAD Rules are antiquated and are no longer relevant. The Federal Communications Commission (FCC) has rules contained within CFR 64.1200 Subpart L- Restrictions on Telemarketing Solicitation, and Facsimile Advertising Rules - which supersede this rule set and accomplish the same end goal. The FCC is also better positioned technically and financially to address complaints in this area.
Real Estate Commission	33	1	2	<a href="#">Rules of Practice &amp; Procedure of the Idaho Real Estate Commission Governing Contested Cases</a>	The Attorney General's APA Rules are applicable to the Real Estate Commission's current procedures. The Commission specific Rules on contested cases are in fact a very close version to these Attorney General's Rules. Therefore, the Real Estate Commission is proposing the 33.01.02 be allowed to expire. Real Estate will promulgate a new Rule adopting the Attorney General's Rules on Contested Cases.
Real Estate Commission	33	1	3	<a href="#">Rules of the Idaho Real Estate Commission Governing Registration of Subdivided Lands</a>	Rule is not needed as content is fully covered by 55-1809, Idaho Code.
Tax Commission	35	1	4	<a href="#">Idaho Estate and Transfer Tax Administrative Rules</a>	Idaho stopped estate taxes in 2005. It has been sufficient time that this chapter is no longer needed in current rule. It is archived and available online if a taxpayer needs it.
Tax Commission	35	1	13	<a href="#">Idaho Illegal Drug Tax Administrative Rules</a>	Section 63-4208, Idaho Code, the Illegal Drug Tax Act, provides sufficient enforcement provisions. No rules are necessary. The Commission has determined that illegal drug users don't pay the tax, only stamp collectors. Current forms and procedures are all that's needed to sell stamps to collectors.

Water Resources	37	2	2	<a href="#">Funding Program Rules</a>	These rules are proposed for elimination for the following reasons: (1) they are largely a re-statement of Idaho Code (§§ 42-1750 – 1758, 1760, and 2760) and have been superseded by statute in many cases; (2) they require a Letter of Intent process within the loan application process that is ineffective and outdated; and (3) they are out of date because they were promulgated before the creation of the Board's Aquifer Planning and Management Fund, Secondary Aquifer Planning Management & Implementation Fund, and the Flood Management Grant Program.
Administration	38	3	1	<a href="#">Rules Governing Group Insurance</a>	All the Administrative Rule categories will be addressed in the Provider's Health Benefit contract for the State of Idaho.
Administration	38	4	5	<a href="#">Rules Governing the Management of State-Owned Dwellings</a>	The Administrative Rule categories are no longer necessary. The IRS tax code provides instruction to determining the Fair Market Value and reporting income as part of the employee's benefit. Agencies who do provide state-owned dwellings for employee, have established policies to address Agency and Employee responsibilities.
Transportation	39	1	2	<a href="#">Rules Governing Petition for Adoption, Amendment, or Repeal of Administrative Rules</a>	This rule is unused and unnecessary. ITD has many avenues in which rulemaking can be initiated. Further, these provisions are covered in the state's Administrative Procedures Act
Transportation	39	2	6	<a href="#">Vehicle Dealership's Trade Names</a>	This rule is covered in Idaho Code §49-1602(4), and is also a business area that the Secretary of State's Office has authority over.
Transportation	39	2	8	<a href="#">VIN Inspections</a>	This rule is covered in Idaho Code §49-504(2), and pertinent sections may be incorporated into future rulemakings.
Transportation	39	2	10	<a href="#">Rules Governing Sales of Abandoned Vehicles</a>	This rule is outdated and unnecessary
Transportation	39	2	13	<a href="#">Rules Governing the Waiver of Titling Requirements</a>	This rule is covered in Idaho Code §49-501 & §49-507, and pertinent sections may be incorporated into future rulemakings.

