Division Description**Request for Fiscal Year:** 2024**Agency:** Deaf & Blind School

502

Division: Educational Services for the Deaf & Blind

DE8

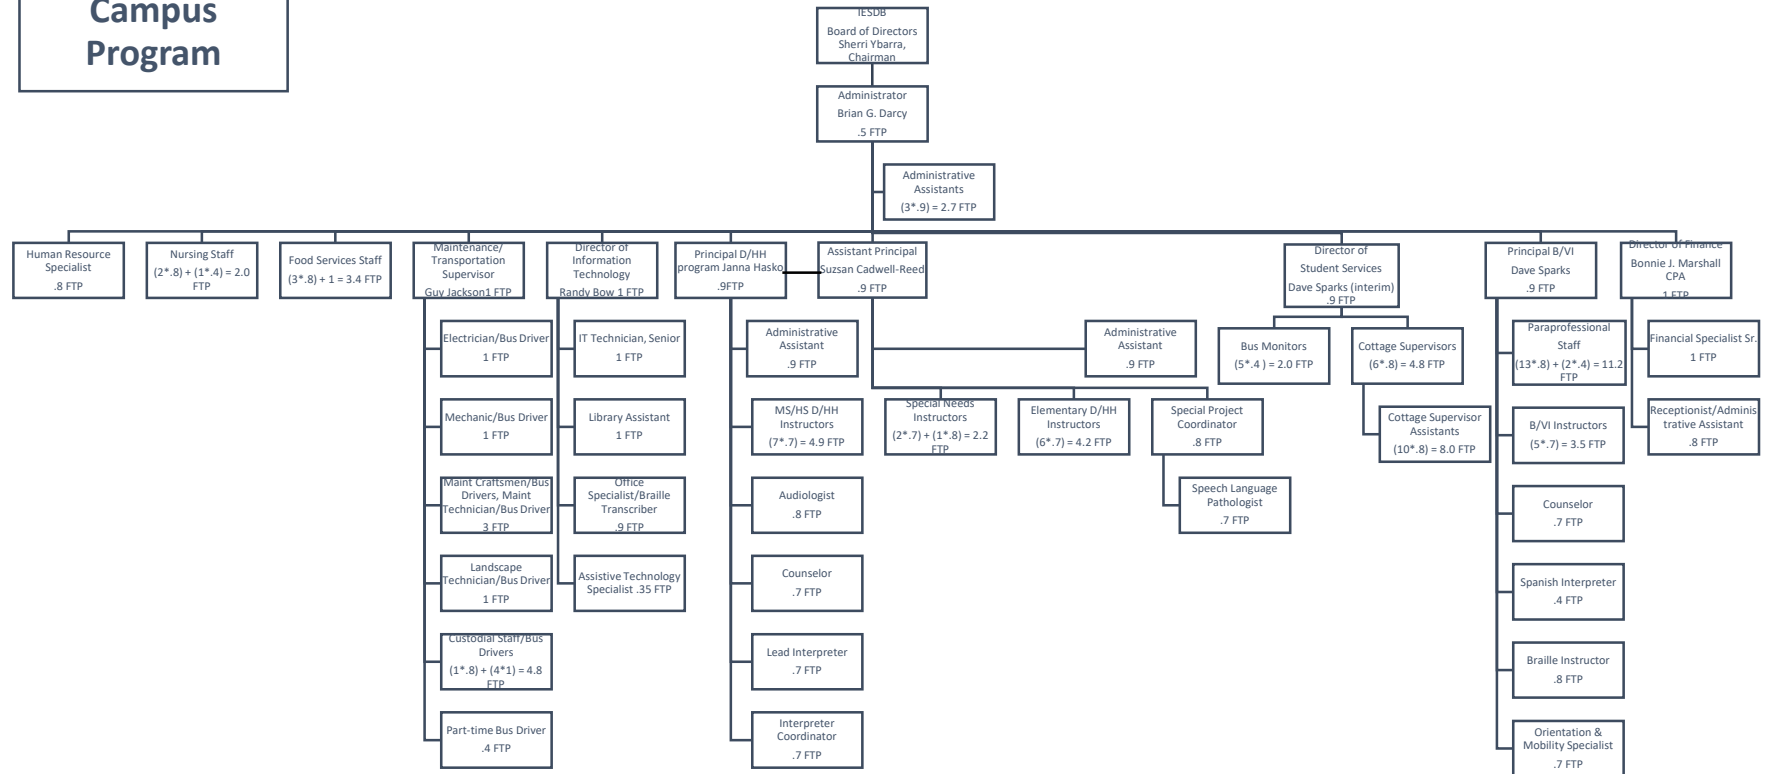

Statutory Authority: Title 33, Chapter 34

01 - Campus Program: The School for the Deaf and the Blind (ISDB) provides appropriate education opportunities through its Campus Program by means of providing a residential education for the hearing and/or visually impaired children of Idaho. The school enables them to acquire the skills and knowledge necessary to meet their intellectual, physical, social, emotional, and vocational potential. The main campus is located in Gooding.

