4.32 Supplemental - Immunization Vaccine Funding: The Governor recommends increased spending authority for the Immunization Vaccine Fund. The federal government does not allow private insurance companies to purchase vaccines off the state contract at a reduced cost, however it does allow the state to collect funding from private insurance carriers and in turn use the funds to purchase the vaccines. This decision unit provides funding collected for the purchase of such vaccines.

12.01 Access to Recovery - Year 2: The Governor recommends increased federal fund spending authority for the continuation of the Access to Recovery (ATR) grant. The grant is administered by existing FTP and provides substance use disorder treatment to misdemeanants, adolescents engaged in the juvenile criminal justice system, and military men and woman who have served in Iraq. Additionally, the Department has petitioned the federal government to include dependents of military personnel that is pending federal approval. The Department intends to phase out services out at completion of the three-year grant in order to avoid General Fund replacement.

**Appropriation Adjustments**

- 4.31 Supplemental - Medicaid Eligibility System Changes: The Governor recommends one-time General Fund and federal fund spending authority to implement system changes to the Idaho benefits eligibility system in order to meet PPACA (federal health care reform) requirements. The anticipated total cost for implementation is \$34.8 million. The federal match rate for the implementation is 90%, resulting in a \$3.48 million impact to the General Fund. The Governor recommends a three-year phased-in approach for the funding, beginning in FY 2012 and ending in FY 2014.

The federal requirements affect three Health and Welfare programs; Self-Reliance, Medicaid Administration & Medical Management, and Indirect Support Services. This decision unit reflects the Self-Reliance portion of the implementation costs.

- 4.32 Supplemental - Child Support Loss of Federal Match: The Governor recommends increased General Fund to replace lost federal match funding. Idaho receives a federal incentive or "bonus" payment for child support collection success rate. Through ARRA, the federal government temporarily allowed states to use their federal incentive payment as though it was state funding to draw federal match. IDHW was able to absorb the loss during FY 2011 but is not able to cover the loss in FY 2012.

- 4.33 Supplemental - Food Stamp Multiple Day Issuance: The Governor recommends one-time dedicated fund and federal fund spending authority for implementation and operations of a ten-day multi day food stamp issuance. Currently, food stamps are issued to all eligible households on the first day of every month. The grocery store industry experiences problems with the policy of a one-day issuance due to the surge of business it creates in their stores on the first of the month. The industry reports the one-day issuance creates unnecessary congestion in the stores, creates waste by customers who cannot wait in the lengthy lines and abandon full carts of perishable goods, and results in additional staff over-time pay.

The Governor recommends one-time dedicated funds provided through contributions by the private grocer industry to help offset the one-time costs. The recommendation also uses one-time federal incentive award funding to offset the FY 2012 General Fund expense, as well as for the federal one-time and ongoing share of expenses. This one-time federal incentive award has adequate funding to cover the ongoing portion of the General Fund costs again in FY 2013, but will require replacement ongoing General Fund appropriation in FY 2014.

12.02 Medicaid Eligibility System Changes: The Governor recommends one-time General Fund and federal fund spending authority to implement system changes to the Idaho benefits eligibility system in order to meet PPACA (federal health care reform) requirements. The anticipated total cost for implementation is \$34.8 million. The federal match rate for the implementation is 90%, resulting in a \$3.48 million impact to the General Fund. The Governor recommends a three-year phased-in approach for the funding, beginning in FY 2012 and ending in FY 2014.							
The federal requirements affect three Health and Welfare programs; Self-Reliance, Medicaid Administration & Medical Management, and Indirect Support Services. This decision unit reflects the FY 2013 Self-Reliance portion of the implementation costs.

12.03 Food Stamp Multiple Day Issuance: The Governor recommends one-time federal fund spending authority for operating of a ten-day multi day food stamp issuance. Currently, food stamps are issued to all eligible households on the first day of every month. The grocery store industry experiences problems with the policy of a one-day issuance due to the surge of business it creates in their stores on the first of the month. The industry reports the one-day issuance creates unnecessary congestion in the stores, creates waste by customers who cannot wait in the lengthy lines and abandon full carts of perishable goods, and results in additional staff over-time pay.							
The Governor recommends one-time implementation and operating costs in supplemental DU 4.33. Additionally, the Governor recommends use of a one-time federal incentive award for the ongoing costs in FY 2013, with the anticipation it will require replacement ongoing General Fund appropriation in FY 2014.

4.31 Supplemental - TANF Maintenance of Effort: The Governor recommends increased funding to meet federal Temporary Assistance for Needy Families (TANF) maintenance of effort requirements. A recent legislative audit decision found that the department was improperly allocating expenditures to the TANF grant resulting in a General Fund shortfall. IDHW requested funding to cover the audit finding in FY 2011. They received no new ongoing appropriation to cover the need, but did receive necessary one-time program transfers from across the department to meet the need for FY 2011.

When filing personal income tax forms for the state of Idaho, taxpayers have the option to donate their grocery tax credit to the Department of Health and Welfare (IDHW) for assistance programs. IDHW has been collecting these donations but currently lacks spending authority to use any of these funds.

The funding must be spent by March 31, 2012. Grant funds are intended to improve home energy efficiency for low-income families.

