Division Description Request for Fiscal Year: 2027

Agency: Department of Finance 250

Division: Department of Finance FI1

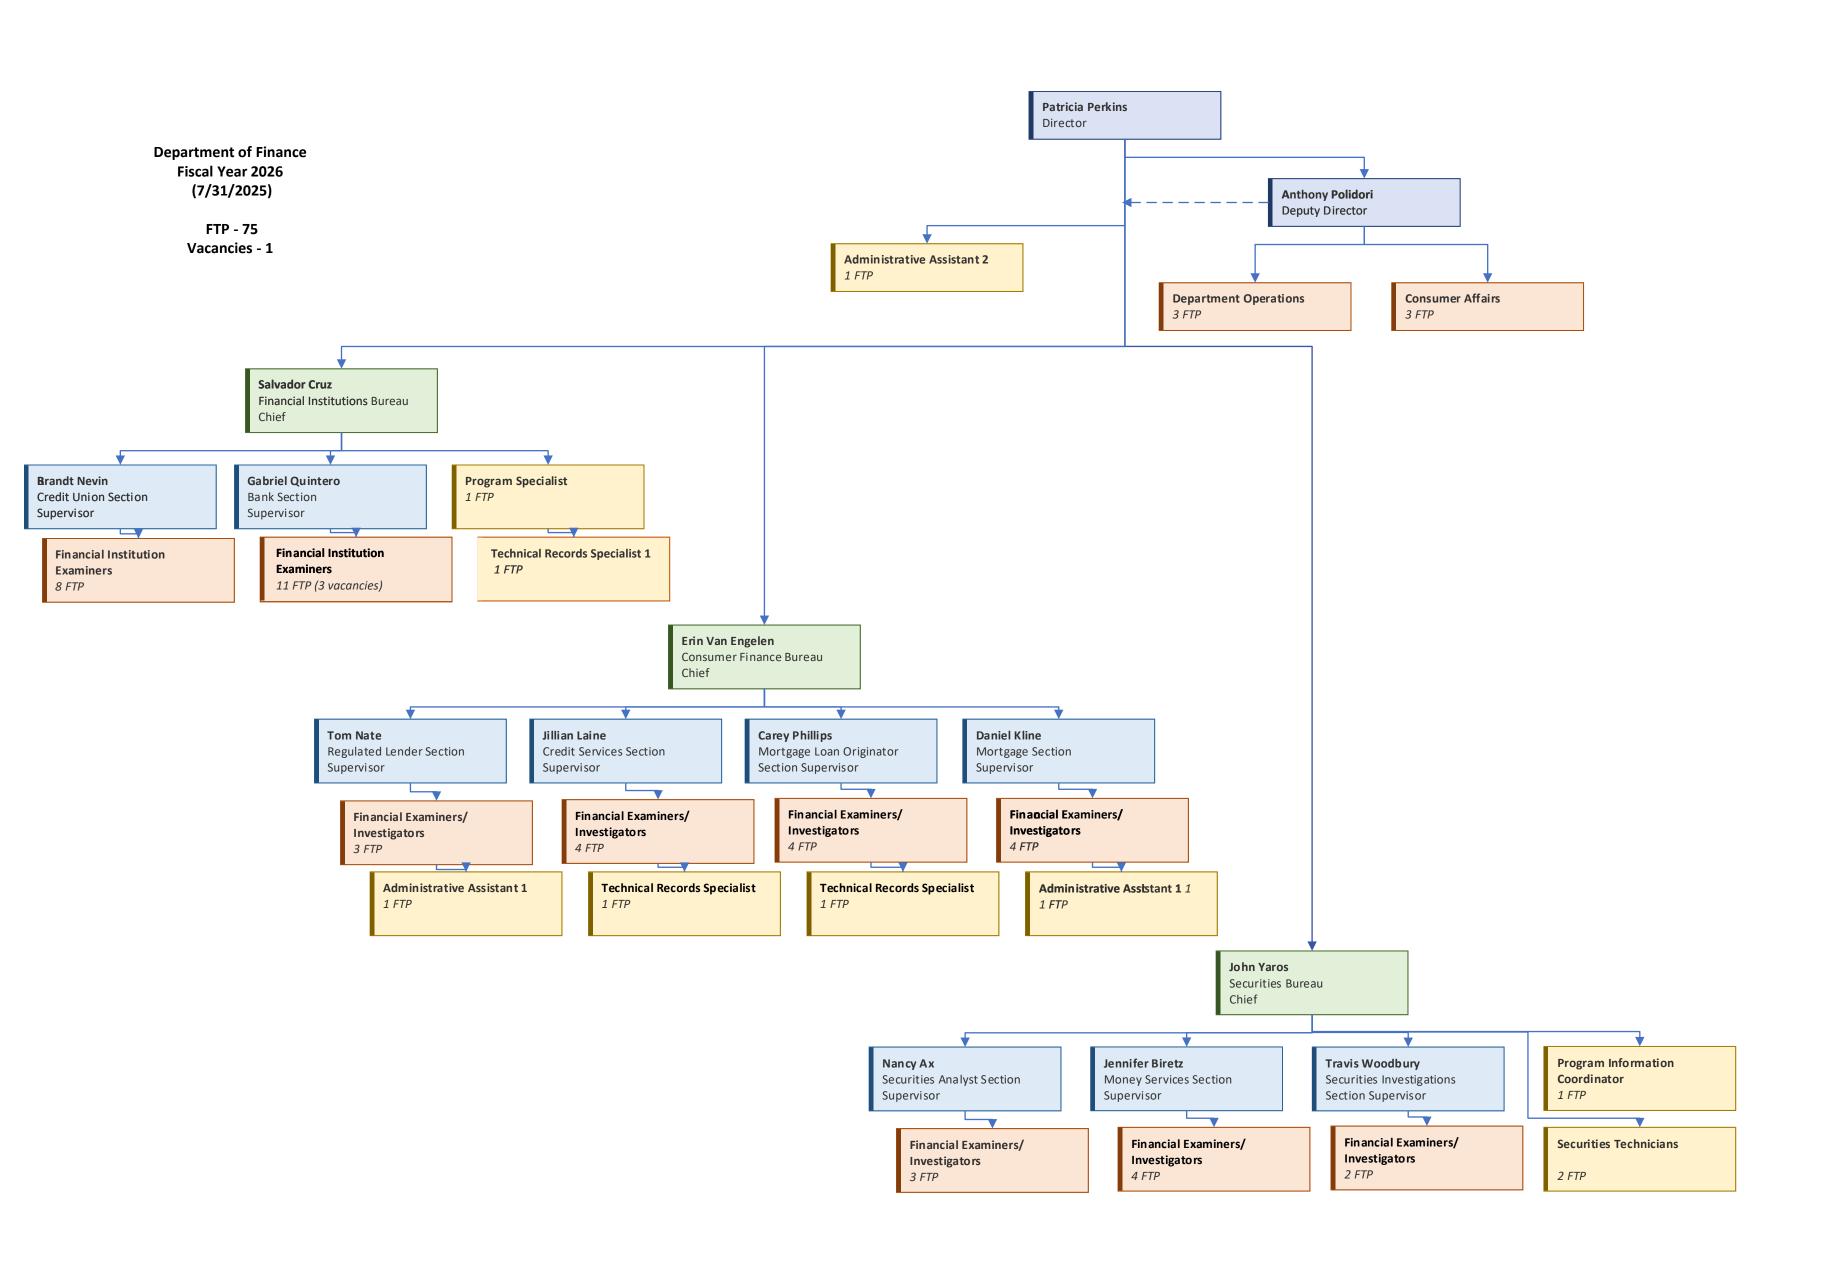

Statutory Authority: 67-2701

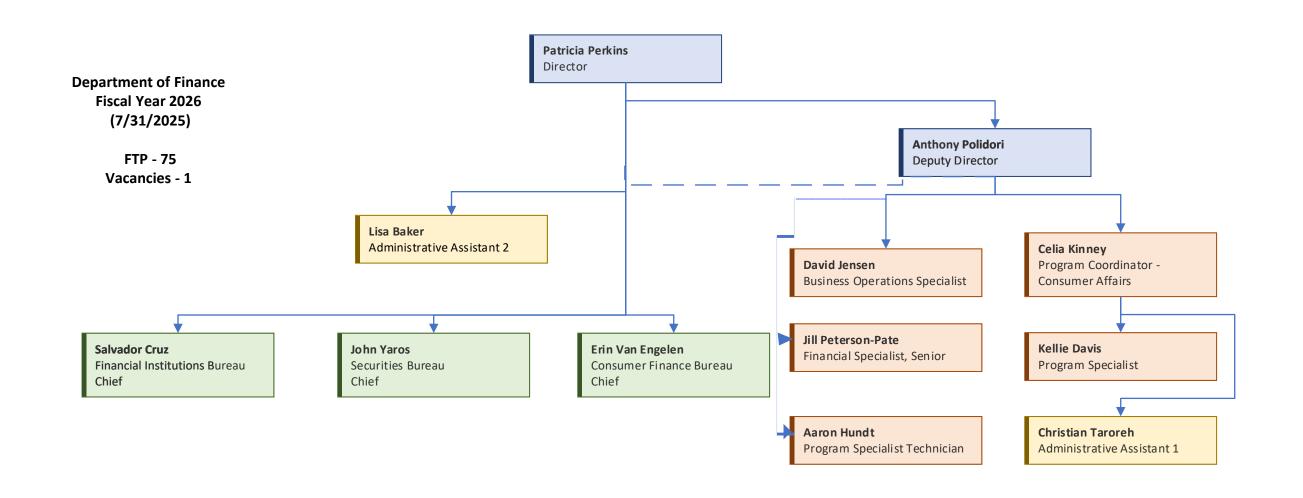

Originally created by the State Legislature in 1905, the Department of Finance is a regulatory agency charged with the supervision and oversight of state-chartered financial institutions, regulated lenders, securities issuers, broker-dealers and stockbrokers, residential mortgage brokers and lenders, investment advisers and sales personnel, collection agencies, endowed care cemeteries, and others.

The mission of the department is to aggressively promote access to vigorous, healthy, and comprehensive financial services for Idaho citizens. This is accomplished through prudent and efficient oversight of financial institutions, investment opportunities, and credit transactions. Through