I. INTRODUCTION

The Department of Insurance is a state agency created to regulate the business of insurance in Idaho. State regulation of Idaho's insurance business began in 1901. In 1961 the Insurance Code was expanded and re-codified into Title 41, Idaho Code. When the executive branch of state government was reorganized in 1974, the Department of Insurance became one of twenty major departments of the executive branch. The director of the department is appointed by the governor and is subject to confirmation by the state senate.

The first, and perhaps the most significant, part of the strategic plan is our Mission Statement, which identifies what we do and why we do it. Our Vision Statement is a description of how we envision the future. Our Values describe how we interact with the people of the state and with each other.

The department's goal is to provide superior service to all customers. This goal forms the basis for all the department's regulatory responsibilities. The Goals on the following pages set forth broad outcomes desired for each of the department's core regulatory divisions to attain superior service levels. The Objectives and Strategies describe how the department will reach a particular goal. Performance Measures and Benchmarks are intended to gauge progress toward achieving goals. The Performance Measures and Benchmarks used in this plan were determined by assuming that existing staffing and funding levels continue throughout the term of the plan. Output Measures are used to quantify the services we provide.

The department fulfills its mission and duties through two divisions: the Insurance Division and the State Fire Marshal's Office. The Insurance Division consists of three regulatory bureaus overseen by a deputy director. Support services are provided by an administrative group reporting to the Director. The responsibilities can be summarized as follows:

- **Administration:** The Director is responsible for the overall policy direction and management of the Department of Insurance. The Director's administration group includes the Deputy Director; the fiscal section with premium tax, a public information specialist and a human resource specialist for the Department of Insurance. The administration group provides oversight, guidance and strategic business partnerships to the Insurance Division and the State Fire Marshal.

- **Insurance Division:**
 - **Company Activities Bureau:** This bureau monitors and examines the financial condition of all insurance entities domiciled in the state of Idaho to assure that each complies with Idaho law and that the financial obligations of the company to its policyholders will be met. The bureau reviews all applications of insurers and qualifying self-funded healthcare plans seeking to do business in this state to determine eligibility for a certificate of authority to transact insurance or eligibility for registration as a self-funded healthcare plan. The bureau also licenses producers, adjusters, bail agents, third party administrators, and other licensees;

regulates title agents; and performs market conduct analyses and examinations of insurers and self-funded plans domiciled in Idaho.

- **Consumer Services Bureau:** This bureau researches consumer and industry complaints and provides assistance to consumers and the insurance industry on matters involving insurance contracts and potential violations of the insurance code. This bureau is also responsible for investigating criminal and civil violations of insurance laws, and referring cases involving both criminal and civil violations to the Attorney General for administrative action or criminal prosecution. Also within this bureau is Idaho's Senior Health Insurance Benefits Advisors (SHIBA) program which provides information, counseling and assistance on Medicare coverage issues to Idaho's Medicare eligible citizens through a network of over 100 volunteers and a help line staffed to service Idaho consumers.
- **Product Review Bureau:** This bureau reviews insurance and self-funded rates and forms. The bureau meets the effective rate review standards for the individual and small group health insurance markets, retaining state-level regulatory authority. The bureau supports the Idaho Health Insurance Exchange (Your Health Idaho) in fulfilling the plan management requirements, reviewing and certifying health plans that meet the Qualified Health Plan (QHP) standards. The bureau monitors changes to federal and state law that affect health plans and implements any necessary updates to Idaho insurance laws, rules or written guidance.
- **State Fire Marshal:** The State Fire Marshal's Office participates in and coordinates an integrated statewide system designed to protect human life from fire and explosions through fire prevention, investigation and public education activities. The program involves fire prevention activities, fire/arson investigations, code enforcement and the operation of the Idaho Fire Incident Reporting System. The State Fire Marshal's Office aids local fire and law enforcement agencies throughout the state.

II. MISSION STATEMENT

The mission of the Department of Insurance is to serve and protect Idahoans by equitably, effectively and efficiently administering the Idaho Insurance Code and the International Fire Code.

