FY 2017 Performance Highlights

There are more than 123,140 Veterans residing in Idaho. Federal Department of Veterans Affairs expenditures in Idaho are approximately \$914,442 million, broken down as follows: Compensation and pensions: \$457,871 million dollars; readjustment benefits: \$54 million; medical and construction programs: \$381,426 million, and insurance and indemnities: \$10,742 million. There are also approximately 13,000 Idaho Veterans receiving retirement benefits (approx. 7,000 age 65 or over), resulting in an additional contribution of almost \$300 million to the State's economy. We have experienced an increase in the number of Idaho Veterans as our service members have been returning from Iraq and Afghanistan, and we expect this to continue at an even greater rate as our military downsizes. We have been working hard to stay ahead of these changes by increasing the number of Service Officers we have available to help ensure Idaho Veterans receive the benefits and compensation to which they are entitled.
