Fund: American Rescue Plan Act - ARPA 34400

Sources and Uses:

The American Rescue Plan Act of 2021 (ARPA) is the sixth federal COVID relief legislation passed by Congress and was signed into law on March 11, 2021 (Public Law No. 117-2). ARPA provides funding for state, local, territorial, and Tribal governments to respond to and recover from the COVID-19 pandemic; delivers direct economic assistance to individuals and businesses; and continues many programs from previously enacted COVID relief acts that address the public health emergency or support economic stimulus efforts. In Idaho, a new fund was created by the Legislature in S1204 (2021) to account for expenditures related to ARPA. All ARPA moneys flowing through our state treasury and to state agencies are to be appropriated pursuant to S1204, which declares all ARPA funding to be cognizable. The first five acts were accounted for in a separate fund ("CARES-Act COVID-19").

ARPA funding and relief available to Idaho is \$5.65 billion. This total can be categorized by (1) Economic stimulus programs outside of state government, which include direct impact payments to individuals; (2) State and Local Fiscal Recovery Funds, which are to be used to respond to the COVID-19 health emergency or its negative economic impacts, provide premium pay to workers, address lost revenue, or invest in sewer, water, or broadband infrastructure; and (3) Grant programs to state agencies, which have varying allocations and allowable uses as specified by federal agencies.

H370 of 2021 appropriated \$50,000,000 onetime to the Division of Financial Management from the State Fiscal Recovery Fund.

Funding was specifically from the State Fiscal Recovery Fund and to be used to address undetermined needs related to the COVID-19 pandemic. The types of uses included, but were not limited to, vaccine distribution and management, personal protective equipment, communications, public safety, and related technology needs.

The Governor directed \$2,000,000 to the Department of Environmental Quality for planning grants to local communities to cover the cost of engineering and planning for wastewater and drinking water facilities.

Sources and Uses:

Funds come from fees charged to the agencies for providing services related to rule making, and fees charged to agencies and the public for printed rules material. The Administrative Rules Coordinator shall charge each participating agency an annual fee for each page published electronically in the administrative code, not to exceed \$56.00 per page. In addition, the coordinator shall charge a fee for each page published electronically in the bulletin, not to exceed \$61.00 per page. Prior to FY 2020, the fee for the administrative code was \$45.00 per page and \$25.00 per page for the bulletin (Section 67-5205, Idaho Code).

The Office of the Administrative Rules Coordinator structures, promulgates, and disseminates all administrative rules subject to the Idaho Administrative Procedure Act (Chapter 52, Title 67, Idaho Code). Moneys generated from user fees fund the ongoing personnel and operating costs of the program. Pursuant to H73 of 2019, the Office of the Administrative Rules Coordinator was moved from the Department of Administration to the Division of Financial Management in the Office of the Governor. Expenditures made prior to FY 2020 will appear under the Department of Administration.

Explain the request and provide justification for the need.

The request is for additional spending authority for the State Small Business Credit Initiative (SSBCI), Emergency Rental Assistance 2 (ERA2), and the Homeowner Assistance Program (HAF). The FY 2023 appropriation level for all three programs was initially set based on estimates for program demand. With two months of actual program demand volume in the ERA2 the program is on pace to distribute \$ 53,476,000 during FY 2023, and the HAF program is on pace to distribute \$ 20,000,000 during FY 2023. The updated estimates from both Idaho Housing & Finance Association (IFHA) and the Idaho Economic Development Districts (EDD's) for the SSBCI program are that the total demand for the program during FY 2023 will be \$ 20 million which corresponds to the first tranche amount of SSBCI funds that must be spent for the State to be eligible to receive the second tranche of SSBCI funds.

If a supplemental, what emergency is being addressed?

All three programs are currently estimated to distribute funding more than the current appropriation level before the end of the current Fiscal Year 2023.

Specify the authority in statute or rule that supports this request.

The request is for a modification to the FY 2023 appropriation amount granted in HB 742.

Indicate existing base of PC, OE, and/or CO by source for this request.

The current FY 2023 appropriation amounts for the three programs are:

SSBCI – fund 0344-09 \$ 13,135,600 in T&B ERA2 – fund 0344-20 \$ 38,000,000 in T&B HAF – fund 0344-10 \$ 14,387,100 in T&B

What resources are necessary to implement this request?

The additional level of appropriation can be implemented with current DFM staffing levels.

List positions, pay grades, full/part-time status, benefits, terms of service.

No addition staff are requested.

Will staff be re-directed? If so, describe impact and show changes on org chart.

No staff will be redirected, the programs are currently being administered by existing DFM staff and staff at IFHA and the Idaho EDD's

Detail any current one-time or ongoing OE or CO and any other future costs.

No additional OE or CO costs are requested.

Describe method of calculation (RFI, market cost, etc.) and contingencies.

The request is based on the level of current spending for July and August for ERA2 and HAF. The request for SSBCI is based on the current updated information from IFHA and the Idaho EDD's.

Provide detail about the revenue assumptions supporting this request.

The request is based on the level of current spending for July and August for ERA2 and HAF. The request for SSBCI is based on the current updated information from IFHA and the Idaho EDD's.

Who is being served by this request and what is the impact if not funded?

The ERA2 funds support eligible Idaho Citizens who rent housing. The HAF funds support eligible Idaho Citizens who are homeowners. The SSBCI funds support Idaho Businesses through a collateral support program and an Idaho Small Business Revolving loan program.

FINANCIAL MANAGEMENT, DIVISION OF
SENT VIA EMAIL/HAND DELIVERED and STATEHOUSE MAIL

Re: IT Budget Planning FY2024

Dear Director,

Per direction from DFM and LSO, the Office of Information Technology Services will transition to a SWCAP model beginning in FY2024. This will represent a substantial shift in the way ITS bills for services, and there are still many details to work out. We will advise you of major developments as they become clear. This will be a one-year look forward with any increases to existing services, licenses, software, or subscriptions included in agencies' SWCAP calculations.

For your FY2024 budget, we are providing details below for the one-time impact to your agency of any agency-specific replacement items. We are prepared to support these requests throughout the budgeting process.

Agency Replacements:

- PCs or laptop replacements: agencies should budget to replace hardware that will be more than
 four years old in FY2024 or those devices with known service or performance issues using the
 guidance provided in DFM's budget manual. Specific guidance can be found on page 25 of the
 manual at <u>Budget Development Manual | DIVISION OF FINANCIAL MANAGEMENT (idaho.gov)</u>
- Network and other infrastructure replacement recommendations: ITS has identified approximately 100 wireless access points that have reached end of support and should be replaced in FY2024. Specific devices and counts per agency are attached. The estimated onetime cost to replace each access point is \$1,500.

If you have any questions, please contact Cheryl Dearborn, Business Operations Bureau Chief, at Cheryl.Dearborn@its.idaho.gov or 208-605-4055.

Sincerely,

Jeff Weak, Administrator Information Technology Services
