

Part 1 – Agency Profile

Agency Overview

The Governor’s Office of Energy Resources (OER) was established by Executive Order # 2007-15 on October 19, 2007. This order placed the OER within the Office of the Governor.

The duties, powers, and authorities of the Office of Energy Resources include advising the Governor, the Legislature and other public officials in matters related to the Idaho’s energy requirements, supply, transmission, and energy efficiency efforts. Additional responsibilities include coordinating and cooperating with federal, state, and local jurisdictions on issues concerning the State’s energy considerations. The OER is also responsible for accepting and utilizing funds from various state, federal, and other sources to accomplish purposes outlined within the Executive Order referenced above. The OER performs its duties in accordance with statutory requirements and in conformity with the 2007 Idaho Energy Plan.
