Description: In 1982, legislation was enacted to establish the Catastrophic Health Care Cost Program. The program is designed as an insurance program for the counties to cover the cost of treatment for catastrophic illness suffered by county residents who have no means to pay for the cost of that care. The program picks up the additional medical costs of these residents once the counties' claim payments have exceeded \$11,000 during a 12 month period. Legislation was enacted in 1991 to shift the program from county to state funding in FY 1994.