02 - Outreach Services: The Outreach Services program provides in-home educational services for children ages 0-3 who are deaf, hard of hearing, blind, or visually impaired, in partnership with the Infant Toddler program. Outreach Services also provides education services for children and adults ages 3-21 who are currently enrolled in public and charter schools, and assists school districts and state agencies in providing accessibility, quality, and equity to students statewide with sensory impairments through a continuum of service and placement options.

Explain the request and provide justification for the need.

Requesting additional funds due to increased Campus student enrollment, increased numbers of students and families served by the Outreach program and increased operating costs for both programs.

If a supplemental, what emergency is being addressed?

IESDB has experienced increasing operating costs for food, bus, van and passenger car fuel, student airline transportation, software programs, and computing devices. We have been able to cover these increases partly because we have not been able to fill all staff positions, and partly through the \$30,000 in inflationary adjustments included in the FY2023 legislative appropriation. However, costs for nearly all of our operating expenditures have been affected by much higher transportation costs and very limited supplies.

Specify the authority in statute or rule that supports this request.

Idaho Code §33-3403

IESDB has been established to provide services for deaf or hard of hearing and/or blind or visually impaired students though both our Campus and Outreach programs.

Indicate existing base of PC, OE, and/or CO by source for this request.

Operating expenditures are primarily General Funds.

We do receive federal funds for NSLP food purchases, IDEA purchased services, and supplies, and Medicaid school-based services; however, these are all reimbursed funds.

We have also received ARPA and Coronavirus Relief Funds that were one-time grants for specific purposes, some operating expenditures.

What resources are necessary to implement this request?

The request is for additional operating funds; no additional resources are necessary to implement the request.

List positions, pay grades, full/part-time status, benefits, terms of service.

N/A

Will staff be re-directed? If so, describe impact and show changes on org chart.

N/A, no staff redirections.

Detail any current one-time or ongoing OE or CO and any other future costs.

See attachments.

Describe method of calculation (RFI, market cost, etc.) and contingencies.

Trending increases year over year.

Provide detail about the revenue assumptions supporting this request.

N/A

Who is being served by this request and what is the impact if not funded?

This affects the entire bureau. We are statutorily required to provide services to deaf or hard of hearing and/or blind or visually impaired Idaho students.

Explain the request and provide justification for the need.

For FY2023, our insurance premium billed by Department of Admin Risk Management was \$73,697.88, an increase of \$37,858.24. This was 205.63% more than our FY2022 insurance premium which was only \$35,839.64.

The increase is primarily due to a massive change in the Liability premium. We were told this is due to a greater liability risk because we have residential Cottage students and overnight summer camps for Deaf/Hard of Hearing and Blind/Low Vision students.

The increase will be ongoing.

We were not notified of this increase by either Risk Management or DFM.

If a supplemental, what emergency is being addressed?

Nearly all operating costs have increased significantly; this was a large hit to our operating budget that we did not anticipate.

Specify the authority in statute or rule that supports this request.

Idaho Code §33-3407(4)

Indicate existing base of PC, OE, and/or CO by source for this request.

General Funds

What resources are necessary to implement this request?

None, request is for funding to pay unexpectedly high insurance premiums.

List positions, pay grades, full/part-time status, benefits, terms of service.

N/A

Will staff be re-directed? If so, describe impact and show changes on org chart.

N/A

Detail any current one-time or ongoing OE or CO and any other future costs.

FY2024 insurance premium amounts are not known at this time. Risk Management staff has assured us that they will inform us about increased premiums as soon as the amounts are known.

Describe method of calculation (RFI, market cost, etc.) and contingencies.

Request is for the increased FY2023 amount which is expected to be at least the same amount for future years, and likely will increase.

Provide detail about the revenue assumptions supporting this request.

N/A

Who is being served by this request and what is the impact if not funded?

This affects the entire bureau. If not funded, we will have to find ways to cut expenditures.

If we don't have a completed Free and Reduced Application, or if the student is not direct certified, (i.e., food stamps, state assistance, etc), then the student is considered "paid" so we receive the lowest amount of reimbursement.

As of the beginning of the 2022-2023 school year, most of the parents did not complete an application. The Food Service Director is mailing Free and Reduced Applications to parents requesting that the applications be completed and returned.

Congress Fails to Extend Child Nutrition Waivers

The U.S. Senate released the \$1.5 trillion fiscal year Omnibus Appropriations bill the week of March 11th. Unfortunately, the bill does not contain language or funding to extend pandemic child nutrition waivers for school meals programs. When waivers expire on June 30, USDA will no longer have authority to provide the higher Summer Food Service Program reimbursement rates, allow all schools to serve free meals to all students, or extend the broad regulatory flexibility our programs have relied on for the last two years.

In the next few weeks USDA will chart a new course and determine what options are available for school districts as we all move forward. **For now, it appears that school operations will return to normal with the collection of free and reduced applications and all the duties associated with them.** There is currently no plan to have free meals next year in Idaho.