12.01	Managed Care: The Governor recommends one-time General Fund and federal fund spending authority for development of a managed care plan. IDHW was instructed in legislation during the 2011 legislative session to pursue managed care options for Medicaid. These funds will provide necessary personnel costs, operating expenditures, and capital outlay for staff, as well as funds for contracting services for this development. Existing vacant FTP from within the department will be used.

12.07	Creation of the Division of Licensure and Certific: The Governor recommends a transfer from the Division of Medicaid to create a new Division of Licensure and Certification. The transfer moves the FTP and associated costs personnel costs and operating expenditures from the Bureau of Facility Standards, and the following State Certification programs: Residential Assisted Living Facilities, Developmental Disability and Residential Habilitation Agencies, and Certified Family Homes, from the Division of Medicaid to this newly created division. Creation of this division is a more appropriate structure than currently residing these licensure programs in the same division as the benefit payor. The creation of this division is budget neutral and only transfer existing resources from within the Department.

12.08 Medicaid Eligibility System Changes: The Governor recommends one-time General Fund and federal fund spending authority to implement system changes to the Idaho benefits eligibility system in order to meet PPACA (federal health care reform) requirements. The anticipated total cost for implementation is \$34.8 million. The federal match rate for the implementation is 90%, resulting in a \$3.48 million impact to the General Fund. The Governor recommends a three-year phased-in approach for the funding, beginning in FY 2012 and ending in FY 2014.

The federal requirements affect three Health and Welfare programs; Self-Reliance, Medicaid Administration & Medical Management, and Indirect Support Services. This decision unit reflects the FY 2013 Medicaid Administration and Medical Management portion of the implementation costs.

4.31 Supplemental - SCHIP Vaccines: The Governor recommends increased General Fund and federal fund spending authority for SCHIP client vaccines. The Centers for Medicare and Medicaid Services and the Centers for Disease Control have changed the interpretation of federal regulations, no longer allowing SCHIP clients to be covered by the 100 percent federally funded Vaccines for Children program, but will allow for the reduced purchase costs of vaccines off the state contract. 12.01 General Fund Increase for Assessment Sunset: The Governor recommends replacement funding for the sunset of the Medicaid Provider Assessment set to expire June 30, 2012. The agency requests a total of \$36.4 million General Fund to offset the costs the provider assessment is currently contributing. The Governor recommends state funding be used for a portion of this gap, as well as one-time funding provided through a temporary one-year continuation of the assessment for incremental replacement. The state funding provided across the three eligibility groups totals \$20 million, transferred from federal fund and dedicated fund cash reserves at the Division of Veterans Services into the Cooperative Welfare Fund. 12.01 General Fund Increase for Assessment Sunset: The Governor recommends replacement funding for the sunset of the Medicaid Provider Assessment set to expire June 30, 2012. The agency requests a total of \$36.4 million General Fund to offset the costs the provider assessment is currently contributing. The Governor recommends state funding be used for a portion of this gap, as well as one-time funding provided through a temporary one-year continuation of the assessment for incremental replacement. The state funding provided across the three eligibility groups totals \$20 million, transferred from federal fund and dedicated fund cash reserves at the Division of Veterans Services into the Cooperative Welfare Fund. This decision unit represents the Enhanced Medicaid Plan portion of the funding.

<b>Appropriation Adjustments</b>							
4.31 Supplemental Medicaid Eligibility System Changes: The Governor recommends one-time General Fund and federal fund spending authority to implement system changes to the Idaho benefits eligibility system in order to meet PPACA (federal health care reform) requirements. The anticipated total cost for implementation is \$34.8 million. The federal match rate for the implementation is 90%, resulting in a \$3.48 million impact to the General Fund. The Governor recommends a three-year phased-in approach for the funding, beginning in FY 2012 and ending in FY 2014.							
The federal requirements affect three Health and Welfare programs; Self-Reliance, Medicaid Administration & Medical Management, and Indirect Support Services. This decision unit reflects the FY 2012 Indirect Support Services portion of the implementation costs.

4.33 Supplemental - SWITC Ridgecrest Drive Access & Cam: The Governor recommends one-time increased dedicated fund spending authority for design and realignment of Ridgecrest Drive, for entrance purposes to the SWITC facility. The project is in cooperation with the City of Nampa and the Nampa City Highway District. The department has a memorandum of understanding with the City of Nampa to pay for the design and management of the project in the amount of \$1,750,000 and the city will cover all costs beyond this amount. The road does not currently allow for left-hand turn entrance into the facility, which is problematic for a facility that requires easy access for emergency response vehicles. The funding recommended are dedicated fund receipts obtained through the sale of IDHW land.

**Description:** The Idaho Developmental Disabilities Services Act authorizes the Department of Health and Welfare to assume the leadership role for planning and arranging community services for children and adults with developmental disabilities; that is, persons who are disabled prior to age 22 due to environmental, genetic or health factors. Identification, screening and eligibility determination are key responsibilities of the seven Regional Adult and Child Developmental programs. Services such as therapy, housing, employment, service coordination, and respite care are contracted to numerous private providers. The Regional programs provide monitoring and quality assurance to determine that the consumer has an opportunity for informed choice and that services are implemented in a safe, cost-effective and efficient manner.