III. VISION STATEMENT

The Department of Insurance vision is:

- A regulatory environment in Idaho that is efficient, fair and effective.
- An insurance market that:
 - Encourages competition and job growth by making Idaho an attractive place in which to do business;
 - Maintains public confidence in the industry by providing effective protections to the insurance-buying public;
 - Is a state-based regulatory system:
 - Providing the most efficient and effective means of regulating the industry and responding to consumer needs;
 - Continuing the long track record of protecting consumers while meeting the unique needs and challenges of the various state markets;
 - Demonstrating the viability and effectiveness of state-based insurance regulation by promoting greater uniformity and efficiency in insurance regulation at the national level while making certain the unique needs of this state are also addressed.
- A State Fire Marshal's Office that will continue:
 - In its role as an essential resource for local governmental units by providing training and assistance when requested;
 - To take a proactive approach to fire prevention by improving and expanding the scope of its public outreach and fire prevention education programs;
 - To establish the origin and cause of fire by conducting competent and timely investigations and by assisting in criminal prosecution of those responsible.

IV. VALUES

In all areas of our work, the citizens of Idaho come first. Customer service to the public and to the industry members we regulate is a priority. We have a duty to the citizens to be responsive to their needs and look for ways to improve the services we offer. We also have a duty to manage our resources in an effective and efficient manner.

The department is committed to providing a workplace that is rewarding to its employees. We are a team, and each member of the team is valued and respected. The department supports and encourages professional development of all its employees. We strive to provide every employee an equal opportunity to be heard and to succeed. The actions and conduct of team leaders should inspire respect and admiration from the internal staff and all public sectors.

The insurance industry is complex and dynamic. To meet the challenges of regulating this industry, the department is committed to investing in the technological tools and training necessary to allow staff to achieve the goal of efficient, fair and effective regulation.

Leadership's Core Values are:

- We strive for excellence in customer service.
- We keep promises and commitments that we make with others.
- In order to build trust and provide superior service, we must always communicate in an open, honest, and respectful manner.
- As leaders at the DOI, we strive to demonstrate and motivate employees to provide service to industry, the public, and each other in a positive, collaborative, and solution-focused manner.
- We recognize we are stronger as a department than we are as individuals or sections. We work best in a team-oriented environment with opportunities for personal and professional growth.
- We choose to be leaders—which includes being accountable for our behavior, actions and results. We foster collaboration while maintaining individual accountability.
- We strive to recognize and appreciate the value of others.

V. KEY EXTERNAL FACTORS

- Moves by the federal government that preempt state authority regulating the business of insurance.
- The increasing population of the state which requires more resources to be allocated to insurance fraud, arson, fire prevention and direct consumer services.
- The changing demographics of Idaho's population including an increasing number of senior citizens needing assistance in choosing appropriate health care plans and insurance services.
- The spiraling cost of health care which impacts the availability, affordability and quality of health insurance and managed care plans available in Idaho.
- The effect of enacting the Patient Protection and Affordable Care Act of 2010 (ACA) with accompanying regulations and to what extent this act may be adjusted in 2020 and coming years.
- Responding to continued growth within the industry with available resources.
- The ability of the state to offer a compensation package to compete with industry in attracting and retaining persons with the necessary background, education and skills to effectively fulfill the regulatory duties of the department.
- Increasing demands for local fire related services will increase the demands for services such as training, fire investigations and inspections provided to local entities by the State Fire Marshal.
- National regulatory initiatives aimed at improving solvency regulation and increasing uniformity in state regulation that require changes to Idaho laws or investments in technology and staffing to complete.
- The impact on the insurance market from natural disasters and acts of terrorism.
- Legislative changes and court rulings.

VI. GOALS, OBJECTIVES, STRATEGIES AND MEASURES

A. COMPANY ACTIVITIES BUREAU

GOAL: TO EFFICIENTLY ENSURE THAT INSURERS DOING BUSINESS IN IDAHO ARE FINANCIALLY SOUND AND IN COMPLIANCE WITH IDAHO LAW.

Objective 1: *Monitor the financial condition of domestic, foreign and alien insurers.*

Strategies:

- Communicate with insurers to ensure a more complete understanding of analysis and examination objectives and standards.
- Provide high quality, timely and comprehensive analysis and examinations of the financial condition and market practices focusing on domestic insurers, and registered self-funded plans.
- Effectively use intra-departmental resources and those available through the National Association of Insurance Commissioners (NAIC) to enhance the effectiveness and quality of examinations and analyses while minimizing costs to the state and regulated entities.
- Maintain open and regular communication with insurers to quickly identify changes in financial position or operational practices that may negatively impact the financial health of insurance companies or be detrimental to policyholders and creditors.