Lands	20	3	15	<a href="#">Rules Governing Geothermal Leasing on Idaho State Lands</a>	90	In Wasden v. State Bd. of Land Comm'rs, 153 Idaho 190, 280 P.3d 693 (2012), the Idaho Supreme Court held that leases of state endowment trust lands require a conflict auction/application process. Rule 090 allows a preferential right for a new minerals or oil and gas lease to an existing geothermal lessee upon discovery of unleased minerals, oil, or gas without a conflict auction/application process, which is contrary to the Idaho Supreme Court's decision and the Idaho Constitution. Idaho Code § 47-801 still allows a lease to be extended due to production or good faith drilling operations.

Reliance on this 30-day default process, which is outlined in Department Policy #9 and in the lease template language for all lease types, is consistent with Idaho Code § 47-809, which allows 90-day periods to cure for non-financial defaults of oil and gas leases.

Outfitters and Guide	25	1	1	<a href="#">Rules of the Idaho Outfitters and Guides Licensing Board</a>	2.05	This definition is unnecessary because the Idaho Open Meetings Act defines a Board meeting and the definition does not add anything substantive to the information contained in Rule 071 or the direction in Idaho Code § 36-2106, which requires the Board to meet at least four times per year.
Outfitters and Guide	25	1	1	<a href="#">Rules of the Idaho Outfitters and Guides Licensing Board</a>	2.08	This definition is unnecessary and addressed in other ways, such as Rule 013 that instructs that "[e]very section of the application must be completed in detail unless it does not apply to the type of license requested."

Outfitters and Guid	25	1	1	<a href="#">Rules of the Idaho Outfitters and Guides Licensing Board</a>	2.21	This definition is unnecessary because it is addressed in the rules of the administrative rules coordinator in IDAPA 44.01.01.005, which states “[f]or all administrative rules in Idaho, the terms and references used in the masculine include the feminine and vice versa, as appropriate.”
Outfitters and Guid	25	1	1	<a href="#">Rules of the Idaho Outfitters and Guides Licensing Board</a>	2.4	This definition is unnecessary because the use of the word “rules” in the rest of the chapter is not ambiguous and/or specifically refers to “these rules” or the “rules of the Board.” Also, any other reference to “rules” that are not the rules of the Board, such as the IDFG rules, specify that they refer to the IDFG rule and/or include the IDAPA citation.
Outfitters and Guid	25	1	1	<a href="#">Rules of the Idaho Outfitters and Guides Licensing Board</a>	2.46	This definition relates to a process that was eliminated in 2009; therefore, that term is no longer used in the rules. In 2009, the Board eliminated the requirement that it validate all training forms documenting guide training. Instead, the Board has the outfitter retain training logs/forms and make those available for inspection (Section 034.03).

These sub-rules govern Class 2 injection wells. Class 2 wells are the class of wells used to inject: process water from oil and gas pumping; fluids used for enhancing the recovery of oil or natural gas; and liquid hydrocarbons (at standard temperatures and pressures) for underground storage. In 2018, Idaho voluntarily transferred primacy over Class 2 injection wells to the EPA. Class 2 wells are currently administered by the EPA (see 40 CFR Part 147). Now that the EPA administers Class 2 injection wells in Idaho, these sub-rules are contrary to federal rule.

Water Resources	37	3	8	<a href="#">Water Appropriation Rules</a>	040.02.d	This rule is no longer consistent with Idaho Statute. The opportunity to receive notification by mail was replaced in Idaho Code § 42-203A(3) with a requirement for notice on IDWR's internet homepage.
Water Resources	37	3	8	<a href="#">Water Appropriation Rules</a>	50.07	This rule restates unambiguous requirement from Idaho Code § 42-204 and is unnecessary.
Water Resources	37	3	8	<a href="#">Water Appropriation Rules</a>	Part of rule 035.01.a	This rule is inconsistent with Idaho statute and incorrectly states that certain changes to existing water rights require the filing of an application for permit. The requirement is not consistent with the requirement of Idaho Code § 42-222 requiring the filing of an application for transfer to change an existing right.

