#### **Division Description**

Agency: State Tax Commission	352
Division: State Tax Commission	TA1
Statutory Authority: IC 63-101	

Authorized in Section §63-101, Idaho Code, the Idaho State Tax Commission (ISTC) has five budgeted programs: General Services, Audit,

Compliance, Revenue Operations, and Property Tax.

1) The General Services Program provides the centralized management of state tax revenues and the agency budget, research and policy, legal, personnel, quality assurance, projects, and software development. This program consists of the Commissioners, Legal, Tax Appeals, Human Resources, Management Services, Taxpayer Resources, and Quality Assurance.

2) The Audit Program conducts audits on all tax types administered by the agency by the authority of Idaho Code and the Multistate Tax Compact (MTC). It conducts discovery and enforcement efforts directed at non-filers, fraud, and identity theft mitigation.

3) The Compliance Program operates from the Chinden Campus and five field office locations. It is responsible for collecting delinquent taxes for all tax types, voluntary compliance and education of the Temporary Sellers Permit program, and for providing frontline taxpayer services at the counters and over the phone.

4) The Revenue Operations Program maintains the taxpayer database, processes all tax returns and payments, initiates deposits and issues taxpayer refunds. This equates to nearly a million returns a year. Other activities include: registering permit holders for sales, withholding, hotel/motel, special fuels, beer, wine, cigarette and tobacco taxes; ensuring that all individuals and licensed businesses are mailed proper tax forms for reporting; converting paper returns into electronic returns; and maintaining a records system capable of providing individuals with tax documents.

5) The Property Tax Program provides oversight and technical support to counties in the administration of the property tax system, working to ensure fair, equitable, and accurate property taxation. The program is required to: annually appraise all class three operating property as required by Section §63-2215, Idaho Code; examine property tax levies of all taxing districts to ensure compliance with Idaho Code; develop forms, procedures, and computer software necessary for county assessors to appraise property; develop an assessor's manual in order to facilitate uniformity of appraisals; and administer property tax relief through the Property Tax Reduction (PTR) Program.

## Sources and Uses:

The State Tax Commission retains funds from gasoline tax receipts equal to the cost of collecting, administering, and enforcing the Gasoline Tax requirements. However, the amount cannot exceed the amount authorized to be expended by the Legislature (§63-2402 and §63-2405; special fuels: §63-2406 - §63-2417).

The funds are used to pay the Commission's costs of the Gasoline Tax and Special Fuels Tax Programs (§63-2412 and §63-2418).

Licensing

#### Explain the request and provide justification for the need.

The Tax Commission was formerly extended licenses for this application by the Department of Administration and is actively using this product to send certified mail per statute. This request establishes a direct relationship between Tax and Quadient as DoA licenses can no longer be shared for security purposes per the DoA contract.

#### If a supplemental, what emergency is being addressed?

N/A

#### Specify the authority in statute or rule that supports this request.

I.C. § 63-105 defines the powers and duties vested in the state tax commission. In addition, I.C. § 63-111 requires the Tax Commission to transmit by certified mail for proof of delivery.

#### Indicate existing base of PC, OE, and/or CO by source for this request.

The existing agency-wide base in OE is \$11,314,700.

#### What resources are necessary to implement this request?

No additional resources are needed this is carried out through a NASPO contract approved by DoP and OITS.

#### List positions, pay grades, full/part-time status, benefits, terms of service.

N/A

#### Will staff be re-directed? If so, describe impact and show changes on org chart.

N/A

## Detail any current one-time or ongoing OE or CO and any other future costs.

The current on-going cost in OE is \$16,000 per year.

### Describe method of calculation (RFI, market cost, etc.) and contingencies.

Quote received through NASPO agreement attached as a reference.

### Provide detail about the revenue assumptions supporting this request.

No additional revenue assumptions can be made with this expenditure. This allows the Commission to meet statutory obligations.

### Who is being served by this request and what is the impact if not funded?

All internal and external stakeholders. This includes the Governor's office, DFM, the Legislature, LSO, Idaho taxpayers, tax preparers, and businesses. If unfunded, the Tax Commission risks violating statute.

### Identify the measure/goal/priority this will improve in the strat plan or PMR.

This purchase allows the agency to maintain our vision of Great People. Helping You. Serving Idaho and meet statutory obligations.