Performance Measures and Benchmarks:

- Maintain accreditation by the National Association of Insurance Commissioners (NAIC) by:
 - Complying with national standards established for timeliness and quality of financial analyses.
 - Complying with national standards established for risk-focused financial examinations.
 - Successfully completing NAIC five-year accreditation reviews.
- Complete all financial examinations within 18 months of the “as of” date per NAIC national standards.

Output Measures:

- The number of analyses completed.
- The number of examinations completed.

Company Activities Bureau cont'd

Objective 2: To process admission applications in an effective and timely manner to admit financially sound insurers and other related entities that will offer quality insurance products and services to Idaho residents.

Strategies:

- Encourage use of the Uniform Certificate of Authority Application process.
- Monitor and update Idaho's state specific admission procedures to ensure relevancy while still maintaining standards and requirements required by Idaho law.
- Place a high priority on the approval of applications from entities that are financially sound and have a track record of service to customers.
- Evaluate an applicant's financial soundness and the products and services offered on a stand-alone basis.
- Comply with NAIC accreditation standards for domestic company applications and Form A acquisitions or mergers.

Performance Measures and Benchmarks:

In accordance with NAIC national standards:

- Approve or deny all applications within 30 days after an application is deemed complete and all admission requirements have been met.
- Monitor new admissions with respect to solvency and market conduct to make certain the department's admissions screening is successful. No newly licensed companies should be the subject of regulatory actions within one year of admission.

Output Measures:

- The percentage of applications approved or denied within 30 days after a complete application has been received.
- The number of companies subject to regulatory action within one year of admission.

Company Activities Bureau cont'd

Objective 3: To efficiently license qualified persons as insurance producers, adjusters, bail agents, third party administrators and other licensees.

Strategies:

- Continue to move to an electronic, paperless licensing environment.
- Monitor and improve opportunities for continuing education for licensees.
- Maintain an adequate number of trained, professional staff members to complete licensing responsibilities.
- Monitor and enforce compliance with appropriate rules.

Performance Measures and Benchmarks:

In accordance with NAIC Producer Licensing Model Act Standards:

- 90% of license processing will be completed in 5 business days or less.
- Increase the percentage of licenses, renewals, appointments, and other licensing transactions processed electronically to at least 95%.
- Increase continuing education course availability by 10%.

Output Measures:

- The number of producer and other license applications, renewals filed, and the percentage filed and processed electronically.
- The number of producer licenses approved, denied or revoked.
- The percentage of licenses processed within 5 business days or less.
- The number of continuing education courses analyzed and approved.

Company Activities Bureau cont'd

Objective 4: To fairly apply and administer state laws and rules related to title insurance.

Strategies:

- Maintain open and regular communication with title agents.
- Investigate potential violations of the insurance code by title agents.
- Conduct examinations of title agents to assure compliance with Idaho laws.

Performance Measures and Benchmarks:

In accordance with NAIC national standards:

- Complete examination of title agency every five years.
- Refer violation of insurance code by title agents for administrative action.

Output Measures:

- The number of title agencies examined and the percentage of examinations that were completed within five years or less.
- Number of completed investigations and legal referrals.

Company Activities Bureau cont'd

Objective 5: To monitor the market conduct and compliance with Idaho laws of companies writing business in Idaho

Strategies:

- Review company activities in the marketplace on an annual or more frequent basis.
- Use available resources to enhance the quality and efficiency of market analysis.
- Participate in statutory examination fieldwork regarding market conduct.

Performance Measures and Benchmarks:

In accordance with NAIC national standards:

- Identify 5% of companies who may be of most concern in the marketplace by appropriate industry criteria.
- Perform NAIC Level 1 market analyses for 100% of identified each year.
- Participate in statutory examination fieldwork with regard to market conduct.

Output Measures:

- Percent of NAIC Level 1 analyses performed annually.
- The number of examinations completed.

