## Part I – Agency Profile

#### Agency Overview

The Idaho Public Charter School Commission (IPCSC) is Idaho's state-level charter school authorizing entity. The IPCSC is made up of 7 appointed commissioners who serve as the governing body and 5 employees who execute the day-to-day work. The IPCSC maintains a chair and vice chair as well as three standing committees: finance, new petitions, and renewals.

Because charter schools are not managed by a district office, the authorizer's role is to ensure that the operations, financial health, and academic outcomes of a charter school justify the school's use of public funds. At its core, the IPCSC is a risk-management team that serves a variety of stakeholders, including students, taxpayers, policy makers, school boards, and school administrators.

Mission: The IPCSC's mission is to cultivate exemplary public charter schools.

Vision - The IPCSC envisions that living our mission will result in:

- Quality Idaho families have exemplary charter school options.
- Autonomy Charter schools design and implement unique educational programs.
- Accountability Charter schools meet standards defined in the performance framework.
- Compliance Charter schools operate in compliance with laws, rules, and regulations.
- Advocacy The IPCSC advocates for student and public interests.

Values – The IPCSC values the following approach to executing our work:

- Professionalism The IPCSC acts with respect and decorum.
- Efficiency The IPCSC provides service with efficiency.
- Credibility The IPCSC is a source of accurate information.
- Integrity The IPCSC makes data-driven decisions that serve its mission and vision.
- Communication the IPCSC communicates with and listens to stakeholders.

#### **Core Functions/Idaho Code**

The IPCSC is tasked with making approval and renewal decisions for the schools in its portfolio. When a new charter school petition is determined likely to be successful and the IPCSC approves the school to operate, a performance certificate that outlines the terms and conditions under which the school is allowed to operate for the next five years is executed. At the end of the five (5) year term, the school applies for a renewal of that contract, and the IPCSC reviews the school's performance outcomes to determine whether a next five (5) year term is warranted.

In between those decision points, the IPCSC staff engages in day-to-day oversight. This work includes compliance monitoring as well as evaluation of each school's operational, financial, and academic outcomes. The IPCSC's philosophy is to educate and inform a school before engaging in oversight and enforcement of consequences. This means that a significant amount of staff's time is spent in communication and facilitation of resources with the goal of supporting charter school governing boards in making informed decisions. This also means that the IPCSC is obligated to investigate concerns and to inform entities responsible for administration of a law if there is reason to believe that a provision of law has been violated. The oversight work across each school's operational term is reported in a performance report each year. These reports inform IPCSC renewal decisions.

\*Renewals are considered on a five-year cycle. No schools came due in 2021.

### Performance Highlights

In the 2021 Legislative Session, S1115 was passed and signed into law, making IPCSC a standalone agency under the State Board of Education.

As a part of this process, the IPCSC identified the goals that have been set forth in the Strategic Plan and this report. Because the IPCSC has operated as a program that served as the sole provider of key services, data for these key services are included in this report. However, as the IPCSC adopted a strategic plan for the first time in June of 2021, some data points for performance measures outlined below are not available.

#### Performance Measure Explanatory Note

In the 2021 Legislative Session, S1115 was passed and signed into law, making IPCSC a standalone agency under the State Board of Education. As a part of this process, IPCSC identified the goals that have been set forth in the Strategic Plan and this report.

\*Re. 1.B.i: The IPCSC's Performance Framework evaluates six (6) operational measures, seven (7) financial measures, and seven (7) academic measures that are monitored for strategic planning purposes. The % of schools that met standard all measures in each section is represented above. Measure by measure data is included in Table 1, Table 2, and Table 3 within the agency's annual strategic plan. This data is available in January of the subsequent calendar year.

\*Re. 1.A.1.ii: Goal 1, objective A, measure 1, target ii, was not included in the current agency's strategic plan.

\*Re. 1.A.2.i: Goal 1, objective A, measure 2, target i has been corrected form the 2024 strategic plan submitted to the Office of the State Board of Education. Instead of meeting the target at 100%, the correct calculation is 91%.

+Re. 1.B.1.i, ii, and iii: Targets I, ii, and iii, for goal 1, objective B, measure 1, cannot be calculated at this time. Data for this calculation will be arriving from the Idaho Department of Education in the fall of 2023.

Re. 2.C.1.i: The target's benchmark was updated to be reflective of the 2024 strategic plan to be 60 participants over 4 events. The Performance Measurement Report has been updated to be reflective of the agency's strategic plan.