Water Resources	37	3	8	<a href="#">Water Appropriation Rules</a>	Part of rule 035.01.b	This rule is inconsistent with Idaho Code § 42-111(3).
Water Resources	37	3	8	<a href="#">Water Appropriation Rules</a>	Part of rule 035.03.b.ii	This rule is out of date and requires IDWR to use local common names for water sources, but in many instances IDWR does not know the local common name or in other instances multiple names are used locally.

Water Resources	37	3	12	<a href="#">IDWR Water Distribution Rules - Water District 34</a>	10.14	This rule is unnecessary as all references to the SRBA are being deleted from these rules.
Water Resources	37	3	12	<a href="#">IDWR Water Distribution Rules - Water District 34</a>	20	This rule is unnecessary as we now have general provisions that govern conjunctive administration and separate streams in Basin 34. Parts of this rule are inconsistent with SRBA Basin 34 general provisions. Furthermore, parts of this rule are restatements of law and are not necessary for administration.
Water Resources	37	3	12	<a href="#">IDWR Water Distribution Rules - Water District 34</a>	Parts of rules 025.01	Because section 020 is being deleted, the reference to section 020 is being deleted here.
Water Resources	37	3	12	<a href="#">IDWR Water Distribution Rules - Water District 34</a>	035.02, 035.03, 035.06, and 035.07	These rules are unnecessary as IDWR already has a separate measurement order in place. These rules are not necessary because they are either duplicative of Idaho Code or they are outdated with current IDWR water measurement standards. Rules 35.02 and 35.03 are not consistent with current IDWR measurement standards. Rule 35.06 is not necessary since the Director already has inherent authority to allow a measuring device exemption. Rule 35.07 is confusing and redundant with both Rule 35.01 and Idaho Code § 42-701.
Water Resources	37	3	12	<a href="#">IDWR Water Distribution Rules - Water District 34</a>	Parts of rule 040.01 and 040.01.a,	Sections of these rules are outdated, restatements of law and inconsistent with current, more accurate administrative practices.

Water Resources	37	3	12	<a href="#">IDWR Water Distribution Rules - Water District 34</a>	40.07	This rule is not consistent with SRBA General Provision 2; the rule is actually more restrictive than the General Provision.
Water Resources	37	3	12	<a href="#">IDWR Water Distribution Rules - Water District 34</a>	45	This rule is outdated as the SRBA Court has decreed all rights in Basin 34 and we are no longer operating on list of water rights approved for interim administration. Water Resources	37	3	12	<a href="#">IDWR Water Distribution Rules - Water District 34</a>	50	This rule contains elements that are addressed by general provisions issued by the SRBA Court, are restatements of law, and are already addressed by the state wide rules for conjunctive administration.

Water Resources	37	3	12	<a href="#">IDWR Water Distribution Rules - Water District 34</a>	55.01	This rule is a restatement of law.
Water Resources	37	3	12	<a href="#">IDWR Water Distribution Rules - Water District 34</a>	55.02	This is unnecessary. This rule states that the maximum annual field head gate volume is 3.5 AFA. But the rule goes on to state that the volume limit does not apply to water rights for which the limit is not stated on the water right. If the limit is stated on the water right, it is unnecessary to have it mentioned in the rules. Water use is regulated by the total volume and rate of diversion listed on the water right decree or license.
Water Resources	37	3	12	<a href="#">IDWR Water Distribution Rules - Water District 34</a>	55.03	This rule is unnecessary since water use under combined rights is regulated by the total volume and rate of diversion listed on the water right decree or license, along with combined use limit conditions placed on water rights.
Water Resources	37	3	12	<a href="#">IDWR Water Distribution Rules - Water District 34</a>	55.04	This rule is unnecessary since water use, including the use of water for conveyance loss, is regulated by the rate of diversion listed on the water right decree or license along with any related water right conditions. Most of the language in this rule amounts to statements of fact or a reiteration of information already included in the water rights. The rule is not necessary for water right administration.
