

## 2022 Performance Report – Agency Profile

### Agency Overview

The Idaho State Department of Education (SDE) is a government agency supporting schools and students. We are responsible for implementing policies, distributing funds, administering statewide assessments, licensing educators, and providing accountability data. We deliver leadership, expertise, research, and technical assistance to school districts and schools to promote the academic success of students.

**The vision of the State Department of Education is to support schools and students to achieve by ensuring:**

- **All Idaho students persevere in life and are ready for college and careers.**

The strategy to attaining this goal is to consistently remind students that they are going to experience misfortunes and falls, but that's certainly not the end of the path to their college and career readiness; it's how quickly you get up, and that you persevere through the path, that really matters. The Department's mission is dedicated to providing the highest quality of support and collaboration to Idaho's public schools, teachers, students and parents.

The State Department of Education partners with independent school districts to ensure all students receive an education that prepares students for successful post-secondary education, employment and life.

### Core Functions/Idaho Code

Pursuant to Title 33, chapter 1, Section 125, there is hereby established as an executive agency of the state board of education a department known as the State Department of Education. The State Superintendent shall serve as the executive officer of such department and shall have the responsibility for carrying out policies, procedures, and duties authorized by law or established by the State Board of Education for all elementary and secondary school matters, and to administer grants for the promotion of science education as provided in sections 33-128 and 33-129, Idaho Code.
