FY 2018 Budget Highlights

Statewide

- The Governor’s FY 2018 budget recommendation to the Legislature included a beginning balance of \$100,886,800 and a revised revenue estimate of \$3,630,875,300. The Governor’s recommendation was a 7% increase from the FY 2017 Total Expenditures and was projected to end the fiscal year with a balance of \$155,910,600.
- The Joint-Finance-Appropriations Committee (JFAC) adopted a higher revenue estimate of \$3,650,875,300.
- After legislative action, the FY 2018 Total Appropriation is a 6.99% increase from the FY 2017 Total Expenditures, and DFM projects an ending balance for FY 2018 of \$113,227,400.

General Fund Revenue and Expenditures

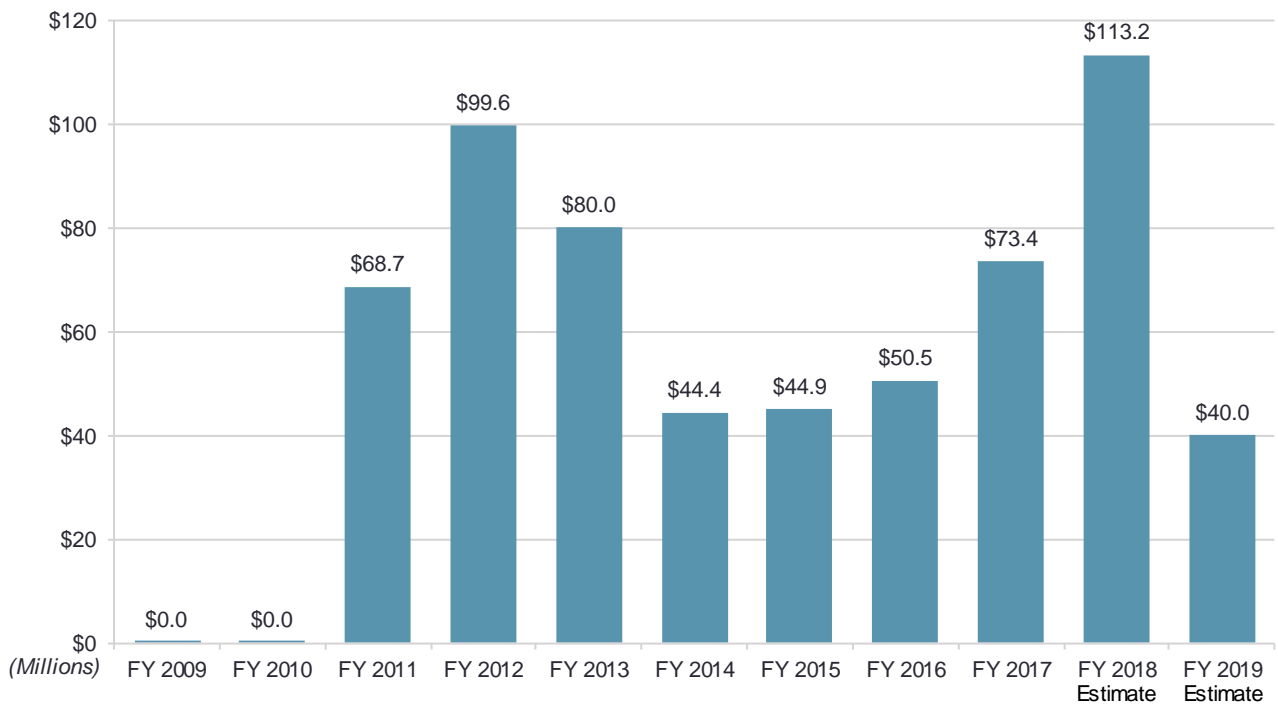

FY 2019 Budget Highlights

Statewide

- The Governor’s revised budget recommendation reflected a 6.62% increase in spending. The Legislature’s final action on the General Fund budget reflected an increase of 5.86%.
- The Governor’s recommendation included \$69,249,200 in transfers to and from other funds. The Legislature approved \$89,774,200 in transfers to and from other funds.
- The Governor introduced significant tax relief that was supported by the Legislature. \$115,000,000 in tax relief over three years was provided through a reduction of the unemployment insurance tax and \$130,000,000 was provided in income tax relief. Income tax relief included returning to Idaho taxpayers revenue generated from conforming to tax changes at the federal level. This tax relief/tax conformity package dropped income tax rates in all brackets for individuals and businesses by 0.475 percentage points and created a \$205 nonrefundable Idaho child tax credit.