B. CONSUMER SERVICES BUREAU

GOAL: TO ASSIST THE PUBLIC WITH MATTERS INVOLVING INSURANCE BY PROVIDING COUNSELING AND ASSISTANCE TO INSURANCE CONSUMERS AND THE INSURANCE INDUSTRY, AND BY INVESTIGATING UNFAIR AND ILLEGAL PRACTICES AND INSURANCE FRAUD.

Objective 1: *To provide an effective forum for the analysis and resolution of consumer and industry inquiries and complaints.*

Strategies:

- Maintain an adequate number of well-trained staff able to effectively respond to inquiries and assist consumers in resolving issues with their insurance company or producer.
- Assist insurance companies, producers, and the public in resolving industry issues.
- Provide education and information to consumers and the insurance industry through classes, written materials and electronic media.
- Make the services of the DOI accessible to Idaho consumers through a variety of methods including in-person, online and via telephone.

Performance Measures and Benchmarks:

Performance measures and benchmarks are established based on history of inquiries/complaints received, investigated and closed:

- Respond to approximately 600 inquiries per month.
- Respond to approximately 850 consumer complaints per year.
- Investigate and resolve at least 90% of all complaints within 60 days.
- Close 80% of new complaints opened during the year.

Output Measures:

- The number of inquiries received.
- The number of consumer complaints opened and the number of cases resolved.
- The percentage of complaints resolved within 60 days of opening.

Consumer Services Bureau cont'd

Objective 2: To provide educational opportunities to all Idahoans and the insurance community.

Strategies:

- Offer outreach opportunities using web-based options or other non-traditional meeting methods to reach the less populated areas of Idaho.
- Access industry associations as a resource for outreach opportunities.
- Provide education and information to consumers and the insurance industry through classes, written materials and electronic media.
- Identify opportunities to inform the public of the services available to consumers through the Idaho Department of Insurance.
- Coordinate with the department's Public Information Officer to develop communication strategies such as news releases, flyers and online notices.

Performance Measures and Benchmarks:

Performance benchmarks are established based on availability of staff to provide presentations, trends in types of consumer questions received, and requests for future presentations topics received on class evaluation forms. Class evaluation forms are reviewed to determine effectiveness of the outreach:

- Complete at least 40 outreach opportunities per year including presentations to Idaho consumers with opportunities spread throughout the state.
- Reach 600 participants through outreach efforts including insurance industry and the public.
- Conduct 6 law presentations per year with a goal of 50 participants in each class.
- 90% of law class evaluations will be rated as "satisfactory" or better.

Output Measures:

- The number of outreach activities per year and the number of participants per outreach event.
- The number of insurance presentations per year and the number of participants per presentation.
- The number of law classes taught to the insurance industry per year and the total number of participants.
- The results of evaluations completed by law class participants.

Consumer Services Bureau cont'd

Output Measures:

- Number of Chapters of Administrative Code.
- Number of Words in Administrative Code (Excluding Table of Contents and Index).
- Number of Restrictions in Administrative Code.

VII. PROGRAM EVALUATION

This strategic plan is designed as a living document. The department assumes that circumstances will change during the term of this plan and that operational improvements within the department will create a need for revised objectives, strategies, measures and benchmarks. As a result, the department intends to periodically re-evaluate the plan.

The need for a strategic vision of the insurance industry and its effect on consumers that is as accurate and comprehensive as possible is critical. Therefore, the department will continue to communicate regularly with consumers, industry representatives and members of the legislature as a means of assuring that the department's strategic vision statement remains accurate and that the department's goals and objectives are perceived as being equitably, effectively and efficiently executed.

Addendum

Adoption of the NIST Cybersecurity Framework and Implementation of CIS Critical Security Controls 1 – 5.

As a technology customer of the Office of Information Technology Services (ITS) in the Governor's Office, we are using the cybersecurity systems and technical expertise in ITS to fulfill requirements related to Executive Order 2017-02. Staff from ITS briefed the NIST Core Framework, CIS Controls 1-5, and their plan for adoption of the NIST Cybersecurity Framework. We participate in DHR and ITS administered cybersecurity training, as awareness is a critical component of an effective cybersecurity program. As briefed by ITS staff, implementation of the CIS Controls 1-5 will be their responsibility for the systems they operate and, as technological tools applied to the computer systems, largely invisible to us as a customer. ITS, working through the multi-agency Incident Response Task Force, has developed an Incident Response Program in support of our agency.