administration of laws enacted by the Idaho Legislature, legitimate financial transactions are encouraged, while fraud, unsafe practices, and unlawful conduct are detected, and appropriate enforcement action is taken. The department administers and enforces 23 regulatory statutes and is funded entirely by fees levied by law on the industries subject to its supervision.

Explain the request and provide justification for the need.

In response to *Executive Order No. 2025-05: The Idaho Act*, the Department of Finance conducted a review of its operations to identify opportunities for increased efficiency and cost savings through strategic staff realignment.

As a result of this review, the Department has elected to eliminate two full-time positions (FTP) that became vacant due to recent staff separations. Additionally, a third FTP—recently vacated due to retirement—will be reclassified and reassigned from the Department's Administration Section to fulfill essential duties in another area, thereby avoiding the need to backfill one of the eliminated positions.

- Securities Bureau Position: One of the eliminated positions previously provided administrative support within the Securities Bureau. Due to recent technological enhancements and a realignment of responsibilities among remaining staff, the Department has determined that this position is no longer necessary.
- Financial Institutions Bureau Position: The second eliminated position provided administrative support to the Financial Institutions Bureau. While the support functions remain essential—and have even expanded—the Department will meet these needs by reassigning the aforementioned retired FTP from the Administration Section. The duties of that administrative role have been redistributed among existing staff, allowing the Department to maintain service levels while reducing overall staffing.