General Fund Ending Balances

K through Career

The Governor recommended and the Legislature appropriated funding to continue implementing recommendations from the Governor's Task Force for Improving Education. The Governor's recommendation for the Public School Support Program was a 6.0% increase over the FY 2018 General Fund appropriation, while the Legislature's appropriation was a 5.9% increase.

- **Career Ladder.** The Governor recommended and the Legislature appropriated \$41,667,200 for the fourth year of the five-year funding plan for the career ladder for certificated instructional employees and pupil service staff.
- **Technology.** The Governor recommended the addition of \$10,000,000, and the Legislature appropriated \$10,500,000, to the existing base funding of \$26,000,000. This contributes to the fulfillment of the task force recommendation to invest \$60,000,000 in classroom technology.
- **Professional Development.** The Governor recommended \$4,250,000 and the Legislature appropriated \$600,000 for additional teacher professional development.
- **College and Career Counseling.** The Governor recommended \$5,000,000 and the Legislature appropriated \$2,000,000 for college and career counseling. The addition of \$2,000,000 to the existing base funding for college and career counseling brings the ongoing total to \$9,000,000 annually.
- **Advanced Opportunities.** The Legislature followed the Governor's recommendation for \$8,000,000 to accommodate the increase in the number of students utilizing the Advanced Opportunities Program.
- **Literacy Phase Two.** The Governor recommended \$6,500,000 and the Legislature appropriated \$1,740,300 to provide intervention for kindergarten through third-grade students who score basic on the state's reading indicator.

In addition to the recommendations of the Governor's Task Force for Improving Education, funding was recommended and appropriated for other strategic investments in education.

- **STEM Computer Science Initiative.** The Legislature followed the Governor's recommendation for a one-time \$2,000,000 General Fund transfer to the STEM Education Fund to support the computer science initiative. This funding will support the needs of educators and industry, including computer science professional development, grants, workforce development, and data and gap analyses related to computer science.
- **Career Technical Education Middle School Quality Program.** The Governor's recommendation to expand Career Technical Education to seventh and eighth graders was adopted. This will result in greater skill development and career preparation for post-secondary credits, industry certifications, and apprenticeship programs.
- **Career Technical Education Secondary Incentive Funding.** The Governor recommended and the Legislature appropriated \$300,000 to expand funding to award high-performing secondary Career Technical Education programs and those programs in need of additional support and technical assistance. Funding will be used to award programs beyond the statutorily authorized agricultural and natural resources education programs and will include such programs as business management and marketing, engineering and technology, family consumer sciences, health sciences, and skilled and technical sciences. Legislation passed to include these programs under the same provisions as the agricultural and natural resources education programs.
- **Career Technical Education Program Alignment.** Funding to align 15 programs to allow students to transition directly from secondary to post-secondary programs was provided.
- **Science Technology Academies Reinforcing Basic Aviation Space Exploration (STARBASE).** STARBASE, a federally funded program that brings Idaho fifth graders to Gowen Field for five days of science, technology, engineering, and math education, was funded.

Summary Tables and Graphs

In the higher education budget, funding was recommended and appropriated to reflect the recommendation of the Higher Education Task Force that funding be student-centric and focused on system-wide needs.

