10.67	Compensation Schedule Changes						
<p>The Governor recommends the salary structure adjustments as identified in the FY 2026 Change in Employee Compensation & Benefits Report provided by the Division of Human Resources. These upward adjustments will result in certain filled positions falling below the newly required minimum of the positions pay grade. Therefore, the Governor recommends additional funding to bring the identified positions pay rate up to the recommended salary structures minimum pay for each pay grade.</p> <p>The Governor recommends an additional 4.5% increase to fund the IT/Engineering salary structure shift that was approved for FY25 but not funded. This additional increase will help address significant recruitment and retention challenges we face in certain agencies for these professional classifications.</p>