CAPITAL BUDGET REQUEST
FY 2024
CAPITAL IMPROVEMENT PROJECT DESCRIPTION
(New Buildings, Additions or Major Renovations)

AGENCY: Idaho Educational Services for the Deaf and the Blind
AGENCY PROJECT PRIORITY: 1

PROJECT DESCRIPTION/LOCATION: Build two (2) Residential Cottages for the Campus program located at the Idaho School for the Deaf and the Blind in Gooding, Idaho

CONTACT PERSON: Brian Darcy, Administrator TELEPHONE: 208.934.4457

PROJECT JUSTIFICATION:

(A) Concisely describe what the project is.

We are requesting construction of two (2) residential cottages for students to live in while attending school at the Idaho School for the Deaf and the Blind. These cottages would be used to house high school students, and each would have an occupancy of 12 – 20 students. Each cottage would consist of individual bedrooms, with shared bathrooms, a large social/lounge area and a smaller study area, a shared dining area, a supervisory office, and kitchen space. Each cottage would be approximately 10,000 square feet in size. The request includes furniture, fixtures, and equipment, and landscaping.

(B) What is the existing program and how will it be improved?

Currently there are six (6) existing cottages, the most recent built in 1987, that serve a similar purpose. Each of the current existing cottages have six (6) rooms each, with each room sharing a bathroom with the adjoining room. There are two living/lounge areas, a supervisor's office, a dining area, (where students eat dinner – daily), and a fully equipped kitchen. The school serves students from across the entire state. Current enrollment at the school is near an all-time high, and as a result, the number of students who may attend because they live outside of the daily bus schedule, is capped and a wait list of approximately 10 students (as of this date) is in existence. With the addition of these two cottages, we would be able to create space for more students to attend the school and thus meet statutory requirements.

(C) What will be the impact on your operating budget?

We will have to request additional funding to provide staff for each cottage. Additional increases to our food and utility costs are expected as well.

(D) What are the consequences if this project is not funded?

If this project is not funded, there will continue to be a wait list as there are no vacancy options for residential occupancy. Subsequently, students who have been determined by their Individual Education Planning teams as needing this type of direct instruction will not have access to this free and appropriate public educational opportunity. Furthermore, the agency would not be able to meet the requirement of "providing accessibility, quality and equity to students in the state with sensory impairments through a continuum of service and placement options" of the goals outlined in Idaho Statute §33-3403(2)

PLEASE INCLUDE ANY ANTICIPATED ASBESTOS COSTS IN THE OVERALL BUDGET.

AGENCY PROJECT PRIORITY: 2

PROJECT DESCRIPTION/LOCATION: Idaho School for the Deaf and the Blind Campus,
Gooding, Idaho

CONTACT PERSON: Brian Darcy

TELEPHONE: 208.934.4457

PROJECT JUSTIFICATION:

- (A) Concisely describe what the project is.
Construct a barn/garage type structure that would house a fleet of eight (8) school buses, including space for maintenance, a wash bay, and protection from the Idaho elements.
- (B) What is the existing program and how will it be improved?
The Idaho School for the Deaf and the Blind runs a daily school bus service throughout the Magic Valley as well as weekly trips to and from the Treasure Valley. We maintain a fleet of eight (8) buses to transport students to and from the Gooding Campus. Our buses are stored outside year around, exposing them to all the extreme weather conditions that southern Idaho has to offer. During the winter, we have to run the buses for a lengthy amount of time to warm them up so that they can transport kids to school. This is a waste of time, fuel, and money. We are requesting the construction of an insulated bus barn, which would allow for the storage and maintenance of the buses year-round. Included in this would be eight bays in which to store the buses, including areas for maintenance and equipment to clean the buses to maintain their safety and visibility.
- (C) What will be the impact on your operating budget?
This would save money in fuel costs (warming up the buses in the winter), maintenance (faded paint/safety lights/tires from repeated sun exposure). No additional costs other than general building maintenance would be expected.

(D) What are the consequences if this project is not funded?

We will continue to have to expend additional costs for maintenance and warming up buses during colder months and replace buses more frequently due to additional wear and tear.

PLEASE INCLUDE ANY ANTICIPATED ASBESTOS COSTS IN THE OVERALL BUDGET.

PROJECT DESCRIPTION/LOCATION	COST	PRIORITY
Roof and Drain Replacement on Old Gym/Pool Building, Vo-Tech Building, and Casey Building The scope of this project would be to remove the old roofing materials and replace with new material on all three buildings mentioned. The existing drains will need to be redesigned and new drains installed. The Old Gym Building and the Vo-Tech Building have a single-ply membrane that will be replaced; the other two buildings have a different roofing material; the material that will be best suited for the purpose will need to be determined. Current status is that they are in dire need for repair. In each of the buildings, the slightest rain/snow causes major leaks, the source of which are undetermined unrepairable due to the nature of the roof. Further consideration regarding child welfare and making the space unusable area due to mold and mildew. Total Square footage is 42,000 sq. ft.	\$1,260,000.00	1