- **Integration of Higher Education Systems.** The Higher Education Task Force recommended integrating the higher education system for the purpose of eliminating inefficiencies and generating cost savings. Part of this integrated system will include the implementation of a shared services operation to support back office functions including information technology, finance, human resources, and procurement across higher education. A contract with a systems integration consultant to study how best to create an integrated system was funded at \$250,000.
- **Opportunity Scholarship.** The Governor recommended \$5,000,000 and the Legislature appropriated \$3,500,000 for additional Opportunity Scholarship awards in response to the recommendation from the Higher Education Task Force. In support of the goal of at least 60% of Idaho citizens between the ages of 25 and 34 having a post-secondary degree or certificate by 2025, legislation passed allowing up to 20% of the funds appropriated to the Opportunity Scholarship to be used for the Adult Completion Scholarship.
- **Degree Audit/Data Analytics System.** \$350,000 was appropriated to implement a degree audit and data analytics system, as recommended by the Higher Education Task Force and the Governor, that will enable early identification of students who need additional support or guidance and help students track their progress toward degree completion.
- **Higher Education Operations.** The Governor recommended and the Legislature appropriated other available funding toward addressing the continuity of operations, such as the enrollment workload adjustment and occupancy costs. Occupancy costs included in the Executive Budget are for the Boise State University Fine Arts Building, Campus Planning and Facilities Building, and the Alumni and Friends Center; the Idaho State University Eames Complex; and the University of Idaho Aquaculture Research Institute Lab, University House, Food Research Building, and Agriculture Science Building.
- **College of Eastern Idaho.** Since voters have approved of the conversion of Eastern Idaho Technical College (EITC) to the College of Eastern Idaho, the Governor recommended and the Legislature appropriated ongoing funding and a transfer of funding from Career Technical Education that was previously used for career technical education at EITC to the newly formed community college.
- **College of Western Idaho Health and Science Building.** The Governor recommended and the Legislature appropriated a \$10,000,000 transfer to the Permanent Building Fund for the construction of the Health Sciences Building on the Nampa Campus of the College of Western Idaho. This building will support continued growth in the health sciences programs including nursing, dental assisting, surgical technology, physical therapy, and certified nursing assisting.

To meet the state's demand for skilled labor, the Governor recommended and the Legislature appropriated funding for recommendations of the Governor's Workforce Development Task Force.

- **Workforce Development Council.** To create more focused attention on the state's workforce needs, legislation introduced by the Governor creating the Workforce Development Council in the Executive Office of the Governor was passed. The Council will ensure that the requirements of the Workforce Innovation and Opportunity Act are met, set statewide policy on workforce development, and oversee the use of the Workforce Development Training Fund, including the deployment of grants for training and retraining needs of the Idaho workforce. This dedicated funding was previously appropriated to the Department of Labor.
- **Post-secondary Capacity Expansion.** The Governor recommended \$978,900 and the Legislature appropriated \$1,683,300 to continue to build Career Technical Education (CTE) training capacity at six post-secondary institutions throughout the state to produce more graduates for high-demand jobs. The following programs were funded: College of Southern Idaho's Apprenticeship Program (\$209,000) and Paramedic Program (\$238,100); College of Western Idaho's Occupational Therapy Assistant Program (\$217,300) and Unmanned Aerial Systems Program (\$134,900); College of Eastern Idaho's Registered Nursing Program (\$111,800) and Web Development

Technology Program (\$160,800); Idaho State University's Energy Electrical Engineering Program (\$155,000), Unmanned Aerial Program (\$78,000), and Information Technology Systems Program (\$37,200); Lewis Clark State College's Graphic Communications Program (\$83,300) and Diesel Technician and Collision Repair Programs (\$52,500); and North Idaho College's Dental Hygiene Program (\$120,900) and Cybersecurity Program (\$84,500).

- **Workforce Training Centers.** The Legislature followed the Governor's recommendation for \$750,000 to enhance support for Idaho's six workforce training centers and the individuals they serve with short-term, industry-focused training. This funds an additional \$125,000 per center beyond the \$80,500 they currently each receive from Career Technical Education.
- **Career Technical Education Online Courses.** The Governor's recommendation of \$70,000 was funded to continue efforts to develop online Career Technical Education classes by funding the development of four online courses through the Idaho Digital Learning Academy.
- **Career Information System.** The Legislature followed the Governor's recommendation that the Career Information System (CIS) be transferred from the Department of Labor to the Office of the State Board of Education (OSBE). Consolidating these functions will better address the need for centralized and improved college and career counseling tools identified in both the Workforce Development Task Force and Higher Education Task Force recommendations. OSBE plays a significant role in aiding students as they prepare for life after high school through coordination of statewide college-to-career activities and its Next Steps Idaho initiative and website. CIS will complement and enhance OSBE's efforts to provide tools for college and career planning to students, school districts, and public post-secondary institutions.

