

## ***Part I – Agency Profile***

### **Agency Overview**

The College of Southern Idaho (CSI) represents a shared vision and a collaborative effort of the citizens of South-Central Idaho. In 1963, the Idaho Legislature passed the Junior College Act, which provided for the establishment of junior college districts. Twin Falls County voted to form a junior college district in November 1964. The following year Jerome County citizens voted to join the junior college district and the college began offering courses in the fall of 1965.

CSI continues to be funded by the two-county community college district, student tuition and fees, and state allocations, and operates under the direction of a locally elected five-member Board of Trustees in cooperation with the Idaho State Board of Education. The Board of Trustees hired Dr. James L. Taylor as the first president of the College of Southern Idaho. He served as president until his death in November of 1982. Gerald R. Meyerhoeffer became president in 1983, Dr. Gerald Beck became CSI's third president in 2005, and Dr. Jeff Fox was selected to be the College of Southern Idaho's fourth president in 2014. On July 1, 2020, Dr. L. Dean Fisher was selected to be the fifth president of the College of Southern Idaho, and he continues to serve in that role.

CSI's service area is defined in Idaho Code primarily as an eight-county area consisting of Twin Falls, Jerome, Lincoln, Camas, Blaine, Gooding, Minidoka, and Cassia counties. CSI offers programs and courses at its more than 315-acre main campus in Twin Falls, as well as at off-campus centers in Burley (Mini-Cassia Center), Hailey (Blaine County Center), Gooding (North Side Center), and Jerome (Jerome Center). Additionally, CSI offers Early College opportunities at dozens of high schools throughout Idaho.

The College of Southern Idaho's mission is to provide quality educational, social, cultural, economic, and workforce development opportunities that meet the diverse needs of the communities it serves. Students can choose from a wide range of transfer and career-technical programs with more than 120 program completion options ranging from short-term certificates to two-year associate degrees. The college also offers one Bachelor of Applied Science degree. Additionally, CSI provides workforce training opportunities to its students, along with basic skills, Adult Basic Education, and English as a Second Language courses for students requiring pre-college-level work.

Faculty teach in a variety of modalities including face-to-face in traditional classrooms and laboratories, online (both synchronously and asynchronously), and via other hybrid combinations. CSI partners with sister public post-secondary institutions in Idaho, which offer more than 50 bachelor's, master's, and other terminal degrees for students on the CSI campus or via online delivery. CSI is also active within its community, offering various enrichment courses, cultural and athletic events, business partnerships, and supporting economic development.

The institution was initially accredited by the Northwest Commission on Colleges and Universities (NWCCU) in 1968 and has had its accreditation continuously reaffirmed by NWCCU, most recently in June 2015.

### **Core Functions/Idaho Code**

The College of Southern Idaho was established and is governed under Chapter 21 of Title 33 of Idaho Code. The primary function of the College of Southern Idaho as stated in Idaho Code is "instruction in academic subjects, and in such non-academic subjects as shall be authorized by its board of trustees" (Section 33-2102, Idaho Code).

**Performance Measure Explanatory Notes**

<sup>1</sup> Integrated Postsecondary Education Data System (IPEDS)

<sup>2</sup> Total number of graduates. Because the same graduate may complete both a certificate and a degree in the same year, the sum of those two categories may exceed the total number of graduates.

<sup>3</sup> Drop primarily due to COVID restrictions.
