EXPLANATION OF EXPENDITURE ADJUSTMENTS: The law allows for adjustments to be made to the expenditure limit when the costs of a program are transferred between the state and local government and when funds provided by the federal government to the state are eliminated or significantly reduced. The following adjustments have been made under these circumstances:

FY 2007 (special session) - The Legislature appropriated \$250.6 million for Public Schools to replace local maintenance and operations property tax levies.

NOTE: Between FY 1989 and FY 1992 the Legislature included its estimate of the previous fiscal year's ending General Fund balance in the next year's appropriation to fund one-time items. Effective in FY 1995, the law was changed to exempt all one-time expenditures regardless of the fiscal year of the fund source. The last two columns reflect the removal of the projected surplus appropriated for one-time expenditures for fiscal years prior to 1995 and the removal of all one-time expenditures for fiscal years 1995 and beyond in order to calculate the ongoing General Fund expenditure amount, compared to the adjusted expenditure limit.