In an effort to address the shortage of physicians and medical residencies in Idaho, additional funding was provided.

- **WWAMI Medical Education.** The Governor recommended and the Legislature appropriated \$802,200 for the expansion of the Washington, Wyoming, Alaska, Montana, and Idaho Medical Education Program at the University of Idaho.
- **University of Utah Medical School.** The Governor recommended and the Legislature appropriated \$87,600 for the third year of the two University of Utah School of Medicine (UUSOM) seats added in FY 2017 on behalf of Idaho students. The four-year commitment will result in a total of 40 Idaho UUSOM students enrolled in medical school by FY 2020.
- **WICHE Mental Health Program.** To address the shortage of mental health professionals in Idaho, the Governor recommended and the Legislature appropriated \$125,000 to build an American Psychological Association-accredited psychology internship program in partnership with the Western Interstate Commission for Higher Education.
- **Psychiatry Residency Program.** The Governor recommended \$82,200 and the Legislature appropriated \$240,000 to increase the per-resident amount.
- **Eastern Idaho Regional Medical Center.** The Eastern Idaho Regional Medical Center internal medicine program has gained accreditation by the Accreditation Council for Graduate Medical Education. The Legislature followed the Governor's recommendation to fund an internal medicine director, internal medicine residency coordinator, and 10 internal medicine residents. This is the first year of a three-year commitment that will result in a total of 30 internal medicine residents.
- **Bingham Internal Medicine.** By FY 2020, the Bingham Internal Medicine Program will transition to a residency accredited by the Accreditation Council for Graduate Medical Education and, in so doing, will need to grow its class size to a minimum of five residents per class. The Legislature followed the Governor's recommendation to fund an internal medicine director, internal medicine residency coordinator, and 12 internal medicine residents. This is the first year of a four-year commitment that will result in a total of 15 internal medicine residents.

Summary Tables and Graphs

State Employees

The Legislature followed the Governor's recommendation for a 3% change in employee compensation to be based on merit with flexibility for directors to address agency needs, as well as for shifting the pay scale upward by 3%. The Legislature also followed the Governor's recommendation for the use of insurance reserves for a two-month premium holiday.