### What is the anticipated measured outcome if this request is funded?

The agency would continue to operate without delays or downtime.

Name of Agency:	Idaho State Tax Commission	
Request for the Purchase of:	Manatron – Appraisal Software	
Cost (attach quote):	\$502,518.00 – 3 year renewal	

<u>IDAPA 38.05.01.042.10</u> provides that the administrator may exempt an acquisition from competitive procurement if the administrator determines that bidding is impractical, disadvantageous or unreasonable under the circumstances. Examples include, but are not limited to: special market conditions; property requiring special contracting procedures due to uniqueness; and services for which competitive solicitation procedures are impractical.

#### Background and Justification (attach additional sheets as needed):

The Appraisal Software has been in place since 1997. Each of Idaho's 44 counties uses this software for their tax assessments. 24 counties would have an immediate impact. Some of the counties do not have updated computer hardware. The Manatron software works with their older equipment. To replace the software, both systems would need to run side by side for a transition. There would be extensive training on the county and state level to change to a new software program. ISTC would also need to purchase new software for the property tax CAMA system. The Manatron software is used in 12 counties in combination with a national software product GRM. These counties would not be able to switch to a new product without dropping their main property tax software.

The Agency is writing a software program that can be supported and maintained by Department personnel. The project will extend for a couple of years before it can be tested and implemented. The Agency will continue to use this product until the project is completed and tested.

Agency Certification: The information provided above is true and accurate to the best of my knowledge, and supports the need for a direct procurement of the described goods or services, in the best interest of the State:

This DU reflects the request for funding to complete OITS projects in FY26. These projects will be initiated by Tax or OITS in FY26 with the purpose of increasing performance, maintaining compliance, reducing costs, and increasing security. OITS pricing and approvals are attached.

There are currently four one-time projects recommended by either the Tax Commission or OITS to enhance production, increase security, retain compliance, or reduce on-going costs. These projects include OITS #251, 247, 526, and 559.

#251 - Rebuild FTI environment in Hyper-V - \$25,000: In the FY26 budget is an additional request to replace for five servers that have reached the end of useful life. Hyper-V allows for a transition from old hardware. This request is in response to the most recent IRS audit to maintain compliance with Pub1075 standards.

#247 - Upgrade Cisco storage to PURE - \$156,005: Tax has 2x aging Cisco S3260 Storage Chassis that are 5 years old and currently Veeam backup targets. These two storage servers store all of Tax's backups and backup copies. The data on these devices may contain FTI data and need to be encrypted. Current capacity is 400TB, adjusting for 20% growth. This request is in response to the most recent IRS audit to maintain compliance with Pub1075 standards.

#526 - Transition to M365 G5 Licenses - \$112,000: This will upgrade our M365 licenses from G3 to G5. The G5 licenses provide us more security options than the G3. This request is in response to the most recent IRS audit to maintain compliance with Pub1075 standards.

#559 - Replace software on training devices - \$7,715.40: The Property Tax laptops used for Property Tax school requires MS Office. The licenses we are currently using now to be replaced by Oct 2025. These are stand-alone licenses since the people that attend the schools are mainly employees of the counties and not state employees.

## Specify the authority in statute or rule that supports this request.

I.C. § 63-105 defines the powers and duties vested in the state tax commission.

## Please identify the performance measure, goal, or priority this request is intended to improve in the strategic plan or performance measurement report.

This one-time request in CO represents the purchase of four vehicles. The Commission generates revenue through bad check fees. This revenue funds our educational outreach programs and activities which include travel. While this request isn't directly tied to improvements in the Commission strategic plan or PMR, it does align with the vision, mission, values, and goals. The Commission is dedicated to providing courteous customer service, education, and fair tax administration. These activities include taxpayer outreach.

## What is the anticipated measured outcome if this request is funded?

The agency would continue to operate without delays or downtime.

### Indicate existing base of PC, OE, and/or CO by source for this request.

The existing agency-wide base in CO is \$12,300.

## What resources are necessary to implement this request?

No additional resources are needed. If approved, the request would be vetted through OITS.

## List positions, pay grades, full/part-time status, benefits, terms of service. $\ensuremath{\mathsf{N/A}}$

Will staff be re-directed? If so, describe impact and show changes on org chart.  $N/\mathrm{A}$ 

## Detail any current one-time or ongoing OE or CO and any other future costs.

The total cost to replace the vehicles is one-time in CO.