These changes reflect the Department's commitment to the principles outlined in the Executive Order—streamlining operations, eliminating redundancy, and reallocating resources to better serve Idahoans.

A.In-State Travel

1. What are the primary reasons for the program's in-state travel?

Licensee Examinations and Investigations, and Financial Education

2. How does in-state travel support the program's mission, strategic goals, or statutory requirements

As a regulatory agency, compliance examinations, 'for-cause' examinations, and investigations of our 250,000 licensed entities directly support our mission of safeguarding the financial health of Idahoans through the appropriate oversight of diverse financial institutions, the education and protection of consumers, and fostering sensible innovation in the financial services market.

3. Are there changes to the program's anticipated in-state travel budget for fiscal year 2027? If so, please explain.

The Department has both scheduled examinations, and investigations or examinations that happen on an unscheduled basis. The latter are 'for-cause' investigations and examinations, which are notoriously hard to predict as they are based on complaints from the public or findings that we discover during our ongoing regulatory operations.

On the education side, we participate in several initiatives to educate Idaho citizens and vulnerable groups to the growing danger of deceptive frauds. We have special funds set up to pay for educating the citizens of Idaho in these areas. These education trips are planned but can receive triage scheduling if there is an upsurge in a specific type of fraud or area; something like elder fraud or affinity fraud.

B.Out-of-State Travel

1. What are the primary reasons for the program's out-of-state travel?

Training and Examination Travel

2. How does out-of-state travel support the program's mission, strategic goals, or statutory requirements

Our examiners and investigators work in highly specialized areas including state-chartered financial institutions, regulated lenders, securities issuers, broker-dealers and stockbrokers, residential

mortgage brokers, lenders, loan originators, investment advisers and sales personnel, collection agencies, endowed care cemeteries, and others.

All areas are in a constant state of change and innovation; many are out-of-state entities that want to do business in Idaho and require out-of-state travel for in-person examinations.

While we are mindful of trimming both budgets and travel budgets, significant expertise, training, qualification, and even accreditation is necessary to detect abnormalities in compliance with our twenty-two regulatory statutes across more than 15 specialized areas.

The Department is funded entirely by fees levied by law on the industries subject to its supervision.

3. Are there changes to the program's anticipated out-of-state travel budget for fiscal year 2027? If so, please explain.

We have specific mandatory training scheduled for each coming year; however, almost every year there is a hot spot area which requires more attention and thus specialized training; and example would be the constant increase in electronic fraud and financial computer crime.

Technology Purchase and Use Attestation Letter

Date: 8/18/2025

To: Department of Finance - 25000

Subject: Technology Purchase and Use Approval

The Office of Information Technology Services (ITS) attests that the technology identified in the Department of Finance IT Budget Packet has been reviewed and determined to meet statewide technology policies and standards for potential purchase and use by Department of Finance. This attestation is intended to provide documentation for the Division of Financial Management (DFM), the Division of Purchasing (DOP), or other oversight bodies that require confirmation of ITS review as part of budgeting, procurement, or technology decision-making processes. Data exports or downloads from the IT Budget Packet may be attached to this attestation letter when it is shared with DFM, DOP, or other oversight bodies as supporting documentation.

This attestation does not constitute a commitment by ITS to deploy, implement, or provide ongoing support for any technology included in the IT Budget Packet. It is not an endorsement of business need, nor does it imply that ITS recommends or requires any agency to adopt the solutions listed. The attestation solely reflects that the technologies identified are permissible for agency acquisition within the parameters of state IT policy and security standards.

This approval is contingent on adherence to the Office of ITS guidelines for operation, maintenance, and data security, as outlined in the applicable policy documents.

If you have any questions regarding this approval, please contact our office.