Strategic Investments

- **Behavioral Health Community Crisis Centers.** To fulfill the commitment that each region of the state have a community crisis behavioral health center, the Governor recommended and the Legislature appropriated \$2,567,500 for centers in regions two, three, and six.
- **Child Welfare Staffing.** The Governor recommended \$955,400 and 13.0 FTP to help address the increased needs of the children and families served by the Department of Health and Welfare. The Legislature funded the recommended direct care positions, which consisted of \$662,500 and 9.0 FTP for seven child welfare social workers and two child welfare supervisors.
- **Expanded Access Program.** Funding was recommended and appropriated to cover children eligible for the Expanded Access Program. The Expanded Access Program was created by Executive Order 2015-03 as a treatment option for Idaho children with treatment-resistant epilepsy to receive Epidiolex, a medication not yet FDA-approved or commercially available. The program provides medication free of charge from the pharmaceutical company but the state is required to pay the program's administrative costs to enroll participants.
- **Youth Suicide Prevention.** The Governor recommended and the Legislature appropriated \$256,600 for Sources of Strength, an evidence-based wellness and suicide prevention program, to expand into 17 additional schools across the state, implement another evidence-based pilot in Idaho public elementary schools, and provide booster trainings for previously trained schools.
- **Information Technology Systems.** The Governor recommended and the Legislature appropriated \$17,800,000 for three information technology systems at the Department of Health and Welfare (IDHW): the Child Support Enforcement System, the Child Welfare Information System, and the Medicaid Management Information System. The third and final year to update the Child Support Enforcement System, which supports over 400,000 parents and children and collects and distributes over \$215,000,000 of child support payments, will be used to create improvements in child support automation and business processes. IDHW is in the third year of a five-year project to modernize the Child Welfare Information System, which tracks case information for child welfare families, processes foster care payments, determines funding eligibility, and generates referrals to the Medicaid and child support programs. Also recommended is a third-party vendor verification and validation of the Medicaid Management Information System as required by the Centers for Medicare and Medicaid Services.
- **Idaho Department of Correction Bed Expansion.** The Governor recommended and the Legislature appropriated \$2,714,800 and 7.0 FTP as a FY 2018 supplemental for a system-wide 99-bed expansion to house current year population growth, and a 95-bed expansion in FY 2019 to accommodate forecasted inmate population growth.
- **Idaho Department of Correction Community Reentry Center.** The Legislature followed the Governor's recommendation for a \$9,114,200 transfer to the Permanent Building Fund for an additional community reentry center. This minimum custody correctional facility will provide additional housing for a growing offender population while preparing offenders for a positive reentry into the community.
- **Idaho Department of Correction Offender Management System.** The Governor recommended replacing the offender management system at the Idaho Department of Correction, and the Legislature provided funding for the cost of the first phase. The current system is over 12 years old, written in an outdated language, and does not interface with newer systems such as electronic medical records and the inmate account management system. In order to adequately manage the offender population and provide reliable data to decision makers, the system needs to be replaced.

- **Idaho State Police Patrol Officers.** To target rural areas throughout the state and improve officer coverage and response times, the Legislature appropriated \$1,239,800 for the Governor's recommendation for five remote resident Idaho State Police (ISP) troopers, one resident ISP trooper, and one ISP sergeant.
- **911 CAMA Trunks/ALI Circuits.** The Governor recommended and the Legislature appropriated \$104,900 to enhance the emergency dispatch system with centralized automated message accounting (CAMA) trunks and automatic location identification (ALI) circuits, which will allow dispatchers to pinpoint the location of the 911 caller. CAMA trunks and ALI circuits will also allow for automatic number identification and ALI information to roll over to Idaho State Police dispatch when transferred from allied agencies.
- **Forensic Instruments.** The Governor recommended and the Legislature appropriated \$858,000 for the purchase of two liquid chromatography tandem-mass spectrometers to modernize current forensic methods and provide qualitative and quantitative toxicology testing in the Coeur d'Alene and Pocatello labs. The instruments will allow the labs to increase the number of drugs screened, become more efficient, and lower the detection and quantitation levels for the drugs detected.
- **Forensic Scientists.** The Governor recommended and the Legislature appropriated \$346,300 for a chemist, a latent print analyst, and a DNA database supervisor in the Meridian lab to address increased demands of the chemistry, latent print, and DNA database disciplines.
- **Priest Lake Management Infrastructure Improvements.** A recent evaluation of strategies to meet the long-term water management and recreation access solutions for Priest Lake and the Priest River system found that required work to the Priest Lake Outlet Dam, the 3-mile long channel known as the Thorofare, and the timber breakwater at the north end of Priest Lake would cost \$5,000,000. The Governor recommended and the Legislature appropriated \$2,400,000 for the project. Additionally, the Idaho Water Board identified \$2,419,600 in existing funding for the project and impacted local communities will collaborate to identify sources for the remaining funds.
- **Idaho Pollutant Discharge Elimination System.** The Governor recommended and the Legislature appropriated \$665,600 and 5.8 FTP to provide for the continued implementation of the Idaho Pollutant Discharge Elimination System for the state to assume primacy from the Environmental Protection Agency.
- **Volkswagen Settlement.** The Governor designated the Department of Environmental Quality to act as beneficiary to receive Volkswagen settlement monies and distribute them to statewide projects intended to offset the air pollution emitted by the vehicles that violated the Clear Air Act due to negligence by Volkswagen. The Legislature appropriated \$5,500,000 so the settlement monies can be spent.
- **Good Neighbor Authority Program.** To expand the state's ability to conduct forest management practices on National Forest System lands, the Governor recommended and the Legislature appropriated \$3,801,900 and 7.0 FTP in dedicated funds be used for personnel, contracts, and stumpage fees.
- **Good Neighbor Authority Rangeland Program and Range Specialist.** The Governor recommended and the Legislature appropriated \$125,100 for a range specialist to review, plan, and coordinate federal grazing permit renewals; work with private contractors and the Bureau of Land Management to streamline environmental planning; and to provide technical assistance and contracting for rangeland sage-steppe restoration activities on federal lands under the Good Neighbor Authority.
- **State Park Repair and Maintenance.** The Governor recommended and the Legislature appropriated \$2,037,000 to address necessary maintenance in state parks.
- **Billingsley Creek.** The Governor recommended and the Legislature appropriated \$3,515,000 for improvements at the new Billingsley Creek unit of Thousand Springs State Park. Projects include an entrance road, paved and unpaved trails, a 50-site recreational vehicle campground, a redesign of the irrigation system, an arboretum with elevated camping structures, fishing and paddling access, and preliminary engineering and design work for a visitor center.