## Describe method of calculation (RFI, market cost, etc.) and contingencies.

The method of calculation is provided by the Budget Development Manual published by DFM. The onetime cost for this request is \$297,000 or \$44,500 each as defined by the budget development manual published by DFM.

## Provide detail about the revenue assumptions supporting this request.

No additional revenue assumptions support this request.

## Who is being served by this request and what is the impact if not funded?

All internal and external stakeholders. This includes the Governor's office, DFM, the Legislature, LSO, Idaho taxpayers, tax preparers, and businesses.

## Part I – Agency Profile

## **Agency Overview**

1. <u>The General Services Division</u> consists of: Commissioners, Legal, Tax Appeals, Human Resources, Management Services (Revenue and Procurement), Technology and Information (GenTax Development/Support and Project Management), and Taxpayer Resources (consisting of Communications, Government Affairs, Tax Research, and Taxpayer Services). They provide centralized management, internal policy development, taxpayer appeals, legal, personnel, fiscal, communication, and taxpayer outreach services.

- 20.00 percent, or 88 positions, have been authorized in these capacities.
- General fund appropriation of \$16,046,100 for this division in FY 2025.

2. <u>The Audit Division</u> operates from the administrative office in Boise and five field office locations (Lewiston, Coeur d'Alene, Twin Falls, Idaho Falls, and Pocatello). The division conducts audits on all tax types administered by the agency by authority of Idaho Code and the Multistate Tax Compact; conducts discovery and enforcement efforts directed at non-filers and oversees efforts to minimize identity theft and fraud issues.

- 30.22 percent, or 133 positions, have been authorized in these capacities.
- General fund appropriation of \$8,561,500 for this division in FY 2025.

3. <u>The Compliance Division</u> operates from the administrative office in Boise, and both works from, and oversees, the five field office locations. The division is responsible for collecting delinquent taxes for all tax types. The division is also responsible for voluntary compliance and education of the Temporary Sellers Permit program. The employees provide front-line taxpayer services at the counters and over the phone in the five field offices.

- 23.86 percent, or 105 positions, have been authorized in these capacities.
- General fund appropriation of \$9,547,600 for this division in FY 2025.

4. <u>The Revenue Operations Division</u> maintains the taxpayer database, processes all tax returns and payments, initiates the deposit of money received, and issues taxpayer refunds. The division registers permit holders for 17 tax types including sales, withholding, hotel/motel, motor fuels, beer, wine, cigarette and tobacco taxes; ensures that all individuals and licensed businesses have access to proper tax forms for reporting; processes revenue and refund documents submitted by taxpayers; and maintains an imaging system used to streamline the processing and storing of tax documents. In the last fiscal year, the Tax Commission processed \$7.5 billion in receipts; most through this division.

- 16.36 percent, or 72 positions, have been authorized in these capacities.
- General fund appropriation of \$5,731,500 for this division in FY 2025.

5. <u>The Property Tax Division</u> provides oversight in the administration of the property tax system. The division is responsible for annually appraising all class three operating property, examining property tax levies of all taxing districts, training and assisting county elected officials, developing an assessor's manual to facilitate uniformity of appraisals, and administering the Property Tax Reduction (Circuit Breaker) program. After \$314 million in property tax relief was distributed, property taxes generated \$1.946 billion of revenue to local government units in calendar year 2023.

- 9.55 percent, or 42 positions, have been authorized in these capacities.
- General fund appropriation of \$4,364,800 for this division in FY 2025.

## Performance Measure Explanatory Notes

Old Performance Measures Metrics 1 and 2 were replaced in FY 2024 with metrics to track continuous improvement. New metrics were identified for continuous improvement in FY25. As such, old performance measures metrics 1 and 2 will not be tracked going forward.

The annual survey of employee engagement reflected the number of actual engaged employees. The agency targeted a 76% increase (37% to 65.1%) of engaged employees in FY 2024 as management deemed it a challenging but realistic target. The state changed survey providers in June 2024; therefore, no further Gallup results will be reported. The new platform will be Qualtrics, who uses a different measurement methodology. Note the markedly lowered target reflects the output of Qualtrics.

Taxpayer Access Point (TAP) is a secure portal that allows taxpayers to electronically file returns, pay taxes, and review their account. The website will initiate a survey after a user has completed their business. The 95% target is based on industry standards for web-based satisfaction surveys. The survey began in December 2020.

