

Part 1 – Agency Profile

Agency Overview

There are two family medicine residencies in Idaho – the Family Medicine Residency of Idaho (FMRI) in Boise and the Idaho State University Family Medicine Residency (ISU FMR) in Pocatello. Both programs are funded from State allocations, grants, local hospitals, Medicaid, Medicare, and other patient revenues. Family Medicine Residency of Idaho (FMRI), was founded in 1975 as a nonprofit, independent corporate entity. FMRI is Federally Qualified Health Center Look-Alike and a Federally Designated Teaching Health Center and is governed by a consumer-based independent board and has a Graduate Medical Education Committee that oversees all residency education functions. The Program Director and CEO of FMRI is Ted Epperly, MD. FMRI is affiliated with the University of Washington WWAMI Residency Network.

Core Functions/Idaho Code

There are two core functions of FMRI:

1. Training family physicians to provide care to populations throughout Idaho, to include rural, urban, and suburban. Idaho ranks 50th out of 50 in primary care physicians per capita in the USA and has a special problem recruiting physicians to settle in isolated rural Idaho. Ninety-five percent of all Idaho counties are Health Professional Shortage Areas for primary care. FMRI has an excellent track record of recruiting family physicians that settle and stay in Idaho. The Residency, including its Caldwell and Magic Valley Rural Training Track, is expanding and is growing to 42 residents in training at any one time and will be graduating 16 new family physicians each June. Currently, the residency programs are exceeding their recruitment target of 50% of their graduates staying within Idaho. Of the 253 FMRI graduates, 140 (55%) family physicians have been recruited and settled in Idaho since the beginning of our program.
2. Provision of services to underserved populations in Boise. Over the last three decades, the residency program has become the leading medical provider to the underserved population of Ada County. Reimbursement of medical services has been declining, while program costs have been climbing. FMRI provides over three million dollars in medical services to Medicaid, Medicare and the indigent and absorbs approximately one million dollars of uncompensated care annually. Residents who settle in Idaho communities have an excellent track record of continuing outreach services to Medicare, Medicaid and indigent patients and supporting free clinics in their communities.

Revenue and Expenditures

Revenue	FY 2008	FY 2009	FY 2010	FY 2011
General Fund	\$ 846,100	\$ 888,400	\$ 1,106,000	\$ 1,106,000
Total	\$ 846,100	\$ 888,400	\$ 1,106,000	\$ 1,106,000
Expenditure	FY 2008	FY 2009	FY 2010	FY 2011
Personnel Costs	\$ 761,490	\$ 761,790	\$ 995,400	\$ 995,400
Operating Expenditures	\$ 84,610	\$ 88,840	\$ 110,600	\$ 110,600
Capital Outlay	\$ 0	\$ 0	\$ 0	\$ 0
Trustee/Benefit Payments	\$ 0	\$ 0	\$ 0	\$ 0
Total	\$ 846,100	\$ 888,400	\$ 1,106,000	\$ 1,106,000

Profile of Cases Managed and/or Key Services Provided

Cases Managed and/or Key Services Provided	FY 2008	FY 2009	FY 2010	FY 2011
Number of Residents in Training	29	33	36	38
Average Total State Funded Dollar Cost per Resident as a Percent of Total Residency Training Costs	\$29,176	\$26,921	\$30,722	\$29,105
Number of Health Profession Students (non-physician) Receiving Clinical Training at FMR Facilities	19	25	23	27

Performance Highlights:

- Federally Qualified Health Center Look-Alike Re-Certification – FMRI submitted its annual recertification report to continue to be a Federally Qualified Health Center Look-Alike. This certification enhances FMRI’s ability to continue to act as a safety net provider for uninsured and underinsured individual through enhanced Medicare and Medicaid payments.
- Teaching Health Center – FMRI was awarded designation as a teaching health center by the federal government. This makes our program one of the first of 11 in the nation to receive this designation. A teaching health center is an entity that combines a federally qualified health center with a primary care residency, in our case a family medicine residency. It is a phenomenal feat for our program to become a cutting edge, first of its kind, new wave teaching health center that starts to address a new model of health care education and patient care based on the power of teams at the community level.
- Primary Care Residency Expansion (PCRE) Program Grants – FMRI was awarded two primary care expansion grants that enabled an increase the class size in Caldwell by one resident per year from a 2-2-2 program to a 3-3-3 program. In the Magic Valley it would increase the class size by one resident per year from 1-1-1 to a 2-2-2 program.

Part II – Performance Measures

Performance Measure	2008	2009	2010	2011	Benchmark
Percentage of Physician Residents Graduating	100%	100%	100%	100%	95%
Percentage of Graduates Successfully Completing Board Examination	100%	100%	100%	100%	95%
Percentage of Resident Training Graduates Practicing in Idaho	75%	56%	36%	50%	50%
Number of Residents Matched Annually	100%	100%	100%	100%	100%
Percentage of Qualified Idaho Residents Offered an Interview for Residency Training	100%	100%	100%	100%	100%
Retention of Full Continued Accreditation Status with a Five-Year Revisit Cycle	Full/5 Years	Full/5 Years	Full/5 Years	Full/5 Years	Full/4 Years

1. Recruitment – One hundred percent successful recruitment of top notch medical students every year since programs inception.
2. ABFM Board Certification – One hundred percent of all graduates have become ABFM Board Certified.