Summary Tables and Graphs

- **Idaho's Business Information Infrastructure Modernization.** The Governor and the Legislature supported the State Controller's request for funding to replace the state's accounting and payroll system. The current system is over 30 years old and at the end-of-life. Legislation was passed redirecting indirect cost recovery funding into a dedicated fund to raise the necessary \$102 million in a five-year period.
- **Office of Information Technology.** To continue and strengthen efforts to protect state resources and keep citizens' personal information safe, the Governor recommended consolidating the director of information security and the staff of the Division of Information Technology at the Department of Administration into the Office of Information Technology. This will standardize and optimize cyber capabilities throughout state government. Critical enhancements are recommended to provide support, increase security and storage capacity, and enhance the ability of the state to connect with citizens through online tools.
- **Idaho Department of Transportation Construction Projects.** The Governor recommended and the Legislature appropriated \$46,731,500 in state dedicated and federal fund spending authority for highway construction.
- **Orchard Combat Training Center.** The Governor recommended and the Legislature appropriated \$31,000,000 in federal fund spending authority for a training facility at the Orchard Combat Training Center and barracks at Gowen Field.

EXPLANATION OF EXPENDITURE ADJUSTMENTS: The law allows for adjustments to be made to the expenditure limit when the costs of a program are transferred between the state and local government and when funds provided by the federal government to the state are eliminated or significantly reduced. The following adjustments have been made under these circumstances:

FY 2007 (special session) - The Legislature appropriated \$250.6 million for Public Schools to replace local maintenance and operations property tax levies.

NOTE: Between FY 1989 and FY 1992 the Legislature included its estimate of the previous fiscal year's ending General Fund balance in the next year's appropriation to fund one-time items. Effective in FY 1995, the law was changed to exempt all one-time expenditures regardless of the fiscal year of the fund source. The last two columns reflect the removal of the projected surplus appropriated for one-time expenditures for fiscal years prior to 1995 and the removal of all one-time expenditures for fiscal years 1995 and beyond in order to calculate the ongoing General Fund expenditure amount, compared to the adjusted expenditure limit.

* Idaho Code Section 57-814(2)(b) limits the total amount in the Budget Stabilization Fund to no more than 10% of the previous fiscal year's total General Fund receipts. Prior to 1998 there was no limit on this fund's balance. From FY 1999 through FY 2000 the balance was limited to 5.0% of the General Fund appropriation. The limit was shifted to 5.0% of the previous fiscal year's total General Fund receipts in FY 2001. SB 1408 (2014) shifted the limit to 10% starting in FY 2015.

** SB 1301 overrode Idaho Code 57-814 for FY 2002 and essentially returned the two transfers that had been made.

*** SB 1227 authorized \$58.5 million transferred to balance FY 2010 year end; \$37.4 million transferred to General Fund agencies to help offset personnel costs reductions; and HB 372 authorized the transfer of \$1.5 million to the Secretary of State for election costs.