In FY 2024, the agency introduced a new continuous improvement performance measure. Operational Excellence is all about documenting, measuring, reporting, and improving continually in the service of our taxpayers. Three metrics will be used to track the performance indices: percentage of Operational Excellence implementation throughout the agency, the percentage of projects completed from the annual plan, and the progress toward storage of the standard operating procedures for employees' ease of access.

## Performance Measure Explanatory Notes

Old Performance Measures Metrics 1 and 2 were replaced in FY 2024 with metrics to track continuous improvement. New metrics were identified for continuous improvement in FY25. As such, old performance measures metrics 1 and 2 will not be tracked going forward.

The annual survey of employee engagement reflected the number of actual engaged employees. The agency targeted a 76% increase (37% to 65.1%) of engaged employees in FY 2024 as management deemed it a challenging but realistic target. The state changed survey providers in June 2024; therefore, no further Gallup results will be reported. The new platform will be Qualtrics, who uses a different measurement methodology. Note the markedly lowered target reflects the output of Qualtrics.

Taxpayer Access Point (TAP) is a secure portal that allows taxpayers to electronically file returns, pay taxes, and review their account. The website will initiate a survey after a user has completed their business. The 95% target is based on industry standards for web-based satisfaction surveys. The survey began in December 2020.

In FY 2024, the agency introduced a new continuous improvement performance measure. Operational Excellence is all about documenting, measuring, reporting, and improving continually in the service of our taxpayers. Three metrics will be used to track the performance indices: percentage of Operational Excellence implementation throughout the agency, the percentage of projects completed from the annual plan, and the progress toward storage of the standard operating procedures for employees' ease of access.

# ADDENDUM TO AGREEMENTS

This Addendum to Agreements is by and between Quadient Leasing USA, Inc. ("Quadient Leasing"), Quadient, Inc. ("Quadient") and Idaho State Tax Commission ("Customer") with reference to the following:

A. Quadient Leasing and Customer are entering into a Product Lease Agreement (the "Lease"), pursuant to which Quadient Leasing will lease products to Customer.

B. Concurrently herewith, Quadient and Customer are entering into an Online Services and Software Agreement (the "OSS Agreement") pursuant to which Quadient will make certain other services available to Customer.

C. Any defined term used herein shall have the same meaning as in the Lease, or the OSS Agreement.

In consideration of the mutual covenants contained herein, and in the Lease, and the OSS Agreement, the parties agree to amend the OSS Agreement as follows:

1. Section 2, titled "License Grant and Additional Terms" is hereby amended to add the following to the end of this section: "Your use of the Services is limited to the number of Electronic Certified Mail pieces (each an "eCert") indicated on the Order Form ("Annual Volume Limit"). In the event You exceed the Annual Volume in any year, You agree to pay an overage charge for each eCert used over the Annual Volume Limit as outlined below (the "Overage Charge"). The Overage Charge will be determined as a product of the number of eCerts You process in excess of the Annual Volume Limit multiplied by the Overage Charge associated with tier for the excess as set forth below:"

Annual Volume Band (# of eCerts) *	Overage Charge
1 - 500	\$0.50
501 - 1,000	\$0.45
1,001 - 2,000	\$0.42
2,001 - 4,000	\$0.31
4,001 - 8,000	\$0.29
8,001 - 12,000	\$0.28
12,001 - 16,000	\$0.25
16,001 - 32,000	\$0.22
32,001 - 64,000	\$0.21
64,001 - 128,000	\$0.21
128,001 - 200,000	\$0.18
200,001 - 256,000	\$0.17
256,001 - 384,000	\$0.16
384,001 - 512,000	\$0.13
512,001 - 1,200,000	\$0.12

eCertify Lease Addendum

08/08/2024 HPL The Lease, OSS Agreement, and this Addendum contain the complete understanding and agreement between the parties hereto, and supersede all representations, understandings or agreements prior to the execution thereof. Any changes or additions to the foregoing agreements will be valid only if they are in writing and signed by the appropriate parties.

In the event of any conflict between the terms of the Lease, OSS Agreement, and this Addendum, the terms of this Addendum shall control.

The parties have caused this Addendum to Agreements to be executed by their duly authorized representatives on the date set forth below.
