**Agency:** Vocational Rehabilitation

**Division:** Vocational Rehabilitation

VR1

**Statutory Authority:** IC §33-2301

The Idaho Division of Vocational Rehabilitation (IDVR) works on behalf of Idahoans with disabilities to improve the quality of the vocational rehabilitation services provided to Idaho residents. IDVR is organized within and reports to the State Board of Education. Statutory authority for IDVR can be found in Section 33-2301 et seq. Idaho Code. IDVR works in concert with the State Rehabilitation Council. The Council must be composed of at least 15 members appointed by the State Board of Education. Council members represent various groups with an interest in the Division's services including advocacy groups, workforce development entities, community rehabilitation providers, rehabilitation counselors, and others. The Council monitors and provides direction on the policies and practices of the IDVR.

IDVR is divided into two programs: Vocational Rehabilitation and Extended Employment Services. In addition, IDVR provides administrative support to the independent Council for the Deaf and Hard of Hearing.

Vocational Rehabilitation (VR): The VR program is one of the oldest and most successful federal/state programs in the United States. VR assists Idahoans with a diverse array of disabilities to prepare for, obtain, advance in, and retain employment based on their unique skills and abilities. The VR program provides services to eligible Idahoans with disabilities to assist them in transitioning from unemployment to gainful employment or to maintain employment. The VR program is a way to self-sufficiency.

Extended Employment Services (EES): EES provides skill development in a non-integrated setting, or long-term on-the-job supports in community competitive employments for individuals with the most significant disabilities, which include developmental disabilities, traumatic brain injuries, specific learning disabilities and mental illnesses. The program provides funding to individuals with severe disabilities who are deemed unable to maintain employment without ongoing support.

Council for the Deaf and Hard of Hearing (CDHH): CDHH is an independent agency organized under IDVR. This is a flow-through Council for budgetary and administrative support purposes only, with no direct programmatic implication for IDVR. CDHH's vision is to ensure that individuals who are deaf, hard of hearing, or hearing impaired have a centralized location to obtain resources and information about services available.

The Council for the Deaf and Hard of Hearing is a unique state agency following its mission of being "Dedicated to making Idaho a place where persons, of all ages, who are deaf or hard of hearing have an equal opportunity to participate fully as active, productive and independent citizens." Using the formula of 13% provided by the Gallaudet Research Institute, an estimated 237,498 people in Idaho have hearing loss:

Total Idaho Population	1,826,913	
Total Hearing Loss		237,498 (13%)
Severe Hearing Loss		36,538 (2.2%)
Profound Hearing Loss (deaf)		3,653 (.22%)

Currently, there are only 3.5 FTE's working for the Council, the Executive Director, Administrative Assistant, Communication and Outreach Coordinator, and ASL Interpreter. With the establishment of Idaho Sound Beginnings (newborn hearing screening) children who have hearing loss are being identified earlier, baby-boomers are increasing, and veterans are returning to civilian life. During the last several years, Idaho saw a huge influx of people moving into the state, including deaf and hard of hearing individuals. The aforementioned causes the need for an additional staff member to provide specific functions for the Council. The role of the Deaf and Hard of Hearing Program Specialist would be to provide support of the Council's role, services, and programs throughout the state of Idaho. Strategies may include aiding deaf and hard of hearing individuals to access goods and services at all levels of state and local government as well as all facets of life. The specialist will also assist both deaf and hard of hearing consumers in understanding their rights and responsibilities related to equal access, resolving issues of barriers to communication, filing complaint for non-compliant service providers and education on a wide range of topics to improve quality of life.

**Who is being served by this request and what is the impact if not funded?**

Local, state agencies, businesses, and primarily the 203,785 deaf and hard of hearing citizens will be served by this request. Idaho's Deaf and Hard of Hearing population has grown exponentially. This request allows for areas and individuals that are not currently served by the limited staff of CDHH to be included in the mission of the Council.

For the past two decade the deaf and hard of hearing population grew and assimilated much more deeply into the society more than ever before which demands more information and resources. The current staff finds it very difficult meeting the growing demands.

If this request is not funded, Idaho's deaf and hard of hearing population will continue to be underserved.
